

The Swedish Competition Authority has approved Telia's acquisition of Bredband2

On 18 July 2025, Telia Company AB (“**Telia**”) announced a public offer (the “**Offer**”) to the shareholders of Bredband2 i Skandinavien AB (“**Bredband2**”). Telia's completion of the Offer is conditional upon, inter alia, the receipt of all necessary regulatory, governmental or similar clearances, approvals, decisions and other actions from authorities or similar, including from competition authorities, in each case on terms which, in Telia's opinion, are acceptable as well as it being accepted to such extent that Telia becomes the owner of more than 90 per cent of the total number of shares in Bredband2. Telia has reserved the right to waive, in whole or in part, all conditions for the completion of the Offer, including to complete the Offer at a lower acceptance level.

On 17 October 2025, the Swedish Competition Authority initiated an in-depth investigation (a so-called “phase 2” investigation) of Telia's acquisition of Bredband2.

The Swedish Competition Authority has today decided to leave Telia's acquisition of sole control over Bredband2 without action.

The Swedish Competition Authority's decision is available on its website, www.konkurrensverket.se.

Bredband2's recommendation to the shareholders to accept the Offer that was published on 18 July 2025 is available on Bredband2's website, <https://www.bredband2.com/om-bredband2/investor-relations/information-om-budet-fran-telia/>.

Telia's press releases about the Offer and an offer document are available on Telia's website about the Offer, <https://offer-to-connect.com/>.

About Bredband2

“A seamless and safe digital everyday life for all”

Bredband2 is an established provider of data and telecommunications and security solutions serving both businesses and consumers. As Sweden's third largest fiber provider, we ensure that half a million customers can enjoy the possibilities of the internet in a safe and seamless way. For us, the relationship with the customer is much more than providing

reliable services. By providing access to what our customers need the most, we create opportunities for them to communicate, work, learn, and entertain themselves in a safe way. And that goes without saying for us.

Bredband2 i Skandinavien AB (publ) was founded in 1989 and has approximately 9,000 shareholders. The company is listed on Nasdaq First North Growth Market with Redeye AB as Certified Adviser.
