Parkland is committed to the health and safety of its employees as well as the safety of the public and the environment in which it operates. We expect all employees, suppliers, subcontractors, and consultants to maintain a commitment to be fit-to-work and to demonstrate responsible behavior while conducting business with our organization. This includes that their workers comply with Parkland's policies and code of conduct.

Suppliers are also encouraged to implement their own comprehensive substance abuse policies and to educate their staff on the importance of workplace safety and professionalism.

We prioritize the health & safety and well-being of our employees and clients and expect suppliers to uphold the same standards of integrity and accountability.
