Potential Elevated Flare Due to Planned Scheduled Maintenance

The Burnaby Refinery is preparing for its planned scheduled maintenance. Process units will be brought offline starting Friday, January 31st over the course of several days in preparation for the maintenance work. During this time, nearby residents may notice increased flaring and potential noise. Traffic management plans are in place to mitigate any potential impacts to the community.

The Refinery is committed to safe, reliable and efficient operations. All safety and environmental protocols are being followed, and all required regulators and stakeholders have been notified.
