FIDO TERMS OF SERVICE

1. Introductory Information

a. How do the Fido Terms of Service apply to me?

These Fido Terms of Service (“**Terms**”) govern your use of:

- i. the Fido services that you subscribe to or purchase under a service agreement or receive from or through Fido, including mobile and home services (“**Services**”); and
- ii. any device or equipment used to access the Services or used with the Services (“**Equipment**”).

In these Terms, “**Fido**”, “**us**”, “**we**” and “**our**” means Fido, operated by Rogers Communications Canada Inc.

b. How do the Fido Terms of Service work with my service agreement and other materials made available to me?

These Terms work together with the following materials to form your complete agreement (“**Agreement**”) with us, and provide you with the important information you need to help you fully understand your Services:

- i. Your **service agreement** for the specific Service you subscribe to (such as a mobile service agreement or home service agreement).
- ii. Our **Acceptable Use Policy**, which sets out the rules, policies and limits you must abide by when using the Services. Our Acceptable Use Policy lists examples of prohibited activities and unlawful or inappropriate content and gives us the right to remove content and/or suspend or terminate your Services if you violate the policy.
- iii. Our **Privacy Policy**, which sets out our policies in relation to the collection, use and disclosure of your personal information. Our Privacy Policy details why we collect customer information, how we use it and how we share it, and specifies how to contact us if you would like more information on our personal information handling practices.
- iv. Any **additional terms and conditions** that may apply to a specific Service that you subscribe to or use.
- v. Any **Fido material describing your Services or products you purchase**.

Your Agreement, with any amendments, is the entire agreement between you and Fido for the applicable Services. If there is any inconsistency between the materials listed above and these Terms, these Terms will prevail.

c. Who is responsible for complying with the Agreement?

You, as account holder, are responsible for complying with the Agreement. Among other things, you are responsible for:

- i. all charges on your account;
- ii. ensuring that anyone who uses Services under your account or with your authorization complies with the Agreement;
- iii. ensuring that others do not gain unauthorized access to your account and your Services, including by protecting the security of any user names or passwords relating to your account;
- iv. ensuring that any information you have provided to us is up-to-date and accurate, and to let us know if it changes.

d. May I transfer my Agreement to someone else?

You will need our prior permission if you want to assign or transfer an Agreement. We may assign or transfer an Agreement or any of our rights or responsibilities under an Agreement without notice or your permission.

2. Service Term, Changes and Cancellation

a. What are the categories of Services covered by my Agreement?

The Services are categorized as follows:

- i. “**Term Services**” are Services that you subscribe to for a committed period of time as indicated on your applicable service agreement (“**Term**”);
- ii. “**Month-to-Month Services**” are Services that you subscribe to on an ongoing basis, but not with a Term; and
- iii. “**Pay-Per-Use Services**” are Services that you use on a per-usage basis (which may be a one-time usage, or usage for a set period of time, such as one day or one week), but not on an ongoing basis.

b. What is the term of my Agreement?

The term of each Agreement starts on the initial activation date of the Services or the Equipment, whichever is earlier (“**Activation Date**”). On your Term expiry date for a Term Service, the Service will automatically become a Month-to-Month Service and you will keep your existing Service and Agreement with us until they are changed or cancelled in accordance with these Terms.

c. Can Fido change my Services or my Agreement?

Yes, Fido may change your Services or Agreement as described below.

Not applicable to residents of Québec*:

For mobile Services: We may change any aspect of a Month-to-Month Service and the corresponding Agreement, as long as we give you at least **30** days’ prior written notice. We may also change aspects of a Term Service and the corresponding Agreement, other than a key term as defined in the Canadian Radio-television and Telecommunications Commission’s (CRTC) Wireless Code, upon at least **30** days’ prior written notice to you. In either case, we will send you the written notice by bill message, text message, letter, e-mail or by message to your My Account inbox available at fido.ca, and it will explain the change and when it will take effect.

For internet Services: We may change any aspect of a Month-to-Month Service and the corresponding Agreement, as long as we give you at least: (i) **60** days’ prior written notice for a change to a key term (as defined in the CRTC’s Internet Code), or (ii) **30** days’ prior written notice for a change to any other term. We may also change aspects of a Term Service and the corresponding Agreement, other than a key term, upon at least **30** days’ prior written notice to you. In either case, we will send you the written notice by bill message, text message, letter, email or by message to your My Account inbox available at fido.ca, and it will explain the change and when it will take effect.

For other Services: We may change any aspect of a Month-to-Month Service or Term Service as well as any term or provision of an Agreement, upon prior written notice to you by bill message, text message, letter, e-mail or by message to your My Account inbox available at fido.ca. If you do not accept the change, your remedy will be to cancel the affected Services or Agreement by providing us with notice of cancellation under Section 2(e) below within **30** days of receiving our notice of change (unless we specify a different notice period or different remedy).

For Pay-Per-Use Services: Pay-Per-Use Services are subject to availability and may be changed or cancelled by Fido at any time without prior notice to you.

Applicable only to residents of Québec*: We may change any aspect of a Month-to-Month Service and the corresponding Agreement, as long as we give you at least **30** days’ prior written notice (**60** days’ notice for a key term, as defined in the CRTC’s Internet Code, of an Internet service or corresponding Agreement). We may also change a Term Service and the corresponding Agreement upon at least **30** days’ prior written notice, but will not change the price, term, nature or any other essential elements or key terms (as defined in the CRTC’s Wireless and Internet Codes) of that Term Service or that Agreement. In either case, we will send you the written notice by bill message, text message, letter, e-mail or by message to your My Account inbox available at fido.ca. The written notice will be clear and legible, to the exclusion of any other text and will contain the

new or amended term or provision, the former version of that term or provision (if applicable), the date that the amendment will come into force, and your rights. If a change to a Month-to-Month Service or a Term Service entails an increase in your obligations or a decrease in our obligations and if you do not accept that change, your remedy will be to cancel the affected Services or Agreement without an Early Cancellation Fee (defined below) by providing us with notice of cancellation under Section 2(e) below no later than **30** days after the amendment takes effect.

For Pay-Per-Use Services: Pay-Per-Use Services are subject to availability and may be changed or cancelled by Fido at any time without prior notice to you.

d. May I change my Services?

You may change your Services at any time by contacting us in any of the ways set out in Section 10(e) below. You may be subject to an administrative charge in accordance with Section 3(d) below. Please note that if you wish to change a Service, you may only be able to change to a Service that is currently available in market. Also please note that any Service you remove may no longer be available for the price that you currently pay, or at all.

e. How can I cancel my Services and when does cancellation take effect?

You may cancel any or all of your Services and any corresponding Agreement at any time by calling us at the telephone number set out in Section 10(e) below. Cancellation takes effect on the day that Fido receives notice of the cancellation, or a future date specified in that notice (if applicable), whichever is later. Applicable charges continue until that date. However, if you only cancel an add-on, cancellation will take effect on your next billing date for that add-on and applicable charges will continue to apply until your next billing date for that add-on, unless otherwise indicated. If your final bill results in a credit balance on your account: most credit balances will be refunded to your credit card on file or a cheque will be mailed to the billing address associated with your account. However, for credit balances under or over a specified amount, you must contact us to process your refund. Visit fido.ca/refund for details on our current credit balance refund processes.

f. Will I be charged an early cancellation fee if I cancel my Service(s)?

If you subscribe to a Term Service that you cancel before the end of its Term, you will be charged an early cancellation fee as described in the service agreement for that Term Service (“**Early Cancellation Fee**”).

g. What happens if I transfer my Service(s) to another service provider?

Transferring your Service(s) to another service provider is a cancellation of the applicable Service(s) and an Early Cancellation Fee may apply if the transfer results in the cancellation of a Term Service before the end of its Term. Any Service remaining on your account may be removed and/or transferred to a comparable Service plan if the Service or pricing becomes unavailable as a result of the transfer.

h. Can Fido cancel my Services and when does cancellation take effect?

Fido may cancel any or all of your Services or accounts and any corresponding Agreement, as long as we give you at least **30** days’ prior written notice (if you are a resident of Québec, **60** days’). Applicable charges continue until the cancellation date. For residents of Québec who have subscribed to a Term Service, we may cancel that Service only if you are in serious or repeated breach an Agreement (including for non-payment) or for another serious reason, including if we no longer have the technical ability to provide that Term Service. Visit fido.ca/refund for details on our current credit balance refund processes.

i. Can Fido suspend or cancel my Services without notice?

We may restrict, suspend, block, disconnect or cancel any or all of your Services, Equipment, accounts or identifiers in any way, including 9-1-1 service, without notice or liability to you, if:

- i. you are in breach of an Agreement, including for non-payment;

- ii. you exceed your credit limit;
- iii. you fail to provide or maintain a reasonable security deposit or other credit requirement when we ask you to;
- iv. you agree to a deferred payment arrangement with us and fail to comply with its terms;
- v. you exceed our reasonable usage limits;
- vi. you have given us false, misleading or outdated information;
- vii. we reasonably suspect or determine that any of your account, identifiers, Services or Equipment is the subject of fraudulent, unlawful or improper usage or usage that adversely affects our operations or the use of our services, facilities or networks or those of third parties with whom we have roaming or network sharing agreements;
- viii. you harass, threaten or abuse us or our employees or agents;
- ix. you fraudulently or improperly seek to avoid payment to us;
- x. we need to install, maintain, inspect, test, repair, remove, replace, investigate, protect, modify, upgrade or improve the operation of the Services, the Equipment or our facilities or networks;
- xi. any account or service on which your Services depend is cancelled for any reason; or
- xii. we reasonably believe that there is an emergency or extreme circumstance that would warrant that action.

If we restrict, suspend, block, disconnect or cancel your Services or accounts:

- i. you must pay any amounts owing;
- ii. we may also restrict, suspend, block, disconnect or cancel, without notice or liability, your Services under any other agreement or account that you may have with us or a Fido affiliate (including accounts that may be in good standing);
- iii. you may be charged for any costs incurred by us or any Fido affiliate in connection with your breach of these Terms, including costs incurred to enforce your compliance;
- iv. your access to emergency or accessibility services (e.g., 9-1-1) may also be restricted, suspended, blocked, disconnected or cancelled;
- v. your rates for services with Fido affiliates may change in accordance with the terms of those services; and/or
- vi. recurring service charges continue to apply during any suspension of Services.

j. Will these Terms still apply once my Services are cancelled?

Certain provisions of these Terms may still apply as they may still be relevant even after cancellation of all your Services. Specifically, Sections 1(b)-(d), 2(e)-(j), 4(b)-(c), 5(c), 6(d) and (f), 9, 10(b)-(d) and the arbitration provisions of Section 10(a) will continue to apply to you after cancellation of your Agreement.

3. Account, Charges and Billing Information

a. How does Fido bill me for Services?

You will receive separate bills for your mobile Services and home Services. Service charges will start on the Activation Date and are billed in advance. Unless we both agree to a different arrangement, your billing period runs for one month, and ends on the bill date noted on the top of your bill. Your Activation Date and billing period won’t always start on the same day. When this happens, your Service charges and allotted usage are pro-rated for the period between your Activation Date and your bill date. Usage charges, such as additional data, airtime, long distance and roaming are billed after you use them. We may bill you for a charge up to **6** months from the date the charge was incurred.

b. When is my bill payment due?

Charges on your account are due and payable in full from the date of your bill. If you are paying by

mail or through a financial institution, please allow adequate time for your payment to reach us before the required payment date. You are responsible for all charges on your account.

c. What if I don't pay my bill on time?

If we do not receive payment of an amount due on your account by the specified required payment date, it will be subject to a late payment charge of **3%** per month. This late payment charge will accrue on a daily basis and will be calculated and compounded monthly on the outstanding amount (**42.58%** per year) from the date of the first bill on which it appears until the date we receive that amount in full. You agree that we can charge any unpaid and outstanding amount, including any late payment charges, on any pre-authorized payment method on your account (e.g., a credit card or bank account withdrawal).

d. Will I be subject to any administrative charges?

We may apply administrative charges in connection with your account, including as a result of the following:

- i. price plan change;
- ii. phone number (or other identifier) change;
- iii. transfer of Service;
- iv. bill reprint requests;

Not applicable to residents of Québec*:

- v. collection efforts due to non-payment;
- vi. returned or rejected payments; and/or
- vii. the restoral or suspension of Service.

A list of these charges is available on request, or at fido.ca/charges, and forms part of these Terms.

e. What if I do not understand or disagree with a charge on my bill?

Any questions or discrepancies regarding charges must be reported to us within **90** days of the date of the applicable bill. Failure to notify us within this time period means that you have accepted those charges. If any of those discrepancies resulted in unauthorized or incorrect charges on your account, then we will reverse those charges within **30** days of receiving notice from you.

f. How do discounts and promotions work?

We will apply a discount, promotion or benefit to your account as long as you remain eligible for it. We may check your eligibility from time to time, and if you become ineligible to receive that discount, promotion or benefit for any reason, we may remove it and/or transfer your Service to a comparable Service plan, without prior notice.

g. How is mobile local and long distance* airtime charged?

Local and long distance airtime charges are rounded up to the next full minute. A one-minute minimum charge applies to every completed call (made or received). The airtime for the entire call is charged based on the applicable rate at the beginning of the call. Airtime charges (plus long distance, if applicable) apply to completed or answered calls from the moment you press SEND until you press END and includes the ring time. For international calls or while roaming, you may be charged regardless of whether the call is completed.

h. How does Fido determine if I'm on a long distance mobile call?

Mobile local calling areas are the areas in which you can make or receive calls without incurring long distance charges. Mobile calls are defined as local or long distance based on local calling areas. Your location at the time of the call, your mobile phone number and the phone number called are all important factors in determining local calling areas and mobile long distance. Your "Incoming Local Calling Area" is based on the geographical location associated with your mobile number. All calls that you receive while you are in your Incoming Local Calling Area are local. All calls that you receive

while you are outside your Incoming Local Calling Area are long distance. Your "Outgoing Local Calling Area" is determined by your physical location. If you dial a number that is local to your physical location, then it is a local call. If you dial a number that is long distance to your physical location, then it is a long distance call. When using Call Forwarding, long distance charges apply when the number to which you forward the call is outside the geographical location associated with your mobile number, regardless of your physical location. Visit fido.ca/longdistance for current long distance rates.

4. Deposit and Credit Requirements

a. Does Fido require security deposits or other payment or credit requirements?

Yes, we may require a security deposit or impose other payment or credit requirements such as interim payments, mandatory prepayments, or pre-authorized payments.

b. How are security deposits used?

Any security deposit you provide to us will be kept for at least **12** months, unless your Services are cancelled sooner. After **12** months, we may release and apply the security deposit against your account balance if we determine that your payment history has been satisfactory or that you have otherwise met our financial criteria for the return of the security deposit. We may apply your security deposit toward your account if you do not pay your bill and we may require you to replenish the security deposit after use. We will notify you when we apply all or part of any security deposit. We will return to you any security deposit with applicable interest within **30** days of cancellation of your Services or once we have determined that the conditions for returning the security deposit have been met.

c. Will I earn any interest on security deposits?

Yes, you will earn interest on your security deposit with us, using the Bank of Canada's overnight rate in effect at the time, plus **1** percent, on the basis of the actual number of days in a year, accruing on a monthly basis. Interest is earned starting from the date we collect a security deposit from you (but no earlier than required under applicable legislation or regulation) until the date we return it to you.

d. Will Fido impose a credit limit on my account?

Upon notice to you, we may assign or change a credit limit on your account at any time. Service may be suspended at any time to any and all of your accounts if your balance, including unbilled usage and pending charges, fees and adjustments, exceeds this limit. Recurring service charges continue to apply during any suspension of Services.

5. Your Use of the Services

a. Do I own my phone number?

You do not own any phone number, e-mail address or other identifier assigned to you. Fido cannot guarantee that these identifiers will never be changed, but we will only change them when necessary in extreme circumstances and will make a reasonable attempt to notify you in advance of the change. Fido may provide Services through other identifiers when necessary.

b. Does Fido monitor the content that I transmit when I use the Services?

We have the right, but not the obligation, to monitor or investigate any content that is transmitted using the Services (other than voice Services) or the Equipment. We may also access or preserve content or information to comply with legal process in Canada or foreign jurisdictions, operate the Services, ensure compliance with an Agreement, or protect ourselves, our customers or the public.

c. What are my responsibilities relating to the Services, and Fido or third party software or content?

All trademarks, copyright, brand concepts, names, logos and designs that we use are intellectual

property assets, registered or otherwise, of or used under license by Rogers Communications Inc. or of one of its affiliates. All are recognized as valuable assets of their respective owners, and you may not display, copy or use them in any manner for commercial or any other purpose.

The Services and any software or content that you receive or purchase through Fido or our third party storefronts is for your own personal, lawful, non-commercial use. You agree that you will only use the Services and this software and content in accordance with your applicable Agreement and any applicable licence agreements.

Without limiting the previous paragraph, please note that you may not:

- i. copy, distribute, transfer or sell any of the Services or this software or content;
- ii. modify, alter or tamper with any of the Services or this software or content;
- iii. reverse engineer, decompile or disassemble any of this software;
- iv. attempt to defeat, avoid, by-pass, remove, deactivate or otherwise circumvent any software protection mechanisms.

The Services and this software and content remains our property or that of our licensors or content providers, as applicable. Except for the limited rights explicitly granted to you, all right, title, interest and intellectual property rights in and to the Services and this software and content are retained by their respective owners and are protected by applicable trademark, copyright and/or other intellectual property laws and treaties. You must take reasonable steps to protect the Services and this software and content from theft, loss or damage.

Please be aware that software or content may from time to time automatically and, without notice to you, cause your Equipment to access the internet incurring data usage and/or overage charges.

6. Equipment

a. Is Equipment new or refurbished?

Equipment that you purchase from us is new, unless otherwise indicated. Equipment that you rent from us is refurbished, unless otherwise indicated, and is based on availability.

b. May I upgrade my Equipment?

You may request to upgrade your Equipment at any time by contacting us in any of the ways set out in Section 10(e) below. You may be subject to an administrative charge in accordance with Section 3(d) above. If, in connection with your Equipment upgrade, you are subscribing to a new Term and cancelling a previous Term early, you will be charged an Early Cancellation Fee. Please note that if you wish to upgrade your Equipment, you may also be required to change to a Service that is currently available in market. Also please note that any Service or Equipment you remove may no longer be available.

c. Is my Equipment restricted to the Fido network or Services?

For mobile Services:

Your mobile device is not locked to the Fido network. If your mobile device is or becomes locked to the Fido network, please contact us and we will provide you with the means to unlock it at no charge. Please note that for the first **90** days following the Activation Date, if you are roaming off the Fido network, your Service will be restricted from placing outgoing calls to destinations other than those that have a North American area code (including Canada and the USA) and the destination at which you are located while placing the call (not applicable to prepaid service).

For home Services:

Purchased and rental Equipment are to be used only with Fido Services at the service address identified on your account. If you attempt to tamper with any Equipment, it may become permanently unusable and may violate the software licence agreement for that Equipment.

d. Will Fido ever need access to my property?

You authorize us and our representatives to enter or have access to your premises as necessary upon reasonable notice from us to install, maintain, inspect, repair, remove, replace, investigate, protect, modify, upgrade or improve the operation of our services, the Equipment or our facilities or networks, whether for your benefit or the benefit of others. If any of your Services or accounts have been cancelled, then you authorize us and our representatives to enter or have access to your premises to disconnect the Services and remove our Equipment, as applicable

e. Who is responsible for ensuring that my Equipment is compatible and up to date?

Equipment and related software may have to meet certain minimum requirements and be maintained in certain ways and in certain locations in order to access the Services or for the proper operation of the Services (e.g., 9-1-1 services). Those requirements may change from time to time without notice and you are responsible for updating or maintaining your Equipment and software as necessary to meet those requirements. We may provide software updates for the Equipment for the continued operation of the Services or the Equipment. Likewise, from time to time we may have to modify or remove previous software features in order to introduce new features to ensure that the Equipment remains compatible with technological advancements. If your Equipment or software is not up to date, we may not be able to provide you with applicable customer support.

If you use Equipment that you did not purchase or rent from Fido, your access to and the proper operation of the Services (e.g., 9-1-1 services and public alerts) may be limited. We recommend that you use Equipment provided by Fido.

f. What are my responsibilities relating to the Equipment?

You are solely responsible for:

- i. any access to the Equipment;
- ii. providing any additional connections, as well as inside wiring and equipment, that are not provided by us;
- iii. reconnecting any of your equipment and facilities as necessary after cancellation of your Services;
- iv. maintaining the security and privacy of your property and your transmissions using the Services, the Equipment or our facilities or networks; and
- v. protecting against any breaches of security or privacy or other risks involved in installing, using, maintaining or changing the Services or the Equipment.

Except for Equipment that you have purchased, all Equipment we install or provide to you remains our property. For all Equipment we own, you must:

- i. take reasonable care of it;
- ii. not sell, lease, mortgage, transfer, assign or encumber it;
- iii. not re-locate it without our knowledge and permission; and
- iv. return it to us at your own expense upon cancellation of the Services to which the Equipment is related.

If our Equipment is lost, damaged, stolen, sold, leased, mortgaged, transferred, assigned, encumbered or not returned, you must immediately notify us. You agree to pay us the undiscounted retail value of that Equipment, together with any costs we incur in seeking possession of it.

7. Prepaid Mobile Service

a. If I am a Fido prepaid mobile customer, how can I check my prepaid mobile account balance?

You can check your account balance from your prepaid mobile device by calling *611 (it's a free call).

b. If I change my mind about adding to my prepaid mobile balance, can I get a refund?

No. Deposits into your account for prepaid mobile Services are non-refundable.

c. What if I don't use my prepaid mobile Service on a regular basis?

If your prepaid mobile account balance remains at **\$0** for **6** consecutive months or if required payments towards your account are not made or are returned, for any reason, your prepaid mobile identifier (e.g., phone number or PIN number) will be deactivated. Please also note any prepaid mobile balance may have an expiry date as indicated.

d. Other than usage charges, are there any additional fees associated with prepaid mobile Service?

We will deduct a 9-1-1 Emergency Access Fee (non-government fee) for the provision of access to 9-1-1 service and any applicable 9-1-1 provincial government fee, once per month from your prepaid mobile account (there is no airtime charge for calls made from your mobile device to 9-1-1). 9. Warranties and Limitation of Liability

a. Are there any warranties on the Equipment?

The Equipment may be covered by a manufacturer's or other warranty. Please see the materials accompanying your Equipment for warranty information and details, including coverage, duration and how you may make a claim under the warranty. There may also be optional Equipment protection programs made available to you from time to time.

b. Are there any warranties on the Services?

The Services that Fido provides may be impacted by factors beyond Fido's reasonable control. For this reason, you acknowledge and understand that the Services or access to the Services, including 9-1-1, public alerts or accessibility services, may not function correctly or at all in the following circumstances:

c. How does Fido limit its liability?

Unless otherwise specifically set out in an Agreement, to the maximum extent permitted by applicable law, and **except towards residents of Québec* for damages resulting from a Fido Party's own act**, the Fido Parties will not be liable to you or to any third party for:

- i. **Not applicable to residents of Québec*:** any direct, indirect, special, consequential, incidental, economic or punitive damages (including loss of profit or revenue; financial loss; loss of business opportunities; loss, destruction or alteration of data, files or software; breach of privacy or security; property damage; personal injury; death; or any other foreseeable or unforeseeable loss, however caused) resulting or relating directly or indirectly from or relating to the Offering or any advertisements, promotions or statements relating to any of the foregoing, even if we were negligent or were advised of the possibility of such damages;

- xi. any claims or damages resulting directly or indirectly from any claim that the use, intended use or combination of the Offering or any material transmitted through the Services infringes the intellectual property, industrial, contractual, privacy or other rights of a third party.

Not applicable to residents of Québec*: These limits are in addition to any other limits on the Fido Parties' liability set out elsewhere in an Agreement and apply to any act or omission of the Fido Parties, whether or not the act or omission would otherwise be a cause of action in contract, tort or pursuant to any statute or other doctrine of law.

d. Are there any additional limitations of liability that apply, including in relation to 9-1-1 emergency services?

We are not liable for:

- i. libel, slander, defamation or the infringement of copyright arising from material or messages transmitted over our network from your property or premises or recorded by your equipment or our equipment;
- ii. damages arising out of your act, default, neglect or omission in the use or operation of equipment that we provide;
- iii. damages arising out of the transmission of material or messages over our network on your behalf, which is in any way unlawful; or
- iv. any act, omission or negligence of other companies or telecommunications systems when their facilities are used in establishing connections to or from your facilities and equipment. Except in cases where negligence on our part results in physical injury, death or damage to your property or premises, our liability for negligence related to the provision of 9-1-1 emergency services on a mandatory basis is limited to the greater of **\$20** and **3** times the amount, if any, you would otherwise be entitled to receive as a refund for the provision of defective Service under an Agreement. However, our liability is not limited by this Section in cases of deliberate fault, gross negligence or anticompetitive conduct on our part or in cases of breach of contract where the breach results from our gross negligence.

e. Are there any circumstances under which I would have to compensate Fido?

You will indemnify and hold harmless the Fido Parties from and against any claims, losses, damages, costs and expenses (including, without limitation, reasonable legal fees and other litigation expenses) incurred by the Fido Parties relating to your violation, alleged violation or misappropriation of any intellectual property, industrial, contractual, privacy or other rights of a third party or any alleged libel or slander by a third party against you.

10. General

a. How can I resolve a complaint or dispute with Fido?

If you have a concern that was not resolved, then we invite you to submit a Share a Concern form (located at fido.ca/concern) and we'll respond within **2** business days. If you're not satisfied with the resolution by one of our management team members, then you also have the option to speak to our Office of the President.

Not applicable to residents of Québec*: To the extent permitted by applicable law, unless we agree otherwise, any claim or dispute, whether in contract or tort, under statute or regulation, or otherwise, and whether pre-existing, present or future, arising out of or relating to the following items will be determined by final and binding arbitration to the exclusion of the courts:

- i. an Agreement;
- ii. the Services or Equipment;
- iii. oral or written statements, advertisements or promotions relating to an Agreement, the Services or Equipment; or
- iv. the relationships that result from an Agreement.

Where applicable, arbitration will be conducted in the province in which you reside, on a simplified and expedited basis by **1** arbitrator under the current laws and rules relating to commercial arbitration in the province or jurisdiction in which you reside on the date of the notice. Fido will pay all reasonable costs associated with that arbitration. Any arbitration will be conducted in accordance with our Arbitration Protocol, which is available at fido.ca/terms.

b. What happens if part of an Agreement becomes unenforceable or doesn't apply?

If any portion of an Agreement is unenforceable, the remaining provisions continue in full force. Our failure to enforce strict performance of any provision of an Agreement does not mean we have waived any provision or right. Neither the course of conduct between us nor trade practice modifies any provision of an Agreement.

c. Why did I receive these Terms in English?

Applicable uniquement aux résidents du Québec*: Les présentes modalités ont été rédigées en anglais à votre demande expresse, après avoir pris connaissance de la version française. Vous consentez à ce que les futurs documents liés à vos modalités, y compris les modifications, les confirmations de commande et les communications, puissent être fournies en anglais.

Applicable only to residents of Québec*: Your Agreement has been drawn up in English at your express request, after having examined a French version. You agree that all future documents related to your Agreement, including amendments, order confirmations, and communications, may be provided in English.

Each Agreement is governed by any applicable laws of Canada and by the laws of the province in which your billing address is located and you submit to the jurisdiction of the courts of that province. Security

As set out above, you are responsible for any misuse of the Services, by you or by any other person with access to the Services through your Equipment or your account. Therefore, you must take steps to ensure that others do not gain unauthorized access to the Services through any means, including, without limitation, wireless networking and wired networking. The Services may not be used to breach the security of another user or to attempt to gain access to any other person's equipment, software or data, without the knowledge and consent of such person. Additionally, the Services may not be used in any attempt to circumvent the user authentication or security of any host, network, or account, including, without limitation, accessing data not intended for you, logging into or making use of a server or account you are not expressly authorized to access, or probing the security of other networks. Use or distribution of tools designed for compromising security, such as password guessing programs, cracking tools, packet sniffers or network probing tools, is prohibited. You may not disrupt the Services. The Services also may not be used to interfere with computer networking or telecommunications services to any user, host or network, including, without limitation, denial of service attacks, flooding of a network, overloading a service, improper seizing and abuse of operator privileges and attempts to **"crash"** a host. The transmission or dissemination of any information or software that contains a virus or other harmful feature is also prohibited. You are solely responsible for the security of any device you choose to connect to the Services, including any data stored on that device. In particular, Fido recommends against enabling file or printer sharing of any sort. Fido recommends that any files or services you do choose to make available for remote access be protected with a strong password or as otherwise appropriate. You agree to treat as confidential all access codes, personal identification numbers and/or other passwords that we may provide to you for use with the Services.

Unsolicited Communications

As set out above, the Services may not be used to send unsolicited, bulk or commercial messages or for any other unsolicited communications. This includes, without limitation, using automatic dialing and announcing devices to or otherwise make unsolicited voice or facsimile calls and bulk mailing of commercial advertising, informational announcements, charity requests, petitions for signatures and political or religious messages. Such communications may only be directed to those who have explicitly requested it. The Services may not be used to send messages to any individual who has indicated that he/she does not wish to receive messages from you. The Services may not be used to collect responses from unsolicited e-mail messages sent from accounts on other Internet hosts or e-mail services that violate this AUP or the acceptable use policy of any other Internet service provider. Moreover, unsolicited e-mail messages may not direct the recipient to any web site or other resource that uses the Services. Forging, altering or removing e-mail headers is prohibited. You may not reference any Fido network (for example, by including "Organization: Fido" in the header or by listing an IP address that belongs to a Fido network) in any unsolicited e-mail even if that e-mail is not sent through a Fido network. **"Mail bombing"** is prohibited. That is, you may not send numerous copies of the same or substantially similar messages, nor may you send very large messages or files to a recipient with the intent to disrupt a server or account. The propagation of chain letters is similarly prohibited, whether or not the recipient wishes to receive such mailings. Fido is not responsible for the forwarding of e-mail sent to any account that has been suspended or terminated. Such e-mail will be returned to sender, ignored, deleted, or stored temporarily, at Fido's sole discretion.

User-Generated Content Services

"User-Generated Content Services" or **"UGC Services"** refers to any services that allow an end user to post, upload or generate content online to be shared with a limited or unlimited number of recipients and may include, without limitation: newsgroups, online forums, message boards, chat

programs, wiki's, photo sharing services, customer review sites, video sharing services, blogs and web hosting.

Any User-Generated Content Services accessed through the Services must be used in accordance with the following:

1. you must comply with the UGC Service's written charter, policies or FAQs;
2. you may only post advertisements, solicitations, or other commercial messages in the UGC Service if that service's charter, policies or FAQs explicitly permit them;
3. you are responsible for determining the policies of the UGC Service before using it;

7. you must not use the UGC Service to perform **"flooding"**, which refers to deliberately repeating actions in quick succession in order to fill the screens of other Internet users with text or other content;
8. any computer or other device connected through the Services may not maintain more than two simultaneous chat connections including, without limitation, the use of automated programs, such as **"bots"** or **"clones"**. Automated programs may not be used when the account holder is not physically present at the device;
9. you must not use the Services to send messages that disrupt another user's equipment, software, hardware or user display; and
10. you must not forge, alter or obscure your identity (other than using a nickname) while participating in the UGC Service.

Usage, Data Storage and Other Limitations

You must comply with the then current usage, data storage and other limitations on your applicable Services. You must also ensure that your activity does not improperly restrict, inhibit, or degrade any other subscriber's use of the Services, nor represent (in the sole judgment of Fido) an unusually large burden on our networks or third party networks for which we have roaming or network sharing agreements. In addition, you must ensure that your activity does not improperly restrict, inhibit, disrupt, degrade or impede Fido's ability to deliver the Services, and monitor and investigate the Services, backbone, network nodes, and/or other network services or components. You may not resell, share, or otherwise distribute the Services or any portion thereof to any third party without the written consent of Fido. For example, you cannot provide Internet access to others through a dial up connection, host shell accounts over the Internet, provide e-mail or news service, or send a news feed. The Services are consumer products designed for personal purposes. For example, the Services do not provide the type of security, upstream performance and total downstream throughput capability typically associated with commercial use. You may not run a server in connection with the Services. You may not provide network services to others via the Services. In addition, you are prohibited from running servers for mail, http, ftp, irc, and dhcp, and multi-user interactive forums.

Your use of the Services may be subject to a usage limit, as set out in your Agreement. If you exceed that limit, you may be subject to additional usage charges.

Network Management

We reserve the right to manage our networks (or third party networks for which we have roaming or network sharing agreements) in order to optimize their efficiency for the benefit of our subscribers, including, without limitation, by way of the following: rate limiting (speed), rejection or removal of spam or otherwise unsolicited bulk e-mail, anti-virus mechanisms, and protocol filtering. We may take any other action we deem appropriate in order to help ensure the integrity of the network experience for all subscribers. For details on our network management practices, visit

fido.ca/networkpolicy.

Violation of this Acceptable Use Policy

As set out in the Terms, we have the right, but not the obligation, to monitor or investigate any content that is transmitted using the Services (other than voice Services) or the Equipment; and to access or preserve content or information in accordance with the Terms. We prefer to advise subscribers of inappropriate behavior and any necessary corrective action. However, if the Services are used in a way that we, in our sole discretion, believe violates this AUP, any of the Fido Parties may take any responsive actions they deem appropriate. Such actions may include, without limitation, temporary or permanent removal of content, cancellation of newsgroup posts, filtering of Internet transmissions, and/or the immediate suspension or termination of all or any portion of the Services or your account. The Fido Parties will have no liability for any such responsive actions. The above described actions are not exclusive remedies and the Fido Parties may take any other legal or technical action deemed appropriate. Upon termination of an account, any of the Fido Parties are authorized to delete any files, programs, data and e-mail messages associated with such account. The failure to enforce this AUP, for whatever reason, shall not be construed as a waiver of any right to do so at any time. If any portion of this AUP is held invalid or unenforceable, that portion will be construed consistent with applicable law as nearly as possible, and the remaining portions will remain in full force and effect. This AUP shall be exclusively governed by, and construed in accordance with the governing law provision set out in the Terms.

Complaints

9-1-1 EMERGENCY SERVICE

Any wireless phone registered on the Fido wireless network can be used to dial 9-1-1 for assistance in the case of an emergency. 9-1-1 calls are automatically routed to the most appropriate public safety agency. When calling 9-1-1 always provide your name, wireless phone number and the specific location you are calling from. And remember, it's important to speak clearly. Unlike wireline-based 9-1-1, the emergency operator does not necessarily know your exact location until you provide this information. Stay on the line for as long as the 9-1-1 operator requires. Calls to 9-1-1 are free so take all the time that you need. Leave your handset turned on after hanging up in case the 9-1-1 operator needs to call you back. Please do not program 9-1-1 into your speed dial. This can lead to accidental calls that take up valuable emergency resources.

Calls to 9-1-1 from your wireless phone are subject to the same limitations as regular wireless calls. For example, if you are underground or too far from a wireless network antenna, the quality of your call may be affected, or you may not be able to connect to the network.

Phase One of Enhanced 9-1-1

Phase One of Enhanced 9-1-1 or E9-1-1 is designed to help 9-1-1 operators react more quickly and accurately in emergency situations. E9-1-1 provides emergency operators with the phone number of the caller and the location of the wireless network antenna receiving the call but not the caller's exact location. The caller must still provide this information. The caller's phone number allows the emergency operator to re-establish contact with the caller if the connection is lost. The wireless network antenna location helps emergency operators identify the most appropriate emergency services to dispatch.

Phase Two of Enhanced 9-1-1

Phase Two of Enhanced 9-1-1 is designed to provide more accurate location information than Phase One. E9-1-1 emergency operators that have the necessary systems deployed will not only receive the caller's phone number, but will also receive geographic coordinates associated with the caller's approximate location.

A caller's location will be automatically determined using special technology enabled in the Fido network and in certain handsets and will help ensure that callers get the proper help as quickly as possible.

Any customer registered on the Fido wireless network in an area served by E9-1-1 that has the necessary systems deployed will have access to Phase One and Two. This includes Fido wireless customers in their local area and Fido wireless customers visiting an area in Canada served by E9-1-1. For more information about E9-1-1 and to verify if Phase Two is deployed in your area, please visit fido.ca/911.

HOW TO REPORT AN EMERGENCY

1	Immediately tell the operator that you're calling from a wireless phone and provide your 10-digit phone number.
2	Give details of the emergency.
3	Give as much information about your current location as you can, such as highway/street name, floor level and landmarks. Unlike landline-based E9-1-1 the emergency operator does not know your specific civic address, which could be more accurate than your geographic coordinates.
4	Remain on the line and follow all instructions provided by the emergency operator.
5	After the emergency operator ends the call, leave your wireless phone turned on in case the emergency operator needs to call you back.
