

HIRE FASTER. STAY COMPLIANT. BUILD SAFER FLEETS.

HireRight + Avatar Integration

HireRight and Avatar have partnered to help motor carriers hire qualified drivers faster, reduce risk, and strengthen safety programs. Together, we deliver a native, fully integrated background screening solution that connects every step of the screening process—consent, ordering, and result delivery—inside DriverHub for complete DOT compliance.

Avatar's DriverHub is a driver-first Applicant Tracking System (ATS) and Driver Qualification File (DQF) platform that integrates natively with HireRight's industry-leading background screening solutions. HireRight is the trusted leader in employment screening for DOT-regulated and non-regulated transportation organizations, providing comprehensive services that help you meet and exceed FMCSA pre-employment and ongoing compliance requirements.

From criminal background checks to drug and alcohol testing, HireRight delivers fast, accurate, and reliable screening results—ordered, tracked, and filed entirely within DriverHub without tab-switching or manual uploads.

Act Fast on the Best Candidates

DriverHub, Avatar's driver-first Applicant Tracking System (ATS), enables recruiters to quickly identify, engage, and move qualified drivers forward—with HireRight background screening ordered in one click and results returned automatically to the DQ file.

Integration Benefits: Avatar + HireRight

Hire Faster

Recruiters place orders without leaving DriverHub—cutting time-to-hire and removing manual handoffs. One-click ordering from the screening section, driver profile, or bulk browser action eliminates the 4-step, 2-platform process.

Enhance the Candidate Experience

The HireRight release form is collected electronically inside the pre-hire workflow—signed, captured, and attached to the right candidate automatically. No separate DocuSign, paper form, or duplicate data entry required.

Simplify Your Workflow

Completed background check PDFs return automatically to the driver's electronic DQ file in DriverHub—no manual download or upload required. The Background Check Browser gives compliance managers a fleet-wide view of every order status and result in one place.

Screening Solutions

HireRight screening packages are configured directly between the customer and HireRight to align with your operational needs and regulatory requirements. The DriverHub integration supports all screening types—pre-employment, post-accident, physicals, and periodic re-screens.

Highlighted Services Include:

Criminal Background Checks

- Criminal Record Checks
- Motor Vehicle Records (MVR) & Ongoing Monitoring
- Commercial Driver License Information System (CDLIS)
- FMCSA Pre-Employment Screening Program (PSP)

Verifications

- DAC Employment History File
- Employment Verification
- FMCSA Drug & Alcohol Clearinghouse

Drug and Health Screening

- DOT & Non-DOT Drug, Alcohol, and Physical Testing
- Post-Accident and Reasonable Suspicion Testing

Easily Screen and Hire

- Order HireRight background checks from the screening section, a driver profile, or bulk browser action—without leaving DriverHub
- Bulk-order background checks for multiple drivers simultaneously critical for periodic re-screens
- Automatically file completed background check PDFs to the correct record in the driver's electronic Driver Qualification File

STOP LOSING HIGH-QUALITY CANDIDATES

Order HireRight background checks from inside DriverHub, get results back in the DQ File automatically—no tab-switching, no manual uploads, no compliance gaps. Consent collected. Order placed. Results filed. All in one system.
