

# IMPROVE YOUR GOOGLE, YELP, AND DOORDASH REPUTATION WITH GUEST EXPERIENCE MANAGEMENT

Automatically generate more 4- and 5-star reviews, see all of your customer feedback in one place, and easily take action on it.

## HOW IT WORKS

Guest experience management brings all your review tools into a single, easy-to-use dashboard. It helps you drive more high-quality reviews from satisfied guests while deflecting negative reviews. Respond with AI-written replies, and quickly understand what customers love most about your restaurant.

## WHY GUEST EXPERIENCE MANAGEMENT?

### ★ REACH YOUR HAPPIEST GUESTS

Automatically send a quick SMS to guests who had a great experience, inviting them to share a positive review.

### ⌚ REDUCE THE TIME YOU SPEND ON REVIEWS

Manage and respond to every review from one place, with AI-written replies and alerts that help you prioritize what needs attention.

### 💡 TURN FEEDBACK INTO IMPROVEMENTS

Use clear reports on trends, sentiment, and guest patterns to uncover opportunities to strengthen operations and the guest experience.
