

THUMA

Let's get together.

Pillar Coffee Table

Step 1

Use a soft surface as padding to protect pieces from damage during assembly. Flip the tabletop over so the bottom side faces up.

Step 3

Carefully flip table upright. Enjoy.

Step 2

Insert legs into the tabletop. Secure each leg with two short screws, tightening by hand.

Optional Levelers

For uneven floors, screw the included levelers into the bottom of each leg, and adjust until even.
