

## **DEPOT is making Valentine's Day that much sweeter**

### **From the heart and using hearts: Small gifts for you to fall in love with**

**Niedernberg, 2 February 2023** - Different countries, different matters of the heart: For many countries around the world, Valentine's Day is all about love. Couples from Milan all the way to Naples meet each other on bridges to attach a small padlock, decorated with either their names or their initials, onto the bridge's railings as a symbol of their love. In Japan, the women give men chocolate, while the Swedes give each other wine gums which are, you guessed it, shaped like hearts. How do you let your loved ones know that your relationship is something super special? DEPOT, the leading decor and furnishing specialist, has exactly what you need - little gifts which are guaranteed to be welcomed with open arms on 14 February...

... such as our Tea for Two, gift set which consists of a teapot, teacups, and black tea. Our Tea Hearts come in the shape of a heart and give you those warm, feel-good moments, freshly brewed for eternal love. And our: Von Herzen and Für dich (From the heart and For you) sweet and savory nut mix made with cranberries or smoked almonds come in a double pack. It crunches and crackles and is designed for you and your significant other to enjoy together.

Is the way to someone's heart through their stomach? Our Heart salt and pepper shakers are designed to give you that special touch when you need to spice things up. "Food tastes best when love sets the table" - and better still when the table is set with our matching serviettes.

### **Sweet moments with style**

Sweet moments are made even sweeter thanks to our fruit jellies - For You . You could even serve them on our heart-shaped slate serving platters. Sweet Moments? Our chocolate lollipops are decorated in a heartfelt and stylish way. There's no hole in this heart - our serving and cutting board made from the best oak surpasses all other cutting and serving boards by harnessing the power of pure nature.

This blend of grapefruit, rose, jasmine and cedar notes will make any space smell like a fresh and floral bouquet of flowers: Our ipuro room fragrance From the heart - it must be love. Are you searching for more aromas? Our Peace Love Joy scented candle is made from patchouli and emits an aroma which is gentle while also packing a punch: Peace Love Joy.

### **Well-being, water, and soap bubbles**

Are you looking to just close your eyes and relax? Then look no further than our four-piece Well-being gift set. Want to soak in the water and relax? Then our golden Bath Heart has everything you need. These Soap Bubbles are a way to send a loving, heartfelt message to your significant other.

Beer - there is no explanation needed for the message printed on this original stoneware mug, and "barley juice" aficionados will simply love our beer mug and accompanying cork coaster. It's Valentine's Day, here's to love!
