

# Headboard Cushion

An upgrade designed to nest perfectly with The Headboard, the Headboard Cushion adds comfort and support with durable high-density foam. Covers are interchangeable and machine washable for a fresh look, as desired.

For assembly, see reverse.

THUMA

### Step 1

Shift The Bed + The Headboard at least 1 ft away from the wall.

### Step 2

Slide the metal plate through the fabric loop of the Headboard Cushion.

### Step 3

Center the metal plate so that the holes are visible on each side of the Headboard Cushion.

### Step 4

Unscrew the two top Short Screws at the back of The Headboard.

### Step 5

Align the holes of the metal plate with the upper holes of The Headboard.

### Step 6

Secure the Headboard Cushion by screwing the two Short Screws back into the upper holes of The Headboard and tighten by hand. Enjoy.
