

THUMA

Let's get together.

Signature Sofa

www.thuma.co

Place and align back and lumbar cushions.
Enjoy.

Maintain lasting comfort and shape.

To keep the cushions looking and feeling their best, we recommend occasional care to refresh their shape.

1. Remove lumbar, back, and seat cushions.
2. Gently fluff each cushion to restore loft and evenly distribute fill. Then smooth and pull covers taut along edges.
3. Replace and align cushions.
