

# FNZ Studio Education Catalog

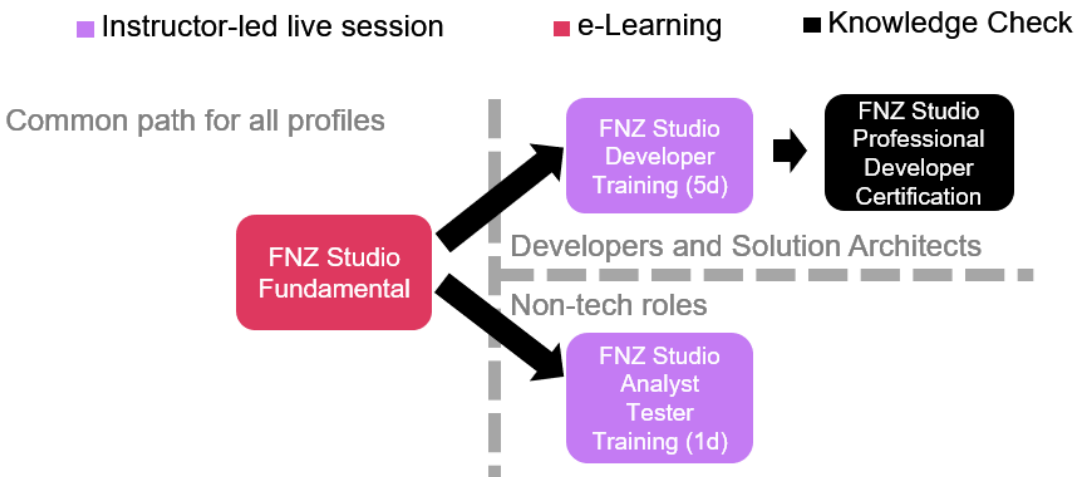

# Learn, interact, and grow with FNZ Studio Education

FNZ Studio Education Team provides a wealth of material and knowledge to help you advance with the FNZ Studio technology. Whether online or onsite, our engaging and interactive training is here to help you succeed.

## Learning Paths

We provide two main learning paths, one suitable for **Developers and Solution Architects**, the other for **Non-tech roles**, such as **Business Analysts, Business Consultants** and **Testers**.

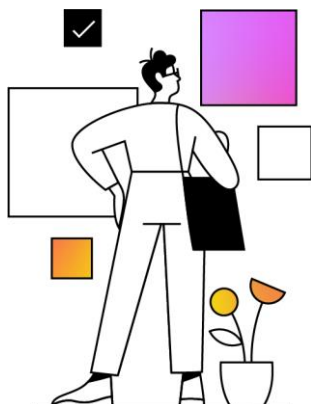

## Other areas and Custom Training

We also offer training on a variety of additional topics, including **Update Training** (focused on exploring the new features introduced in a release), **Administrator Training** (covering areas of interest for system administrators, release managers, and support engineers), and customized, ad hoc training sessions tailored to your specific needs upon request.

# Training Delivery Methods and Services

## Instructor-led Training

Modes of delivery

- Monthly scheduled public sessions via Microsoft Teams
- Dedicated sessions at your premises

The calendar of public sessions can be found on the following pages.

Fees include organization and training material. Meals are at the participants' expense.

## e-Learning

Educational, engaging, and fun lessons.

Each of the lessons combines audio, video, and interactive material to present the relevant **theory**, show the **FNZ Studio technology in action**, and refresh the knowledge using **quizzes**.

## Certification

Demonstrate your knowledge with the Professional Certification.

There are three steps to becoming a Certified professional:

- 1) **Prepare** for your Certification. Take advantage of our e-Learning and Instructor-led training.
- 2) **Register** for your Certification.
- 3) **Complete the online exam and/or the oral exam.**

Successful candidates obtain an official Certificate recognized on the market.

# Catalog Pricing – Individual request

e-Learning, live, or through a webinar

Training	Delivery method	Days	CHF	USD	SGD	CAD
<b>Fundamental</b>	e-Learning	1	1'200.-	1,500	1,900	2,000

<b>Business Analyst</b>	10	-	-	9
<b>Developer</b>	22-26	20-24	24-28	21-25
<b>Update 2025</b>	30	-	-	1
<b>Update 2024</b>	30	-	-	1
<b>Advanced DDWS</b>	-	1-2	-	2-3

# Catalog Pricing – Dedicated class request

e-Learning, at your premises, or through a webinar

Training	Delivery method	Days	CHF	USD	SGD	CAD
<b>Fundamental</b>	e-Learning	1	4'800.-	6,000	7,600	8,000
<b>Business Analyst</b>	Instructor-led	1	3'000.-	3,600	4,800	5,200
<b>Developer</b>	Instructor-led	5	16'000.-	19,600	25,600	27,200
<b>Administrator</b>	Instructor-led	1	3'000.-	3,700	4,800	5,100
<b>Update 2025</b>	Instructor-led	0.5	2'400.-	3,000	3,800	4,000
<b>Update 2024</b>	Instructor-led	0.5	2'400.-	3,000	3,800	4,000
<b>Advanced Data Driven Workspace Training</b>	Instructor-led	2	6'400.-	8,000	10,400	10,800
<b>Advanced/Custom Training</b>	Instructor-led	TBD	Price set based on training duration/type.			
<b>Prof. Dev Certification</b>	Online/Oral Exam	-	2'400.-	3,000	3,800	4,000

\*All prices are without tax. Trainee or trainer travel cost is not included in the price.

Dedicated class pricing applies to instructor-led courses session delivered to a specific customer or also as a discount for 4 to 8 individual requests to join a single public session or to 4 to 8 e-learning seats in a single request.

# Catalog Pricing – Subscription through credits

Looking for a discount? You can buy **FNZ Studio Credits** upfront and pay your courses through credits.

You can buy a **Minimum of 25 Credits** at the cost in the following table

	Price (CHF)	Price (USD)	Price (SGD)	Price (CAD)
<b>1 FNZ Studio Credit</b>	400	490	640	680

...and then you can spend these credits to buy trainings according to the table below\* achieving relevant discounts.

Training	Credits per individual	Credits per class	Discount vs Catalogue price
<b>Fundamental</b>	2	8	33%
<b>Business Analyst</b>	1	4	46%
<b>Developer</b>	7	28	30%
<b>Administrator**</b>	1/2	4/8	46%
<b>Update 2025</b>	1	4	33%
<b>Update 2024</b>	1	4	33%
<b>Advanced DDWS</b>	3	12	25%
<b>Prof. Dev Certification</b>	1	4	33%

\* An updated version of this table will be included in the contract

\*\* Individual and Dedicated Class requests maintain the same access criteria described previously

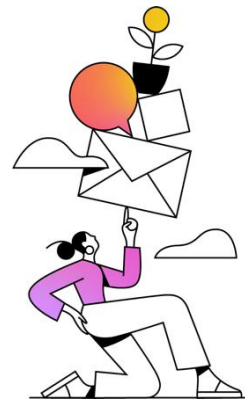

# Courses Description

## FNZ Studio Fundamental E-learning

In this **e-learning**, you will get to know the **basics of FNZ Studio** and discover what you need to **build a small application**, covering topics such as **data modeling, data gathering, and process design**.

More specifically, this e-learning covers:

- What is FNZ Studio
- Technology and Solution Architecture
- Process Modeling
- Data Modeling
- Data Driven Interface Design
- Script Language Basics
- Process Execution

## FNZ Studio Developer Training

A **5 days instructor-led training** that deepens your technical knowledge around FNZ Studio Solution configuration and development aspects. **The Fundamental E-learning** is a **prerequisite** for this course.

More specifically, this course covers the development aspects around:

- Data Class and Script Language
- Catalogs
- Data Gathering and Data Logic
- Process
- Rules and PDF
- Integration
- Interface Driven Design

# Courses Description

## Business Analyst

This **1-day instructor-led** training provides a full feature overview suitable for Analyst Testers, Business Analysts, Project Managers, Project Owners and all the professionals who need to know what it is possible to do without a full deep dive on technical details.

The training shows through a presentation and some simple practical activities the impact of each Business Object type on final solutions, with a stronger focus on Process Modeling. No coding skills required.

## Administrator Training

This **instructor-led training** covers the **Platform Configuration, Monitoring and Maintenance Aspects** with a training path that lasts up to 1 day, depending on the desired topics.

## Update 2025

The **Update 2025** Training is a **half-day Instructor-led Training** covering the main aspects of the FNZ **Studio release 2025-LTS**. Specifically:

- AI Agent Business Object Editor
- Introduction of Change Tracking
- New Loading App Task
- Configurable Review Mode for Single Tasks
- Validation Framework and Error Handling Improvements
- Custom Action Personalization

Option to combine 2024 and 2025 changes into a single full-day session.

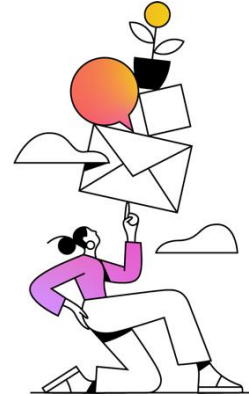

# Courses Description

## Update 2024

The **Update 2024** Training is a **half-day Instructor-led Training** covering the main aspects of the FNZ **Studio release 2024-LTS**. Specifically:

- New Text Control modes in Data Logic/DDW
- Tables in Data Driven Workspace
- New Data Rules in Data Logic
- Modal Editing of Collections in Data Logic
- Configurable Field Size
- Ad-Hoc Sub-Process Review Mode
- DDWS Inspector Tool and Integration Console
- Support for Big Decimal and Big Integer
- Platform upgrades highlights

Option to combine 2024 and 2025 changes into a single full-day session.

## Advanced Data Driven Workspace

This **2 days instructor-led** course covers the Platform components related to the new FNZ Studio Data-Driven Workspace, including Application Business Components and process components enabling it. It is ideal for developers trained on Appway 11 or 2022 to catch-up with the most relevant and recent developments within FNZ Studio. More specifically:

- Data Driven Workspace Paradigm
- Ad-Hoc Navigation
- Apptasks and Application Business Compone
- Data Gathering
- Digital Binder
- Relationship Definition
- Data Review and Business Data Comparison
- Theming, Inspector and Developer Tools.
