

2016 LILLY REPORT
OF POLITICAL
FINANCIAL SUPPORT

Lilly

Lilly employees are dedicated to innovation and the discovery of medicines to help people live longer, healthier and more active lives, and more importantly, doing their work with integrity. LillyPAC was established to work to ensure that this vision is also shared by lawmakers, who make policy decisions that impact our company and the patients we serve.

In a new political environment where policies can change with a “tweet,” we must be even more vigilant about supporting those who believe in our story, and our PAC is an effective way to support those who share our views.

We also want to ensure that you know the story of LillyPAC. Transparency is an important element of our integrity promise, and so we are pleased to share this 2016 LillyPAC annual report with you.

LillyPAC raised \$949,267 through the generous, voluntary contributions of 3,682 Lilly employees in 2016. Those contributions allowed LillyPAC to invest in 187 federal candidates and more than 500 state candidates who understand the importance of what we do.

You will find a full financial accounting in the following pages, as well as complete lists of candidates and political committees that received LillyPAC support and the permissible corporate contributions made by the company. In addition, this report is a helpful guide to understanding how our PAC operates and makes its contribution decisions.

On behalf of the LillyPAC Governing Board, I want to thank everyone who has made the decision to support this vital program. Thank you for your commitment to our company and the patients we serve. It is making a positive difference.

MIKE HARRINGTON

SR. VICE PRESIDENT - GENERAL COUNSEL & LILLYPAC CHAIRMAN

PUBLIC POLICY

As a biopharmaceutical company that is working to discover and bring life-changing medicines to those who need them, Lilly plays a significant role in public health and its related policy debates. It is important that our company shapes global public policy debates on issues specific to the patients we serve and to our other key stakeholders, including shareholders and employees. Our engagement in the political arena helps address the most pressing issues related to ensuring that patients have access to needed medications—leading to improved patient outcomes. Through public policy engagement, we provide a way for all of our locations globally to shape the public policy environment in a manner that supports access to innovative medicines. We engage on issues specific to local business environments.

Based on our company's strategy and the most recent trends in the policy environment, our company has decided to focus on the following key areas: health care reform, intellectual property, trade, tax reform, value-based pricing, and biosimilars. More detailed information on key issues can be found in our *2016 Integrated Report* and on Lilly.com.

Through our policy research, development, and stakeholder dialogue activities, Lilly develops positions and advocates on these key issues.

U.S. POLITICAL ENGAGEMENT

Government actions such as price controls, pharmaceutical manufacturer rebates, and access to Lilly medicines affect our ability to invest in innovation. Lilly has a comprehensive government relations operation to have a voice in the public policymaking process at the federal, state, and local levels. Lilly is committed to participating in the political process as a responsible corporate citizen to help inform the U.S. debate over health care and pharmaceutical innovation. As a company that operates in a highly competitive and regulated industry, Lilly must participate in the political process to fulfill its fiduciary responsibility to its shareholders, and its overall responsibilities to its customers and its employees.

When engaging in lobbying efforts or making political contributions, we comply with the laws that govern such activities. All financial support and lobbying activity are overseen at the Board level by the Public Policy and Compliance Committee (PPCC), which is composed entirely of outside directors. The PPCC members receive a copy of the "Lilly Report of Political Financial Support" annually and a detailed briefing on company political engagement every two years in alignment with the U.S. election cycle.

We lobby and make political contributions only where allowed under law. All decisions are made without regard for the private personal preferences of the company's

officers and executives. All of our employees must also comply with the policies in our written “Code of Business Conduct,” The Red Book, which includes Lilly’s core values, legal obligations, and global policies, including our “Global Policy on Political Financial Support and Involvement.” All individuals who recommend political contributions in the U.S. are trained on our policies on corporate political contributions and LillyPAC contributions.

FINANCIAL SUPPORT

Elected officials, no matter what level, have an impact on public policy issues affecting Lilly. In the U.S., we are committed to backing candidates of any party who support public policies that contribute to the health needs of the patient, pharmaceutical innovation, and the interests of our company. In addition to disclosing support for individual candidates and independent expenditures, Lilly will disclose any company contributions to the political process via 527 organizations (e.g., political action committees for individuals or parties). Lilly will only fund other non-candidate expenditures by exception (e.g., certain ballot initiatives) and those contributions will be disclosed. The General Counsel and the Chief Financial Officer, or their designees, must approve all corporate political contributions before they are made.

Our annual “Report of Political Financial Support” provides details of our company’s independent-political contributions; the activities of our political action committee, LillyPAC, which is funded solely by eligible employee contributions; and the governance processes for both. The LillyPAC Governing Board (the board) oversees all contributions made by LillyPAC. The board is comprised of 13 U.S.-based employees who represent components throughout the company. LillyPAC meets all disclosure requirements and is audited annually by Ernst and Young.

LOBBYING

Lilly invests in direct lobbying efforts at the federal, state, and local levels to educate policymakers on the specific implications that various legislation may have on the company, our community, and patients. Information on our federal lobbying activities is reported to the U.S. Congress in accordance with the Lobbying Disclosure Act of 1995. Information on our state lobbying activities is reported as required in those states where we engage in lobbying activities.

We support organizations that champion public policies that contribute to pharmaceutical innovation, healthy patients, and a healthy business climate. The “Lilly Report of Political Financial Support” also notes our memberships in trade associations that report lobbying activity to the U.S. government and to which we contribute \$50,000 per year or more. Organizations where Lilly has a board seat are also noted.
