

Refinery Operational Update

February 9, 2024

Dear neighbour,

Our scheduled maintenance is progressing as planned. At this time, there is a low likelihood of smoke or odours. You may notice increased traffic with additional contractors on site. We have a traffic management plan in place that specifies routes and directions of travel to help minimize the impact.

There is the potential for increased noise as we complete this work but have scheduled activities during daytime hours to minimize disruptions. We continue to work closely with our regulators, stakeholders and community neighbours.

For the most up-to-date information, please visit our website at www.burnabyrefinery.ca. You can also contact us by email (CommunityBC@parkland.ca) or by phone (604-257-4040) if you have any questions.
