

HireRight Integrated with Oracle Taleo Business Edition (TBE)

Oracle Talent Management | Background Check

Integrations Done Right

- Data mapping to eliminate duplicate entry and increase accuracy
- Real-time status updates
- Mobile optimization to enhance candidates' experience

Recruiting top talent is critical for the success of any organization.

Integrating HireRight employment background screening with **Oracle Taleo Business Edition (TBE)** allows you to hire quality employees more quickly, saves your organization time and money, and improves both the candidate and recruiter experiences.

Highly configurable packages allow users to order any of HireRight's 200+ global services including background checks, drug testing and electronic I-9 services and receive real-time results, all from within **Oracle Taleo Business Edition (TBE)**. Candidate information from Oracle will pre-populate the HireRight background check form, reducing duplicate data entry, administration, and time.

HireRight's dedicated integration team of experienced pre-sales and technical consultants will work closely with you to ensure an efficient implementation. The integration is easy, with no middleware or development required. Future HireRight solution enhancements ensure maximum long-term ROI.

Through our partnership and integrated solution, HireRight and Oracle are committed to assisting mutual customers to leverage their investment more effectively in recruiting and background screening solutions for truly optimized performance.
