Lilly

POLITICAL
CONTRIBUTIONS

Government actions such as price controls, pharmaceutical manufacturer rebates, the Prescription Drug User Fee Act (PDUFA), and access to Lilly medicines affect our ability to invest in innovation. Lilly has a comprehensive government relations operation to have a voice in the public policymaking process at both the state and federal levels. Lilly is committed to participating in the political process as a responsible corporate citizen to help inform the U.S. debate over health care and pharmaceutical innovation. As a company that operates in a highly competitive and regulated industry, Lilly must participate in the political process to fulfill its fiduciary responsibility to its shareholders, and its overall responsibilities to its customers and its employees.

Corporate Political Contribution

Elected officials, no matter what level, have an impact on public policy issues affecting Lilly. We are committed to backing candidates who support public policies that contribute to pharmaceutical innovation and healthy patients. A number of factors are considered when reviewing candidates for support. The following evaluation criteria are used to allocate political contributions:

- Has the candidate historically voted or announced positions on issues of importance to Lilly, such as pharmaceutical innovation and health care?
- Has the candidate demonstrated leadership on key committees of importance to our business?
- Does the candidate demonstrate potential for legislative leadership?
- Is the candidate dedicated to improving the relationship between business and government?
- Does the candidate represent a state or district where Lilly operates a facility or has a large concentration of employees or retirees?
- Would Lilly support have an impact on his or her campaign?

It is against company policy for any company funds, property, or employee services to be used or authorized to support any candidate for political office, political party, official, or committee unless the support is permitted by law and approved by the appropriate company representatives. Lilly corporate political contributions are made in accordance with a budget for company political contributions. This budget is determined annually and allocated by state. Throughout the year, members of the company's government affairs organization bring forward specific recommendations for company political contributions. The Chief Financial Officer or his designee and General Counsel of the company or his designee must approve U.S. corporate political contributions before they are made. The government affairs group manages the process for delivery of contributions so approved.

LillyPAC Contributions

In addition to corporate political contributions, Lilly also enables voluntary eligible employee participation by sponsoring a Political Action Committee -- LillyPAC. The LillyPAC Governing Board (the Board) oversees all contributions made by LillyPAC. The Board is comprised of 13 U.S.-based employees who represent components throughout the company.

LillyPAC contributions are made in accordance with a budget, which is determined annually by the Board. The Board utilizes the same corporate contribution criteria outlined above for determining LillyPAC contributions. LillyPAC support is divided between federal and state candidates. Throughout the year, members of the company's government affairs organization and employee LillyPAC members may bring forward specific recommendations for LillyPAC contributions. LillyPAC contributions are not required to be approved separately by the Chief Financial Officer or General Counsel of Lilly.

LillyPAC is funded by voluntary contributions from eligible employees. All disclosure requirements are met that apply to LillyPAC. LillyPAC contribution data are available to the public on the Federal Election Committee (FEC) website (www.fec.gov), through the individual states' agencies, and on the Lilly website at www.lilly.com.

Social Media

Lilly has created a blog called LillyPAD (www.lillypad.lilly.com). LillyPAD was created to begin a dialogue with the public on matters that are important to Lilly and those following the biopharmaceutical industry. LillyPAD focuses on public policy issues, corporate responsibility

initiatives, advocacy efforts, and the important work conducted by Lilly employees every day to make the world a healthier place to live. LillyPAD creates the opportunity for two-way conversations.

Lilly also founded The Campaign for Modern Medicines (www.modernmedicines.com). The Campaign for Modern Medicines believes that patients deserve timely access to breakthrough medicines and that the U.S. should be the global leader in discovering and delivering these new lifesaving cures and treatments. The Campaign for Modern Medicines is an organization of like-minded individuals, advocacy organizations, and businesses who advocate to policymakers in support of issues that promote these goals.

Memberships

In addition to direct political contributions, Lilly also maintains memberships in organizations that report lobbying activity to the U.S. federal government. Lilly is committed to supporting organizations that champion medical innovation. Lilly contributed \$50,000 or more per year to the following organizations in 2011. Organizations where the company has a board seat are noted to reflect the greater degree of involvement in setting priorities for those organizations.

Memberships in 2011 include:

Animal Health Institute (board seat), Biotechnology Industry Organization (board seat), Business Roundtable, Central Indiana Corporate Partnership (board seat), Greater Indianapolis Chamber of Commerce (board seat), Healthcare Leadership Council (board seat), Indiana Chamber of Commerce (board seat), National Association of Manufacturers (board seat), PhRMA (board seat), and US Chamber of Commerce.
