# Overview **Standard Account**

# Introduction to Ariba Network, Standard Account

Your customer is pleased to announce a new initiative to streamline their procurement and accounts payable processes. By partnering with **SAP Ariba®** and implementing **Ariba Network, Standard Account via interactive email**, this initiative indicates a shift to paperless and automated business transactions. Since 1996, Ariba has been transforming the global procurement landscape for businesses of all sizes, and we are excited to provide you with this opportunity.

## ➤ What is Standard Account?

Standard Account on Ariba Network gives you a fast, FREE way to do business with your customer via interactive emails. Standard Account was previously referred to as Light Account.

## ➤ What does this mean for you?

Transacting on Ariba Network via a FREE Standard Account will allow you to meet your customer's requirements to join them on Ariba Network with the option to avoid fees.

## ➤ What are the benefits?

Standard Account provides access to quickly transact with SAP Ariba customers for FREE, improve customer retention, and get paid faster.

# Next steps

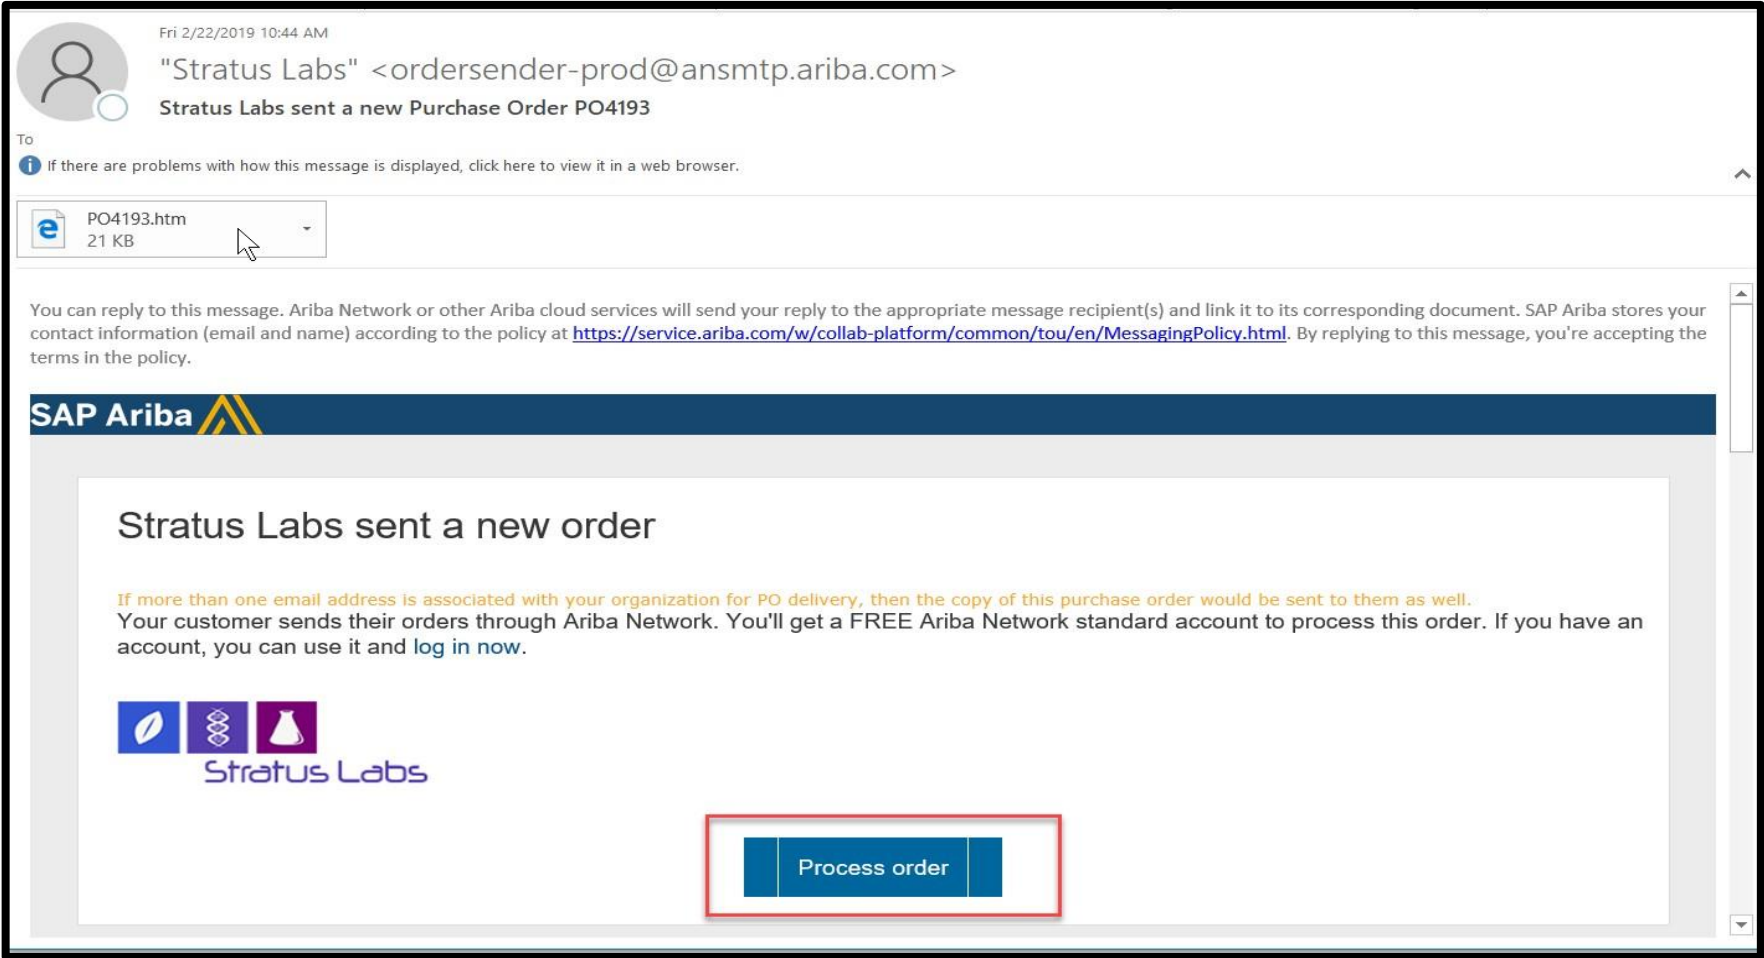

# Next Steps

# Receive Interactive Email Order from Customer

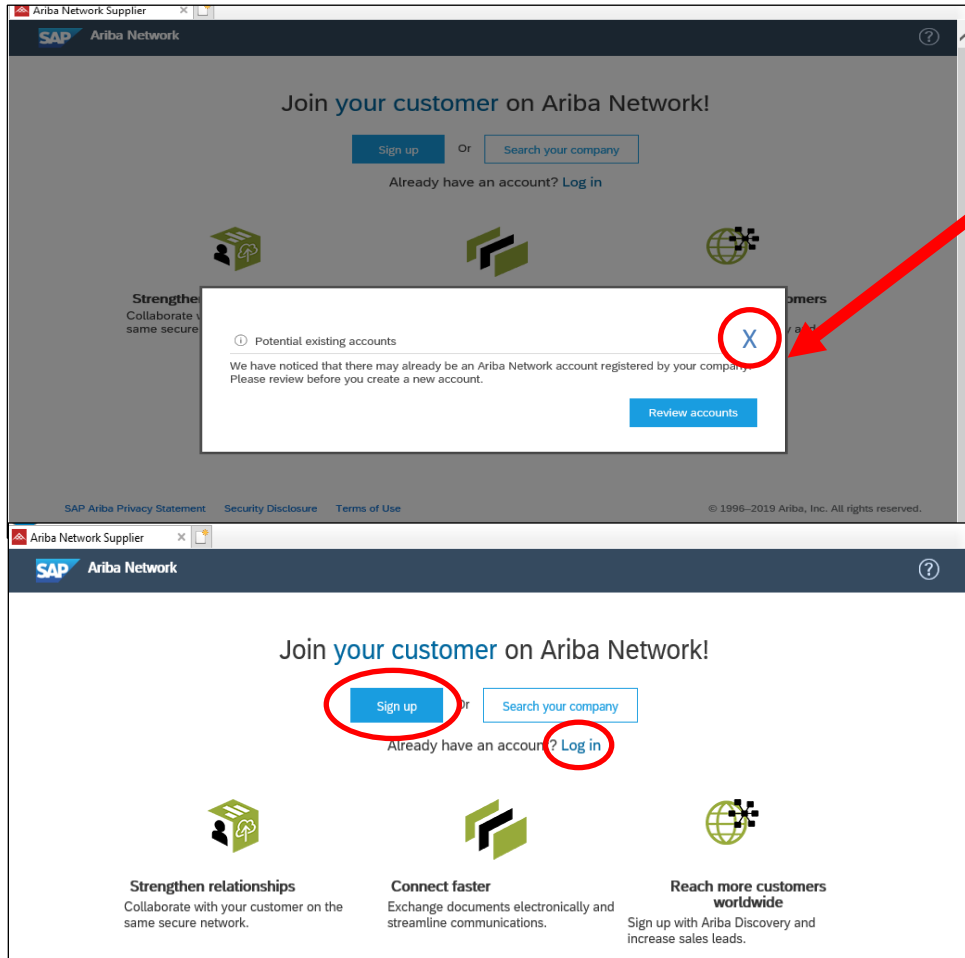

Click the **Process Order** button in the PO notification (interactive email)

Next step

# Sign Up for Standard Account or Log In to an existing account

The Ariba Network may alert you of existing accounts based on your contact information

Upon reaching the landing page, a pop-up message may alert you if your company has 'potential existing accounts.'

**Suppliers may click "X"** to close the pop-up to **Sign Up** for a new Standard Account or **Log In** to an existing account to establish the relationship with an existing Standard or Enterprise Account.

**Sign Up Note:** When signing up for a new account, you may also click the "X" to "sign up", or briefly review potential existing accounts; if you think you need to merge the account with another part of your company. From the review accounts screen (not shown here) you will have the choice to "go back" or "continue account creation" as well options to contact the administrator of any potential account. If this pop-up screen does not appear, please continue with the Sign up option.

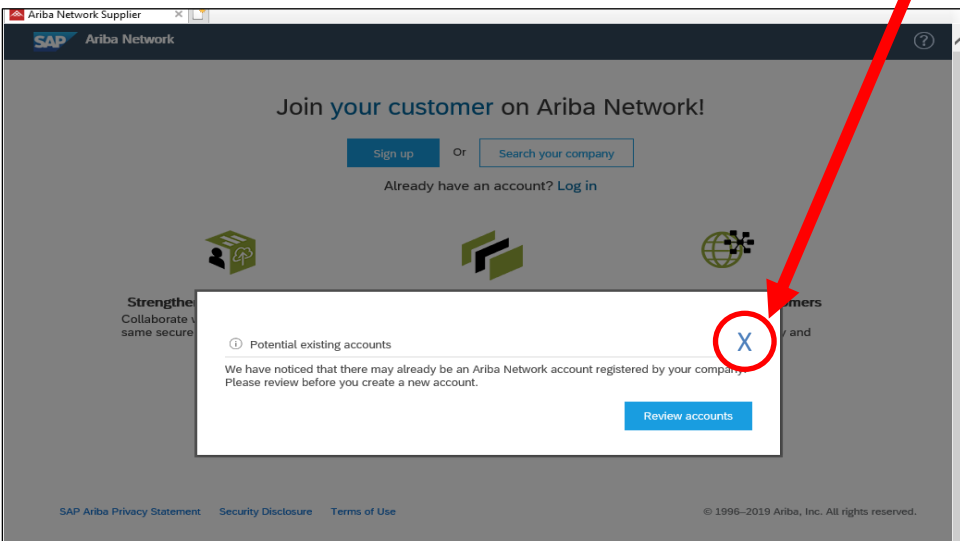

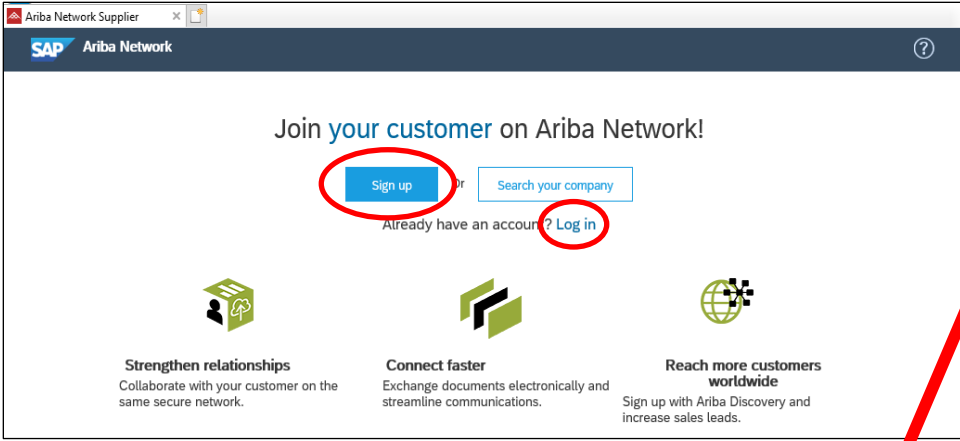

**Log In Note:** While signing into an existing account through this process, the type of account will result in your original existing account type. (i.e., if you are logging into an existing standard account the account will remain standard and if you are logging into an existing Enterprise Account the account will remain Enterprise.)

## 3 Accept Terms of Use and click on Register

I have read and agree to the [Terms of Use](#)

I have read and agree to the [SAP Ariba Privacy Statement](#)

Please note that your Standard Account is now registered and future POs will be sent through this account and the email designated. Please follow the next 2 slides to confirm or update where you would like your orders routed and to configure additional users.

[Next step](#)

# Configure Users

Administrators Only

1. In the upper-right corner of the application, click your initials > Settings and select Users.

**Note:** Admins must first create a role with specific permissions selected, to allow users to be “assigned” a role. In this example, you are creating a role to allow users the permission to process invoices and other documents.

2. Click on the **Create Role** button in the Manage Roles section
  - a. Enter Role name of choice (as it make sense to your or organization, e.g., AR, Invoicing, Invoice Processing, Reporting)
  - b. Enter a brief description for the role
  - c. **Add Permissions to the Role** that correspond to the user’s actual job responsibilities by checking the proper boxes and click save to create the role. In this example for Invoicing, **select** the below permissions, as applicable, and **Save**:
    - ✓ Inbox and Order Access
    - ✓ Invoice Generation
    - ✓ Outbox Access

3. **To Create a User** Click on Create User button and add all relevant information about the user including name and contact info.

Select a role in the Role Assignment section and Click **Done**.

The screenshot displays the SAP Ariba Network interface. At the top right, the user's initials 'JS' are highlighted with a red box and an arrow pointing to the 'Settings' menu in the left sidebar. The 'Users' menu is also highlighted with a red box and a '1' in a yellow circle. In the 'Manage Users' section, the 'Create User' button is highlighted with a red box and a '3' in a yellow circle. In the 'Manage User Roles' section, the 'Create Role' button is highlighted with a red box and a '2' in a yellow circle. Below this, the 'Create Role' form is shown with the following details:

- Name:** Invoice Processing (labeled 2a)
- Description:** Enter Role name of choice above (how it make sense to your or organization) and a description here. Choose the Permissions below and Save. Then assign a role to the appropriate users you create. (labeled 2b)
- Permissions:** A table with checkboxes for various permissions. The 'Inbox and Order Access', 'Invoice Generation', and 'Outbox Access' checkboxes are checked and highlighted with a red box and a '2c' in a yellow circle.

A text box on the right side of the screenshot reads: **Example User Account Setup for an Invoice Processing role**. At the bottom right, there is a yellow arrow pointing right with the text **Next step**.

# Transact with customer using Standard Account

- 1 Click on **Create Order Confirmation**, **Create Ship Notice**, or **Create Invoice** to get started.  
*NOTE: These options will vary depending on Buyer Network rule configurations/requirements*
- 2 If you need assistance, please refer to the articles in the Help Center (right-hand side in your Ariba Network Account) or at the bottom of the interactive email.

# Help

# Help Resources – Help Center

## Access the Online Help Center for assistance with your Standard Account

- Click the Help Center Link at the bottom of the Interactive Email or
- While logged into your Standard Account, click the Help Center link in the upper right corner to expand the panel and gain access to topics relevant to the current Ariba Network view

## The Help Center includes:

- A user community to access Standard Account specific content
- Video tutorials (e.g. Invoice Creation, Adding users to the Standard Account)

Online Help via Help Center: in-context proved via Ariba User Community

The screenshot displays the SAP Ariba Network Standard Account interface. The top navigation bar includes the SAP logo, 'Ariba Network', 'Standard Account', and an 'Upgrade' button. The main content area shows a 'Purchase Order: PO2017-05-23LAC005ID02' with various action buttons like 'Create Order Confirmation', 'Create Ship Notice', and 'Create Invoice'. The 'Order Detail' section provides information about the buyer (Buyer ABC (S)) and the supplier (ACME-LAC005 Inc (Supp)). The 'Payment Terms' section shows '0.5% 10 NET 30'. The 'Other Information' section includes 'Terms and Conditions' and 'Order Response Comment'. The 'Ship All Items To', 'Bill To', and 'Deliver To' sections provide contact details for different parties. The 'Line Items' section is partially visible at the bottom. On the right side, the 'Help Center' panel is expanded, showing a search bar and a list of help topics. A red box highlights the Help Center panel, and a red arrow points from the text box above to the Help Center link in the top right corner of the interface.

# Help Resources – 2 Web Links

Click both links below to explore Standard Account Support Links

## [Quick Videos & General Information in 24 languages](#)

The screenshot shows the SAP Ariba Network standard account page. At the top, a language selection menu is highlighted with a red box, listing 24 languages including English, Spanish, and Chinese. Below the header, the page title reads "Ariba Network, standard account capability lets you quickly transact with SAP Ariba buyer customers for free." A red arrow points from the text "Quick Videos in multiple languages" to two links: "Register and reply to your customer" and "Send an invoice from a standard account", both also highlighted with red boxes.

## [Documentation Deep Dive in 24 Languages](#)

The screenshot shows the SAP Ariba documentation page for standard accounts. It features a "Welcome to your SAP Ariba Network Standard Account" section with a diagram of a user interacting with a system. Below this, a grid of 12 icons provides quick access to various support topics: Video tutorials, Register, Upgrade, Configure account, Process order, Invoice, Lost PO email, Find order, Payment, Rejected invoice, Contact your buyer, and Add new customer.

# FAQ

# FAQ

## **Q: What is Standard Account capability on Ariba Network?**

A: Ariba Network, Standard Account capability is a new, fast, free way to automate business with any buyer. Support for most transaction types helps maximize efficiency and meet buyer compliance requirements. There is no need to upgrade, unless you are ready for advanced capabilities such as support beyond 'self-service only' for catalogs, back-end integration or to manage larger document volumes through online access.

## **Q: How can I access this new capability?**

A: Your customer must send you a Standard Account invitation to transact with them using this methodology. Or if you self register on Ariba Network, SAP Ariba Discovery or you are invited to SAP Ariba Sourcing solutions and do not have or use an existing account (ANID) you can register & will be started at the Ariba Network, Standard Account capability level. In the latter case you will not exchange orders & invoices with your customer unless they establish a relationship with your account first but you can use other functionality.

## **Q: What document types are supported for this free account?**

A: Suppliers transact unlimited documents such as orders, order confirmation (OC), advance ship notices (ASN), and service entry sheets (SES), PO-invoices using PO-Flip (convert orders into an e-invoice with the simple click of a button), non-PO invoices and credit memos, invoice status notifications, payment proposals, and remittance details.

## **Q: What if I have already signed up for Ariba Network? Can I switch to Standard Account?**

A: If you are already using Ariba Network with a buyer, we recommend that you continue using this transaction method. There is no direct way to change an Ariba Network subscription (Enterprise account) to a Standard Account.

## **Q: Am I required to register on Ariba Network to use Standard Account?**

A: Yes. You will be sent an interactive email from your buyer. To respond you must register for a free Standard Account. This free account is not the same as a Enterprise Ariba Network account. You only need to upgrade to a enterprise account on Ariba Network when you determine that you desire the additional functionality.

# FAQ

## Q: How do I invoice a purchase order if I lose the email notification?

A: If you misplace a purchase order (PO) email notification, you have the following options:

- Resend the PO email: Log in to your [Ariba Network](#) Standard Account. In the PO list on the home dashboard of your account, click *Select > Send me a copy* to take action in the *Action* column next to the PO.
- Request a manual copy of the PO from your customer: After you have a copy of the PO, you can create and submit a non-PO invoice.  
*NOTE: The buyers ability to receive non-PO invoices will vary depending on their Buyer Network rule configurations/requirements.*

## Q: How do I create documents against purchase orders from my customer?

A: To process a purchase order, you need to click the *Process Order* button in the purchase order email notification.

After you [register](#) or log in to your Ariba Network Standard Account, you are taken to the purchase order details page, where you can create documents like order confirmations, ship notices, and invoices against the purchase order.

## Q: How do I add purchase orders to my existing Ariba Network Account?

A: If you've previously registered a Standard Account or enterprise account on Ariba Network to transact with a different customer, you have the option to add the transactions with your new customer to your existing account.

To add your new purchase orders to your existing account:

1. In the purchase order email notification, click *Process order* and then click *Log in* on the Standard Account landing page.
2. Log in with the administrator username and password for the existing account.

## Q: What should I do if my registration confirmation link is expired?

A: If the confirmation link expired immediately after receiving the email, please log in to your account directly at <https://supplier-2.ariba.com>.

If the confirmation is accepted, you will be able to view your account. If you are unable to access your account, you can request to resend the confirmation email.
