

DEOS BPA: Delivering Solutions at the Speed of Innovation

The DEOS BPA is a powerful 10-year contract vehicle that drives cloud technology with industry-leading applications, next-generation intelligent cloud services, and world-class security.

DEOS BPA Goals:

Efficiency	Modernization	Security
Streamlines the acquisition workflow saving time and money	Satisfies the DOD Modernization Strategy and DOD Cloud Strategy	Protects data by accelerating zero-trust solution architecture
Optimizes the delivery of solutions, ensuring mission agility for all-domain challenges	Modernizes legacy environments for the warfighter enabling the DOD to collaborate effortlessly	Ensures DOD success by safeguarding data and securing sensitive information

Why DEOS BPA?

As the global adversarial landscape evolves, our warfighters require solutions to meet the increasing demands of the mission. The DEOS BPA fast-tracks DOD mission-critical efforts through strategic modernization

A quick onboarding process that aligns goals with contract services

An enterprise-wide Cloud Services contract vehicle for all of DOD

An agile easy button for services in a single-award, FFP contract vehicle

Runway and revenue cap available with the POP extending to 2030

DEOS BPA Services:
