

Matte

For a refined
aesthetic

COLORSTEEL® Turning metal
into magic and transforming
the everyday environment.

Introducing COLORSTEEL® Matte

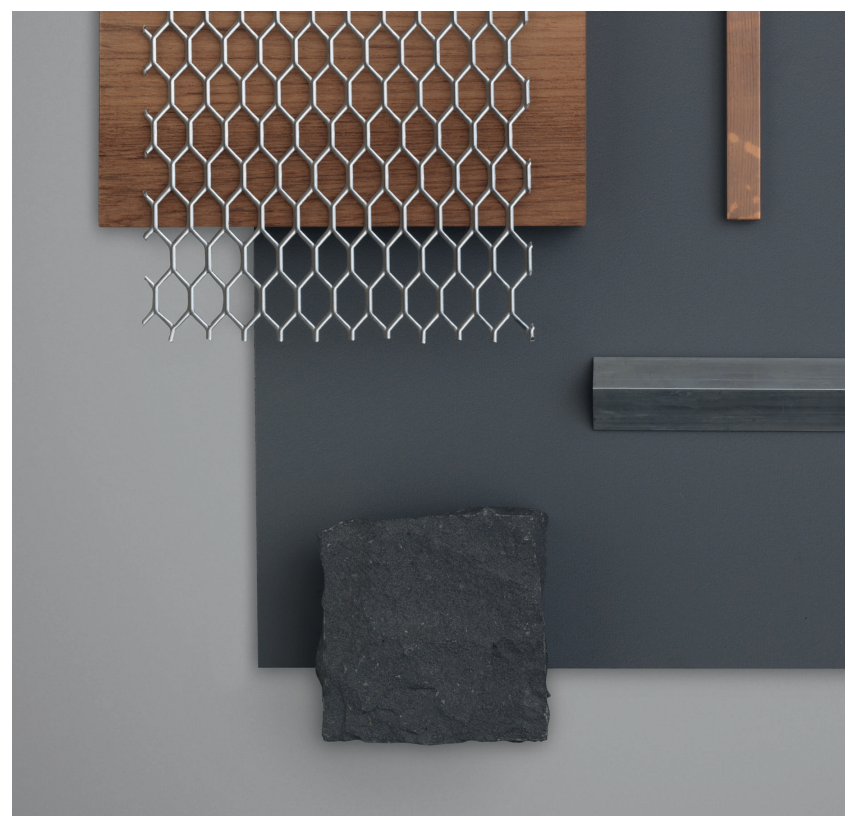

Design without compromise.

When it comes to great design, every element is considered. From shape and form to colour and texture, details matter.

A global shift towards a refined aesthetic has seen a growing trend for matte finishes on building exteriors.

Matte finishes offer a contemporary architectural look, while appearing much less reflective than standard finishes.

With its softer effect and modern style, COLORSTEEL® Matte allows you to realise your design vision, without compromise.

COLORSTEEL® Matte:
A premium matte finish for
a refined design aesthetic.

Innovative technology,
trusted quality.

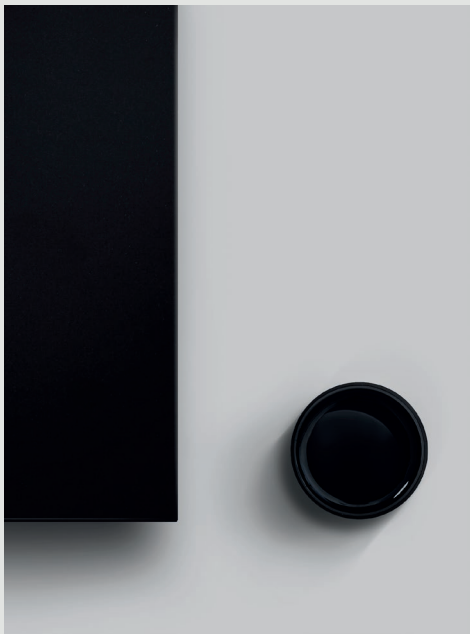

A lasting impression.

COLORSTEEL® Matte offers a refined, elegant aesthetic through an innovative new paint technology, specially designed to diffuse light for a soft textured look.

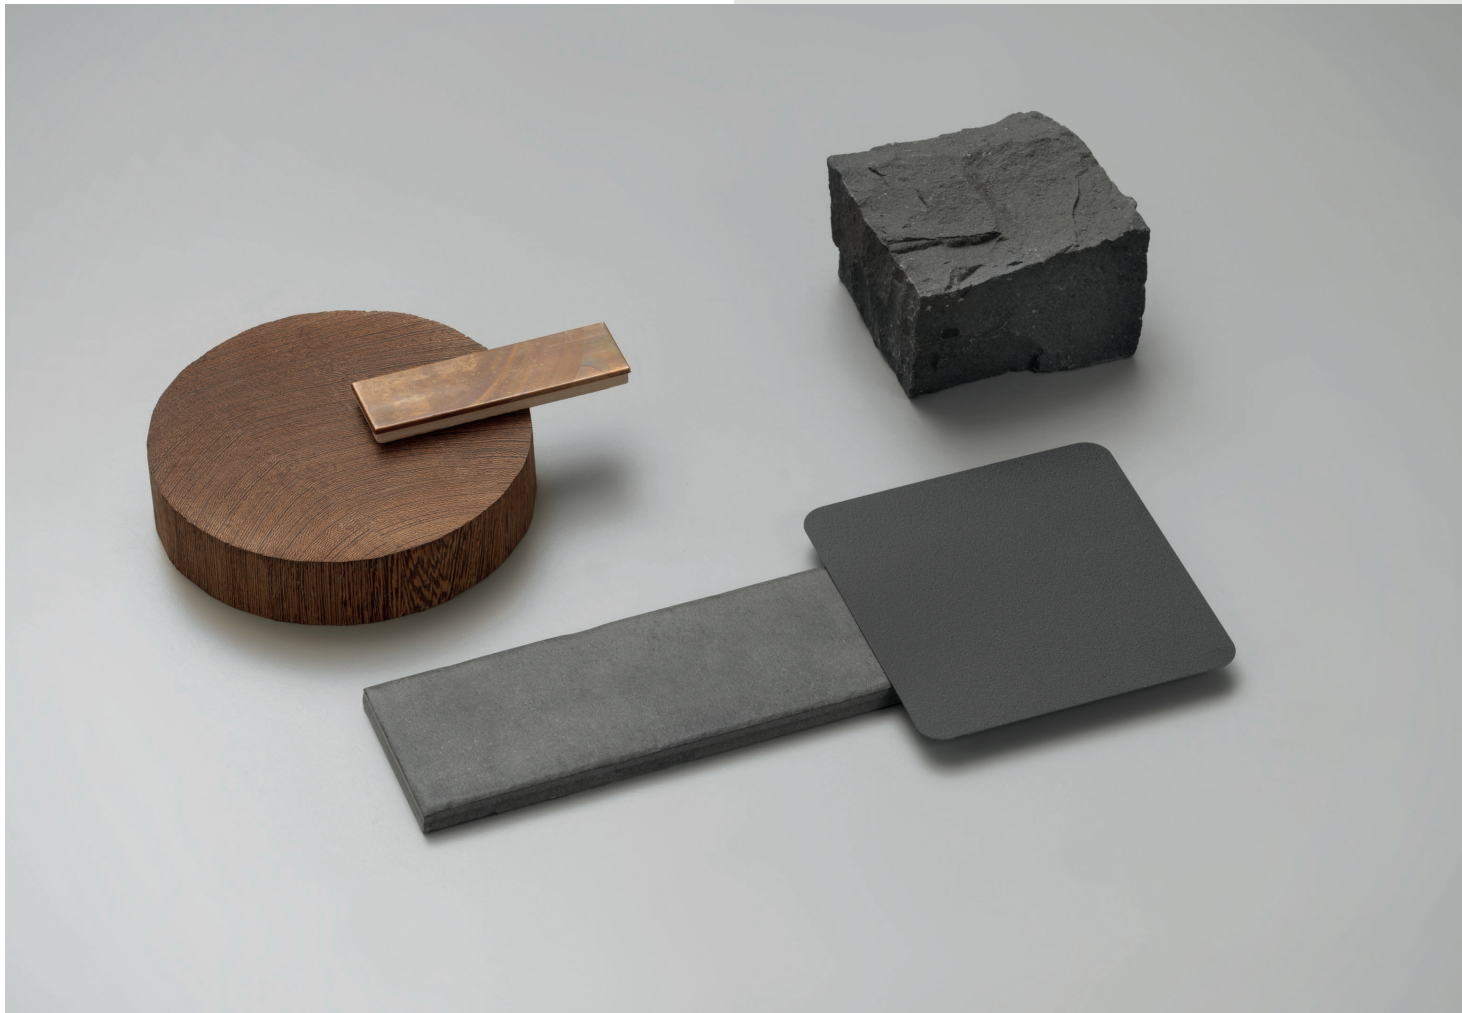

An ideal solution for roofing and wall cladding systems that demand a contemporary and sophisticated style, COLORSTEEL® Matte incorporates microwrinkle technology to create a more textured finish with both subtlety and depth.

This new innovation offers the same quality you expect from COLORSTEEL® products – it is made, tested and trusted for New Zealand conditions.

Make your style statement.

COLORSTEEL® Matte is available in FlaxPod®, TidalDrift® and SnowStone™ bringing further depth and character to the distinctive COLORSTEEL® range.

Designed for roofing, wall cladding, fascia and rainwater applications, COLORSTEEL® Matte will elevate your exteriors and help create a sleek, modern look.

This contemporary finish is especially stylish when paired with a tray profile. It can also be used with trapezoidal and corrugated profiles.

Bring your design vision to life with COLORSTEEL® Matte.
