

CASE STUDY

# Logic Air with CB Heating.

*“It was great to work alongside CB Heating for the installation of our Logic Air heat pump package. Providing the support needed to ensure an **easy and pain-free transition** to renewable heating.”*

[CLICK HERE TO WATCH THE INSTALLATION](#)

## The **Ideal** heat pump package combines three revolutionary products.

### 1. Monobloc heat pump:

Our quiet, compact and highly efficient monobloc heat pump.

### 2. Pre-plumbed heat pump cylinder:

Our industry leading pre-plumbed heat pump cylinder.

### 3. Halo Air:

The Halo Air heat pump thermostat.
