1.2 Interpretation

- 1.2.1 Day to day interpretation of the rules is the responsibility of the Court Controllers, Referee Coaches and Referees. Their decision will be adhered to, to enable continuation of a game

- 1.2.2 Disputation of interpretation must follow the procedure. For further clarification refer to section 16 'Reports and Protests'

2 Rules and General Provisions

2.1 Rules

- 2.1.1 FIBA official basketball rules and official interpretations shall apply unless otherwise provided in these by-laws
- 2.1.2 As our competition is not fully timed, minor adjustments will be made to the FIBA rules which cannot be enforced fairly without stopping the game clock
- 2.1.3 Special conditions apply to certain Competitions. For further clarification refer to section 17 'Special Rules'
- 2.1.4 RBRA Rules and By-Laws shall apply in other administrative matters not covered by these rules
- 2.1.5 Categories of Restricted Players:
- Class One Restricted Players: Where applicable, teams are limited to a maximum of two (2) Class One Restricted Players per team
 - Class Two Restricted Players: Where applicable, teams are limited to a maximum of two (2) Class Two Restricted Players per team, plus additional Class Two restricted players for any unused Class One restricted spots
 - Overall Restricted Players: This category includes all Class One Restricted Players as well as Class Two Restricted Players
 - Semi-Restricted Players: Semi-Restricted Players are a separate classification and do not count toward a team's Overall Restricted Player total. The total number of Semi-Restricted players allowed is increased by one for any unused restricted spots
- 2.1.6 Restricted Player Caps and Substitutions:
- In U14-21 boys and U14 girls there is a total cap of 4 restricted players and 2 semi-restricted players – in the case where a team does not have their maximum allotted 4 restricted players, they can use extra semi-restricted players to fill that spot
 - For example, in U14 Boys Winter, a team could have: 2x Class-1 Restricted Players, 2x Class-2 Restricted Players (which is 4 out of the 4 allowed restricted players). And they could have 2x Semi-Restricted Players to fill up to 6 with a restriction label
 - Or a team could have: 2x Class-1 Restricted Players, 1x Class-2 Restricted Players (which is 3 out of the 4 allowed restricted players). So, then they would be allowed 3x Semi-Restricted Players to fill up to 6 players with a restriction label
 - If a team only has 1x Class-1 Restricted Player, then they can use an extra Class-2 Restricted Player to fill up to a total of 4 restricted players (not including semi-restricted)
 - No Team is ever allowed to exceed the cap of 2x Class-1 Restricted Players
- 2.1.7 Determination of Restricted Status:

- Restricted player status is determined at the conclusion of Term 1 WABL team selections, when teams are finalised for Grading and WABL competition
- 2.1.8 Once WABL teams are finalised:
- Restricted player status is locked in accordance with Section 2.1.5, Section 2.1.10 and Appendix E for a 12-month cycle, covering:
 - The upcoming Winter season, and
 - The subsequent Summer season
 - Term 1 WABL selections do not affect the restricted status of players participating in a Summer season already in progress
- 2.1.9 WABL Roster Selection and Player Movement
- Restricted status is based on full WABL roster selection.
 - Players selected as Development Players (DPs) are not classified as restricted at the time of WABL selection
- 2.1.10 Roster changes are treated as follows
- If a player is elevated to the full WABL roster prior to grading games to replace a withdrawal or season-ending injury, that player will assume restricted status in line with Section 2.1.5
 - If a player is selected for a WABL team but withdraws permanently prior to the first game of WABL Grading, they do not take on the restricted status as specified in Section 2.1.5
 - If a WABL DP or non-selected player is elevated to a full-time WABL roster spot after the time of the first game of WABL Grading, their restricted status does not change for the upcoming Winter Domestic Season. The player's status would change the next domestic season, the Summer Season, as a way to give teams enough time to make plans with domestic team rosters
 - If a DP is utilised as a temporary fill-in for an injured or missing full-time rostered player, this does not alter restricted status for the DP. If a player from the age group below or a team below play up as a fill in for another WABL team, this also does not alter restricted status for the fill in. Restricted status is only determined by the team the player was selected in as a full-time rostered player at the time of grading starting
 - What classes as a full-time rostering of a player vs a fill-in at the time of determination, is at the ultimate discretion of the Competition Manager and PCDM. But will be determined based on considerations of whether there was a season-ending injury or withdrawal of a player on the team for the rest of the season, versus just an opening that will eventually be taken back

The RBRA has various 'Codes of Conduct' and 'Policies' in place including a Zero tolerance Policy. All Players, Coaches, Teams, Game Officials and Spectators are expected to abide by these.

*** For further clarification refer to Appendix A and B 'RBRA Disciplinary Tribunal and BWA Player Offences and Penalties'

RBRA Player or Coach Suspension

This penalty applies to any player or coach found in breach of the official rules during the game. Disqualification and game ejection will be enforced according to the specific criteria outlined below.

If a player receives any combination of 2 Category 1 Techs / 2 Flagrant / 1 Category 1 Tech + 1 Flagrant they will be disqualified from the game and may receive a further suspension from all RBRA activities.

If a head coach receives two Category 1 technical fouls for their own behaviour, or three Category 1 technical fouls arising from bench behaviour they will be disqualified from the game and may receive a further suspension from all RBRA activities.

Any Further suspension will be determined by the CM, PCDM and HPM and communicated to those involved.

Any suspension does not necessarily exclude them from being reported to the RBRA and having to face a tribunal for further consideration.

The outcome of that hearing is separate to this RBRA By-law, and any RBRA player or coach suspension for the above will be upheld and not be overturned.

Penalties resulting from this apply to all RBRA events, irrespective of the grade or division in which the penalty was received in:

- An ejection applies to the entirety of the game night, meaning a player or coach ejected from an U16s game is also unable to play or coach in their U18s game later that same evening

- This is the same for a 1-week suspension, in which the suspended person is **unable** to play or coach in **any** of their games the following week
- This suspension also extends to participating in WABL games, referee rosters, court controlling or volunteering
- Note: '**1 week**' refers to **1 game week**, rather than calendar week. This prevents a suspended player or coach from circumventing the suspension if they have a bye the following week.

Seniors Competitions

In the Senior Competitions, there will be an additional penalty fine attached to all Automatic '1' week player suspensions. This will be deducted from the Teams Senior bond and must be replenished prior to the next scheduled game. The penalties are as follow:

- First Offence is: \$50.00
- Second Offence: \$100.00 plus an RBRA Disciplinary meeting
- The RBRA may impose fines, penalties or chargers as it sees fit for flagrant disregard of the Domestic Rules, By-laws Codes of Conducts and Policies

Appendix D

Players And Playing Age Groups

For the purposes of this appendix:

- **'Age Group'** refers to the age group which a player belongs to.
- **'Division'** refers to the categories used to group teams within a Age Group. These divisions are based on skill levels (A, B, C and so on).

To play in any RBRA Competition, a Player is required to play in the age group which is determined by the Players year of birth. Playing a Player who does not adhere to these rules is classed as playing an illegal Player.

Juniors Competitions

Junior Players must play in the age group that is determined by their year of birth and may play up '1' age group above their birth grade as a second competition. Players cannot play in the above age group alone.

A Junior Player shall be considered an illegal Player if they fail to meet the following age requirements:

- **Under 08s Mixed**, a Player must be turning at least '5' years old and at most '7' years old on the 31st of December in the year that the season ends
- **Under 10s Boys and Girls**, a Player must be turning at least '6' years old and at most '9' years old on the 31st of December in the year that the season ends
- **Under 12s Boys and Girls**, a Player must be turning at least '8' years old and at most '11' years old on the 31st of December in the year that the season ends
- **Under 14s Boys and Girls**, a Player must be turning at least '10' years old and at most '13' years old on the 31st of December in the year that the season ends
- **Under 16 Boys**, a Player must be turning at least '12' years old and at most '15' years old on the 31st of December in the year that the season ends
- **Under 17 Girls**, a Player must be turning at least '12' years old and at most '16' years old on the 31st of December in the year that the season ends
- **Under 18s Boys**, a Player must be turning at least '14' years old and at most '17' years old on the 31st of December in the year that the season ends
- **Under 20 Girls**, a Player must be turning at least '15' years old and at most '19' years old on the 31st of December in the year the season ends
- **Under 21s Boys**, a Player must be turning at least '16' years old and at most '20' years old on the 31st of December in the year that the season ends

- If there is no under 18s Girls competition, those players ineligible to play in the under 17s competition, may play in the Seniors competition alone
*** For further clarification refer to the 'Age Groups by Year of Birth Table' at the end of this section

Senior Competitions

Senior Players may fill-in for a division that is higher to the one they are playing in, but may not play in a division that is lower than the division they are playing in.

Junior Players may play in the Seniors competition by adhering to the following rules:

- To play in the Seniors Competition, a Player must be turning '15' years old by the 31st December in the year that the season ends
- Juniors may play in the Seniors competition as a second Competition, but not in the Seniors Competition alone
- Juniors who play in the Seniors competition do so at their own risk
- Juniors who play in the Senior competition will be subject to the same rules and penalties as a Senior Player including:
 - Automatic '1' week player suspension (refer to Appendix B and C) including the penalty fine that applies
 - Ejection from the game into the foyer

Player Transition - Juniors

The RBRA Summer Competition crosses 2x year groups, with a Players Age Group being determined by the year that the Competition season ends.

Summer Season sees top aged Players from the previous Winter season transition up an age group to become bottom aged Player in the age group above.

EG: Playing in the U12s for Winter 2023 yet turning 12 years old in 2024 at any time from January 1st - December 31st, requires that Player to move up to the U14s for the 2023-24 Summer Season.

WABL players will take their classification to the next age group for the Summer Season.

WABL Players in RBRA Domestic – Juniors

WABL players may be classed as restricted when playing in the RBRA Domestic competitions. This means that there is a maximum limit to how many WABL Players can play in any '1' team, whether being an in-age or out-of-age Player.

WABL players may not be classed as a restricted player. The restriction rules differ between male and female players, and this can be seen below.

Categories Of Restricted Players

- Class One Restricted Players: Where applicable, teams are limited to a maximum of two (2) Class One Restricted Players per team
- Class Two Restricted Players: Where applicable, teams are limited to a maximum of two (2) Class Two Restricted Players per team, plus additional Class Two Restricted Players for any unused Class One restricted spots
- Overall Restricted Players: This category includes all Class One Restricted Players as well as Class Two Restricted Players
- Semi-Restricted Players: Semi-Restricted Players are a separate classification and do not count toward a team's Overall Restricted Player total. The total number of Semi-Restricted Players allowed is increased by one for any unused restricted spots

Restricted Player Caps and Substitutions

- In U14-21 boys and U14 girls there is a total cap of 4 restricted players and 2 semi-restricted players – in the case where a team does not have their maximum allotted 4 restricted players, they can use extra semi-restricted players to fill that spot
- For example, in U14 Boys Winter, a team could have: 2x Class-1 Restricted Players, 2x Class-2 Restricted Players (which is 4 out of the 4 allowed restricted players). And could have 2x Semi-Restricted Players to fill up to 6 with a restriction label
- Or a team could have: 2x Class-1 Restricted Players, 1x Class-2 Restricted Players (which is 3 out of the 4 allowed restricted players). So, then they would be allowed 3x Semi-Restricted Players to fill up to 6 players with a restriction label
- If a team only has 1x Class-1 Restricted Player, then they can use an extra Class-2 Restricted Player to fill up to a total of 4 restricted players (not including semi-restricted)
- No Team is ever allowed to exceed the cap of 2x Class-1 Restricted Players

Determination of Restricted Status

- Restricted player status is determined at the conclusion of Term 1 WABL team selections, when teams are finalised for Grading and WABL competition

Once WABL teams are finalised:

- Restricted player status is locked in accordance with Section 2.1.5 for a 12-month cycle, covering:
 - The upcoming Winter season, and
 - The subsequent Summer season

- Term 1 WABL selections do not affect the restricted status of players participating in a Summer season already in progress

WABL Roster Selection and Player Movement

- Restricted status is based on full WABL roster selection
- Players selected as Development Players (DPs) are not classified as restricted at the time of WABL selection

Roster Changes are Treated as Follows:

- If a player is elevated to the full WABL roster prior to grading games to replace a withdrawal or season-ending injury, that player will assume restricted status in line with Section 2.1.5
- If a player is selected for a WABL team but withdraws permanently prior to the first game of WABL Grading, they do not take on the restricted status as specified in Section 2.1. 5
- If a WABL DP or non-selected player is elevated to a full-time WABL roster spot after the time of the first game of WABL Grading, their restricted status does not change for the upcoming Winter Domestic Season. The player's status would change the next domestic season, the Summer Season, as a way to give teams enough time to make plans with domestic team rosters
- If a DP is utilised as a temporary fill-in for an injured or missing full-time rostered player, this does not alter restricted status for the DP. If a player from the age group below or a team below play up as a fill in for another WABL team, this also does not alter restricted status for the fill in. Restricted status is only determined by the team the player was selected in as a full-time rostered player at the time of grading starting
- What classes as a full-time rostering of a player vs a fill-in at the time of determination, is at the ultimate discretion of the Competition Manager and PCDM. But will be determined based on considerations of whether there was a season-ending injury or withdrawal of a player on the team for the rest of the season, versus just an opening that will eventually be taken back

State, NBL1, NBL1 Development Players - Juniors

A Team may have no more than '1' Player who has a classification of a State, NBL1 contracted, NBL1 Development Player

Penalties Apply for Playing an Illegal Player

Penalties will apply to those found breaching the above rules. These are as follows:

- If a team fields an illegal player or does not comply with Appendix A, B, C, D or E they shall lose the game by forfeit and the opposition team will be awarded the win

- A player or Coach knowingly playing an illegal Player may be reported for unsportsmanlike behaviour to the RBRA Tribunal Committee
 - Any protests in relation to eligibility of a Player must be directed to the Court Controller at the time and follow procedure outlined in section '15' 'Reports and Protests'
- ***For further clarification refer to Section 6 'Illegal Players' and Appendix A, B, C, D and E

Appendix F

2026-2027 – General Information

Age Groups Are Based on Year of Birth

Players are placed in Age Groups based on how old they turn in the calendar year the season ends — not their age at the start of the season, or their school year.

- For Summer 2026–27, we look at the year 2027 (commences in Term 4-2026, ends in Term 1-2027)
- For Winter 2027, we still look at 2027 (commences in Term 2-2027, ends in Term 3-2027)

Examples

- If a player is turning 13 in 2027 (born in 2014), they must play in Under 14s
- If a player is turning 14 in 2027 (born in 2013), they are too old for Under 14s and must move up to the next age group which is Under 16s

Even if a player's birthday is late in the year (like November or December), the rule still applies based on the year they turn that age — not when during the year.

Players can only play in '1' team per age group, and not in multiple divisions within the age group

Example

- If a player's age group is Under 14s, they cannot play in both division A and B

Age groups: Under 08, 10, 12, 14, 16, 17, 18 etc

Divisions within the age groups: A, B, C etc

Juniors Playing in Seniors

Junior players must be turning 15 years old during the calendar year the season ends to play in the Seniors competitions, however Players must still play in the age group determined by year of birth first.

Junior Female Players in Seniors

Female players - bottom aged Under 17s will be permitted to play a maximum of two games in the Senior Women's competition during the season.

- These players may only participate as fill-in players
- They must be added courtside by the Court Controller only

Important: If a 2013-born player participates in more than two games, all games they played in, exceeding this, will be deemed forfeits.
