

RVshare Launches Campground Partnership Program

Aiming to bring RV Rental Revenue to Operators and Improve the Renter Experience, RVshare Debuts New Network Opportunity for Campground Partners

AUSTIN, Texas, and AKRON, Ohio, March 8, 2022 - [RVshare](#), the world's first and largest RV rental marketplace, today launches the [RVshare Campground Partnership Program](#). The program allows campground and RV park operators to earn revenue from RV rental bookings for the first time. Operators can list RVshare units on their website to earn commission as well as list stationery, on-property units for free. As the top RV rental provider in the US, RVshare is looking to partner with world-class campground and RV park operators to make the consumer experience better than ever before.

The Florida and Alabama RV Park & Campground Association, a professional trade association for Florida and Alabama RV park and campground owners and operators, is among the first to join the program. The Association represents and serves more than 400 Florida RV parks and 45 Alabama RV parks. Members of the Association range from small rustic campgrounds with 10 sites to world-renowned RV Resorts with more than 1,500 RV sites.

“The Association is always looking for partnerships that are innovative, encourage industry growth, and are valuable to our members and the RVing public. This partnership with RVshare checks all the boxes,” said Bobby Cornwell, President and CEO of the Association. “The new Campground Partnership Program extends an opportunity for our members to work with RVshare by providing a great experience for renters while earning revenue from RV rental bookings at their locations.”

Operators will experience additional benefits when joining the Campground Partnership Program, including:

- **Recommended RV delivery location:** With more than one-third of RV renters opting to have the RV delivered straight to campsites, campground partners will be recommended as a delivery-friendly destination to drive more campsite bookings.
- **RVshare campground partner badge:** Campground partners will earn a badge to be displayed on their websites, letting renters know that RV delivery reservations are accepted.
- **Access to RVshare inventory:** Partners can list rentable RVs directly on their websites to easily promote RVs near each campground location and encourage more bookings.

- **Exposure to RVshare renters:** All partners will appear on our highly trafficked 'Top Campground' pages, where they'll be acknowledged as an RVshare partner.

"Working together with our growing network of campground partners allows us to improve the traveler experience by providing preferred campground recommendations, delivery-friendly destination options, and easy access to RV rentals on our partners' websites," said RVshare's VP of Marketing Martijn Scheijbeler. "We are working to build a bridge between our platform, RV parks and campgrounds that welcome RV renters with open arms."
