Potential Elevated Flare

The Parkland Burnaby Refinery experienced an issue with a piece of equipment which resulted in temporary elevated flaring this morning. As the Refinery works to resume full operations, nearby residents may notice a higher-than-normal flare and potential noise from the flaring.

The Refinery is committed to safe, reliable and efficient operations. All safety and environmental protocols are being followed, and all required regulators have been notified.

For more information, please contact our Community Relations team at 604-257-4040 or communityBC@parkland.ca. You can also visit our Burnaby Refinery website at www.burnabyrefinery.ca.
