

For warm and cozy winter moments, and no cold feet

"Cozy Times" - DEPOT is helping Germany get cozy

Niedernberg, January 20th, 2022 - It's a brisk start to the new year. A strong breeze is blowing on the coast, while temperatures drop in the west, and snowflakes are falling from the Allgäu region to Zwickau, in the south and in the east alike. Outside it is cold and sometimes uncomfortable - the perfect time to create a comfortable warm place indoors. It's the "cozy" season of the year! DEPOT is helping Germany get cozy. With soft blankets, beautiful pillowcases, and velvety furs.

Soft blankets and wonderful pillows

For when you are spending time at home with your loved ones, the leading decor and furnishings specialist has created trendy products not only to help you feel relaxed and comfy, but also and to look great. At DEPOT, we help you live a modern lifestyle with Scandinavian influences. Just like that, with the new Zig Zag blanket - with its generous size (170 x 130 centimeters), cold feet are a thing of the past. The same format, with a different style: The curly blanket has a wonderfully inviting look ... The third addition to a stylish trio: Choose Argyle! Wherever your blanket is, the matching pillow case isn't far behind.

Mint green, off-white, natural, grey, and green-blue: The lino pillow case is available in five different shades, in a fine mix of linen and cotton. The velour pillow case, is made for your bed, lounging on the sofa, or your favorite chair, and is a great choice for mixing and matching in lilac and light beige. And the fleur pillowcase with gold lettering brings us back to what really counts on cold winter days - welcome to "my cozy home."

Fine furs and stylish carpets

Say it beautifully, it's your home after all: the cozy. mat. The artificial fur seat cushions are the perfect choice to top any chair. The sheepskin is available in light beige and light grey, and is a top choice in the list of our most popular home accessories. No wonder, it can be used in many different ways after all, right in front of your bed for a soft spot to land first thing in the morning, on the floor in front of the fireplace, or on a wire-mesh chair. The noma carpet is just as warm and inviting. With a size of 160 x 230 centimeters, it has a modern graphic pattern to give any bedroom or living room a touch of fresh elegance. The Elliot smart carpet has a smaller format, and can be combined with a wide range of decor styles. Things are about to get cozy!
