

**Bolt Operations OÜ to operate Bolt Rides platform and become the controller of personal data effective from 01.01.2022**

The following companies are involved in operating Bolt platforms for You:

- **Bolt Rides (ride-hailing)** - Bolt Technology OÜ (**Bolt Technology**)
- Bolt Food - Bolt Operations OÜ (**Bolt Operations**)
- Bolt Rentals (e-scooters and Bolt Drive) - **Bolt Operations**
- where the provision of the platform service requires locally licensed company – to the extent covered by the scope of the local license (**locally licensed operations**), our local subsidiary or cooperation partner holding the relevant local license.

This is to inform You that effective from **01.01.2022 Bolt Operations** will replace **Bolt Technology** with respect to **Bolt Rides** as the platform operator to streamline and simplify contracting between You and us.

That means that all agreements with **Bolt Technology** covering Your use of **Bolt Rides** platform, including agreement(s) based on our terms and conditions available on [website](#), apply effective from **01.01.2022** between You and **Bolt Operations**.

The foregoing does not apply to locally licensed operations, where a locally licensed company continues as a contracting company with respect to activities that are linked to **Bolt Rides** platform and fall under the scope of the local license.

The above change will also impact privacy policies covering the processing of Your personal data in connection with **all our platforms**: effective from **01.01.2022 Bolt Operations** will assume the role of the data controller from **Bolt Technology** in all instances where **Bolt Technology** acts as the controller **today**.

Replacement of **Bolt Technology** is effected through *the transfer of enterprise* in accordance with the Estonian law, which means that transfer of contractual rights and obligations related to operation of Bolt Rides platform from **Bolt Technology** to **Bolt Operations** does not require any action from You.

Updated terms and conditions and privacy policies reflecting the changes above will be available on our [website](#) on or before **01.01.2022**.
