### **Christmas with DEPOT: Giving joy starts with the wrapping**

**Niedernberg, November 11th, 2021** - Oh, how beautiful! And the gift isn't even out of the box yet. For many people, the packaging itself can be a great source of excitement. Because the design is so special and so unique. Because it comes from the heart. Because the small gestures often have the biggest effect. Christmas is drawing closer each day. Christmas with DEPOT, the leading decor and furniture specialist, means that giving joy starts with the wrapping. It's easy to be creative, without too much effort. Here are some ideas for the Advent season.

#### **From a vintage look to a glitter effect**

The classic wrap is now available in a twin pack: This gift wrap has a natural color vintage craft and is the perfect starting point for every gift wrapping and style artiste to package gifts with imagination and a lot of fun. The paper itself has unique effects: Silver, gold, red, and pink - DEPOT offers four designs of uni glitter. Of course, you can't forget candy sticks. Are you looking for alternatives to fine paper? Then check out this high-quality pair: The gift box Lace is a stylish way to offer perfume, tea, or even socks and stockings. Another great choice are our fine fabric sacks called stripes. No matter whether you select paper, boxes, or bags: They are all a great way to create a unique effect for your gifts, quickly and easily. A win-win situation for your Christmas gifts that's fun for everyone - the giver, and the intended recipient.

#### **Stickers and stamps with best wishes**

Want to know what DEPOT has in store? For example, our 60-piece sticker roll Merry Christmas with best wishes for the Christmas season. The small tree ornaments are made of one hundred percent paper. They can also be finely labeled and decorated like floral gift tags. The artificial flower Eucalyptus also unfolds its magnificent decorative beauty. The 63 centimeter long artificial branch made of cotton is every bit its equal. Small, champagne-colored heart ornaments with tender messages for family and friends add a personal touch. And for your beloved grandpa, a perfectly packaged present with a sphere of a heart grandpa. An elegant bow around the present, in cream, mint green, rose, or natural colour is easy to create with the three-meter long Jute band. For another, just as festive chic choice, use the Boho. For anyone who would like to add a heartfelt message to their gifts: From A to Z, DEPOT has the right letters, and the associated eight-piece Stamp pad is just a click away. It's the small details that guarantee to create a big effect.
