MOTIVA

BASE OILS

Designed for Flexibility.

NOW COVERING:
PC-12 SAE 5W-40 & SAE 5W-30

PC-12 readiness starts with the right **FOUNDATION**

Aramco product slates are designed to enable PC-12 readiness across key viscosity grades. From SAE 15W-40 to SAE 5W-30, the portfolio supports a consistent and reliable product lineup.

A simpler path to PC-12

As the industry transitions to the next heavy-duty specification, customers need solutions that reduce complexity while maintaining performance.

Aramco aligns base oil capabilities with evolving PC-12 requirements to support both conventional and advanced formulations.

Delivering Value Where It Matters

VISCOSITY GRADE COVERAGE

Support your PC-12 lineup across all key grades.

CL-4 SAE 15W-40 | 10W30 | 5W-40 | 5W30
FB-4 SAE 5W-30

FORMULATION FLEXIBILITY

Optimize blends to meet evolving performance and formulation objectives.

STREAMLINED LOGISTICS

Simplify development and expand efficiently across product lines.

Your Transition Partner

Aramco product slates are designed to support long-term formulation strategies with flexibility, consistency, and reliability.

Backed by the strength of Aramco's integrated base oils portfolio, Motiva helps customers navigate evolving formulation requirements with the flexibility, consistent quality, and reliable supply needed for long-term success.

Let's build your PC-12 strategy together

Connect with our team to evaluate your formulations and define a path to full PC-12 readiness.
