I've been healthy most of my life, but my cholesterol has always been over the roof.	Becky	00:00:08,000
They couldn't do nothing for me, because it was hereditary.	Becky	00:00:15,000
One time I saw a flyer and it was talking about clinical trials.	Becky	00:00:19,000
You take 30 minutes out of a week. It's no big thing.	Becky	00:00:24,000
[Becky laughing] "You and your fast self"	Becky	00:00:31,000
Clinical trials are good. You are not only helping yourself, you are helping other people.	Becky	00:00:33,000
They'll reap the benefits if that medication turns out to be a good medication.	Becky	00:00:39,000
