Step 1

Lay out pieces at desired location.

Arrange **side frames** with the notch close to the back side. Arrange **front rail** and **back frame** with “U” joints facing inward, screw side facing up. Step into the center of the frame.

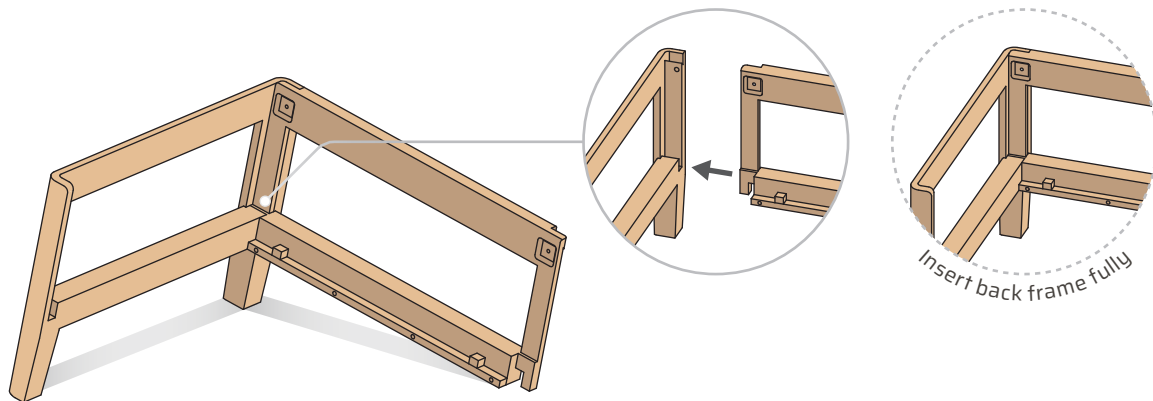

Keep **slats** on the sideline for now.

Step 2

Stand up the **left side frame**. Position the back frame with “U” joints facing down and screw side facing inward. While holding the left side frame slightly tilted inward, insert the back frame into the back end of the left side frame. Press down firmly to attach.

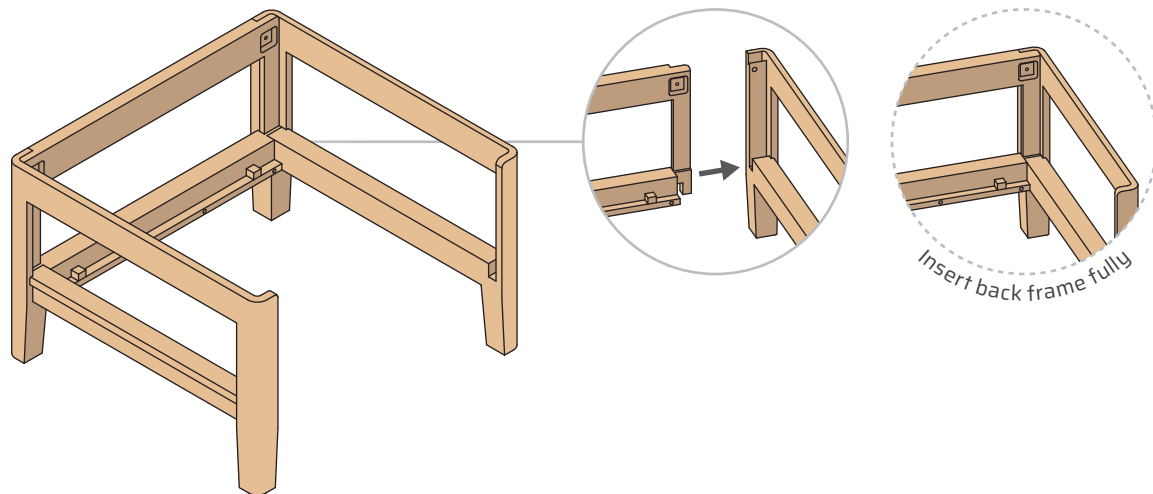

Hold pieces in place while moving on to the next step.

Step 3

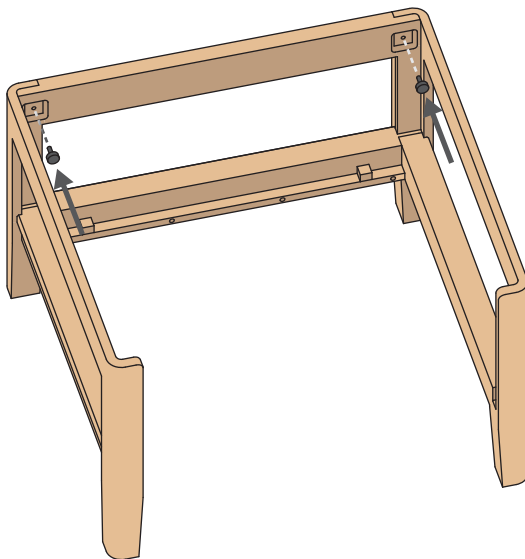

Insert the back frame into the back end of the **right side frame**.
Press down firmly to attach.

Hold pieces in place while moving on to the next step.

Step 4

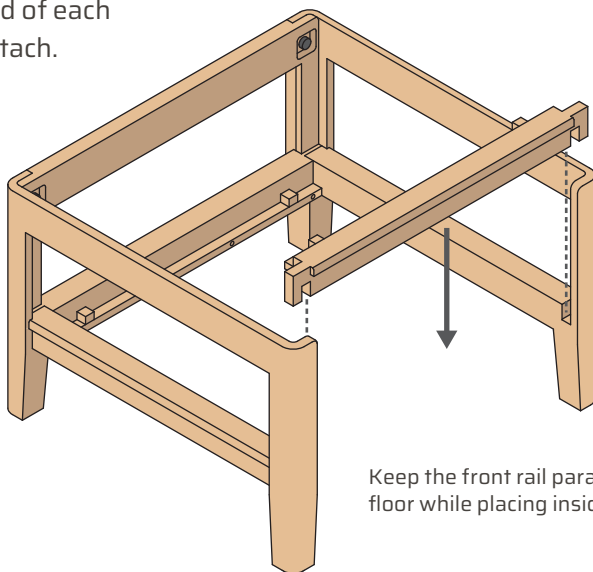

Secure the back frame with two **short screws**.
Tighten by hand.

Step 5

Position the front rail with “U” joints facing down and screw side facing inward.

Place the front rail into the front end of each side frame. Press down firmly to attach.

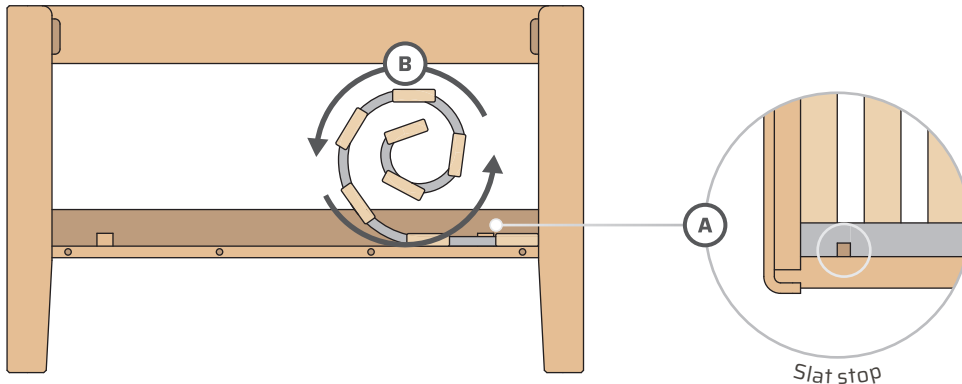

Keep the front rail parallel with the floor while placing inside joints

Step 6

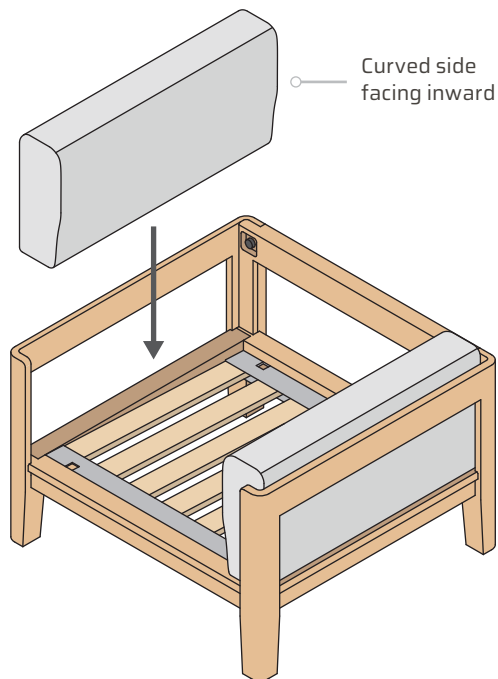

- A. Lay rolled slats at one end of the chair. Place the first slat between the side frame and slat stops to hold in place.
- B. Roll down to the other end of the chair and place the last slat between the side frame and slat stops.

Slats should be tight and secure.

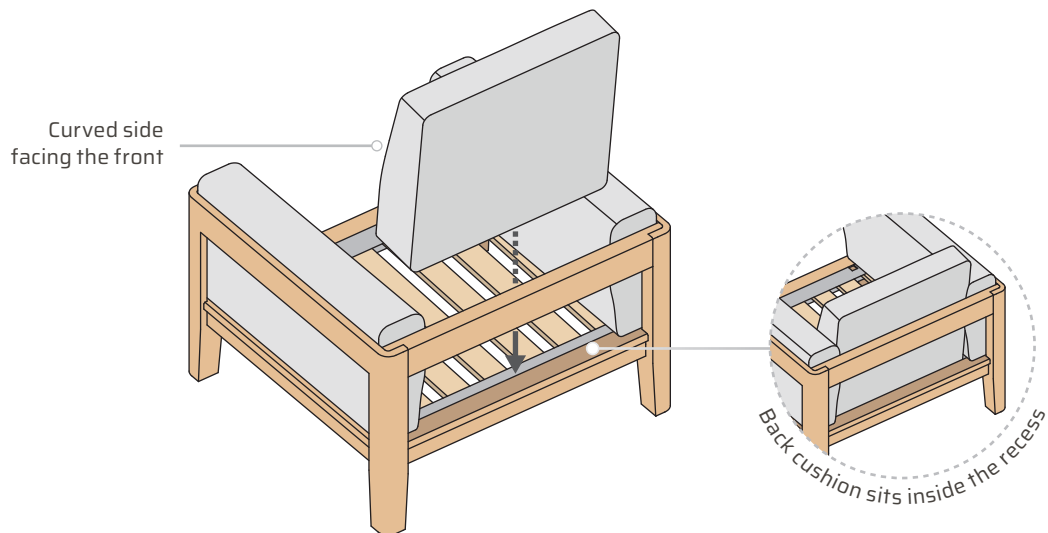

Step 7

Place the **arm cushions** in each side frame.
Press to make sure cushions are securely
nested into frame.

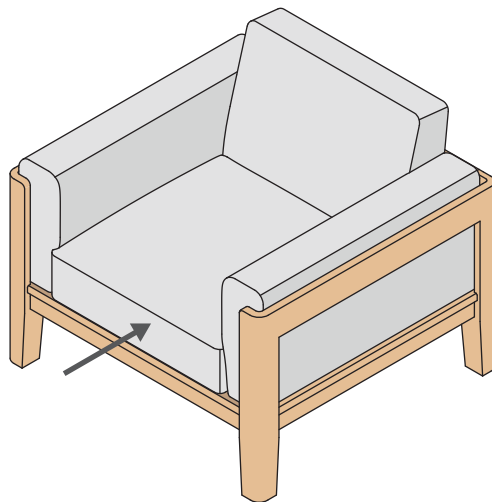

Step 8

Place the **back cushion** along the back frame.
Make sure it sits inside the recess.

Step 9

Place the **seat cushion** on slats.

Maintain lasting comfort and shape.

To keep the cushions looking and feeling their best, we recommend occasional care to refresh their shape.

Step 1

Remove back, arm, and seat cushions.

Step 2

Gently fluff each cushion to restore loft and evenly distribute fill.
Then smooth and pull covers taut along edges.

Step 3

Replace and align cushions.
