(based on a hypothetical \$10,000 investment)

Class Name	Costs of a \$10,000 investment	Costs paid as a percentage of a \$10,000 investment
Class I	\$60	0.58%

How did the Fund perform during the reporting period?

The Fund's performance for the year ended June 30, 2025, was materially impacted by interest rate movements across the yield curve and the performance of corporate bonds relative to treasuries. The Fund's investments outperformed its benchmark net and gross of fees. The Fund benefited from an overweight to corporate bonds and a significant underweight to treasury bonds as corporate bonds outperformed treasuries. The Fund's investments in corporate bonds also outperformed the performance of corporate bond allocations within the benchmark. Visit <https://www.eventidefunds.com> for more recent performance information.

How has the Fund performed since inception?

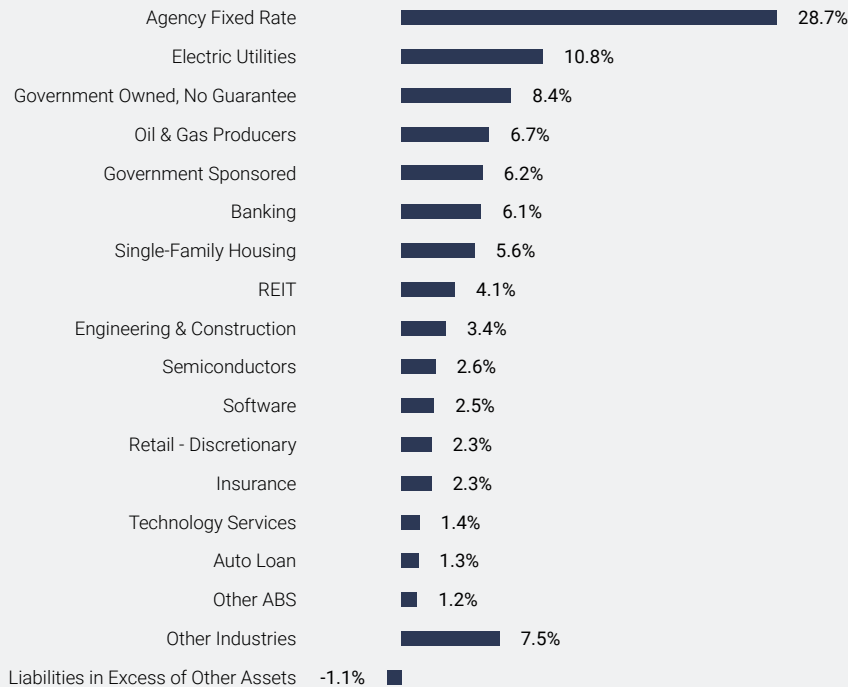

The Fund's past performance is not a good predictor of how the Fund will perform in the future. The graph and table do not reflect the deduction of taxes that a shareholder would pay on fund distributions or redemption of fund shares. In connection with new SEC Rules on shareholder reporting, the Fund's performance information above is compared with a broad-based benchmark, Bloomberg US Aggregate Index, which represents the overall domestic bond market.
