

Classic Dog Bed

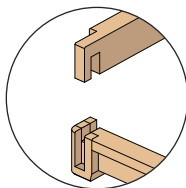

A luxurious yet highly functional dog bed made from premium materials. Solid wood frame, supportive cushion, and a washable linen-weave cover that's scratch-resistant. Designed for your best friend.

THUMA

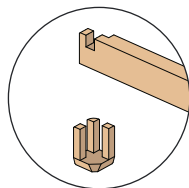

Step 1

Stand up first leg, and insert long rail into leg. Make sure "U" joint is facing up.

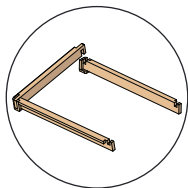

Step 2

While balancing leg and long rail, pick up short rail and insert it with "U" joint facing down.

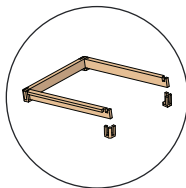

Step 3

Stand up another leg, and insert remaining long rail into leg with "U" joint facing up.

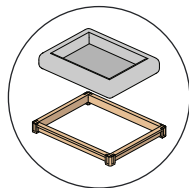

Step 4

Lift short rail and insert it into leg.

Step 5

Place two other legs under long rails.

Step 6

Place remaining short rail into legs with "U" joint facing down, and press it down fully. Place cushion in the center of the frame. And you're all set.
