Training Delivery Methods and Services

Instructor-led Training

Modes of delivery
- Monthly scheduled public sessions via Microsoft Teams
- Dedicated sessions at your premises

Public sessions calendar and registration process are available on our website
https://www.onboarding.fnz.com/solutions/education

Fees include organization and training material.
Meals are at the participants' expense.

e-Learning

Educational, **engaging,** and **fun** lessons.

https://dev-grow.fnz.com/

Each of the lessons combines audio, video, and interactive material to present the relevant **theory**, show the **FNZ Studio technology in action**, and refresh the knowledge using **quizzes**.
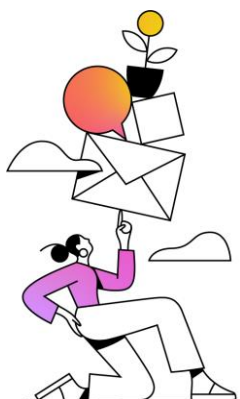

Certification

Demonstrate your knowledge with the Professional Certification.

There are three steps to becoming a Certified professional:
1) **Prepare** for your Certification. Take advantage of our e-Learning and Instructor-led training.
2) **Register** for your Certification.
3) **Complete the online exam *and/or* the oral exam.**
   Successful candidates obtain an official Certificate recognized on the market.

Courses Description

FNZ Studio Fundamental E-learning

In this **e-learning**, you will get to know the **basics of FNZ Studio** and discover what you need to **build a small application**, covering topics such as **data modeling**, **data gathering**, and **process design**.

More specifically, this e-learning covers:

- What is FNZ Studio
- Technology and Solution Architecture
- Process Modeling
- Data Modeling
- Data Driven Interface Design
- Script Language Basics
- Process Execution

FNZ Studio Developer Training

A 5 days instructor-led training that deepens your technical knowledge around FNZ Studio Solution configuration and development aspects that. The **Fundamental E-learning** is a pre-requirement for this course

More specifically, this course covers the development aspects around:

- Data Class and Script Language
- Catalogs
- Data Gathering and Data Logic
- Process
- Rules and PDF
- Integration
- Screen BO and Interface Driven Design

Courses Description

Analyst Tester Training

This **1-day instructor-led** training provides a full feature overview suitable for Analyst Testers, Business Analysts, Project Managers, Project Owners and all the professionals who needs to know what it is possible to do without a full deep dive on technical details.

The training shows through a presentation and some simple practical activities the impact of each Business Object type on final solutions, with a stronger focus on Process Modeling. No coding skills required.

Administrator Training

This **instructor-led training** covers the **Platform Configuration, Monitoring and Maintenance Aspects** with a training path that lasts up to 1 day. It can be further extended by covering also **Dev-Ops, Deployment Automation aspects and Platform Installation,** reaching a duration of 2 full days.

Update 2023

The **Update 2023** Training is **an half-day Instructor-led Training** covering the main aspects of the FNZ **Studio release 2023-LTE**. Specifically:

- Visual Changes in the Editor
- Inline Actions
- Studio Permissions
- Virtual Groups
- Swimlane Sentries
- Troubleshooting Console
- Data Layout BO and Custom Tags
- Minor Improvements

Option to Embed in 1 full day 2022+2023 changes

FNZ

*Holders of Legacy Update and Grow access can join an Update 2023 training session at their convenience.

Courses Description

Update 2022

The **Update 2022** Training is **an half-day Instructor-led Training** covering the main aspects as of FNZ **Studio release 2022.2-LTE**. Specifically:

- Ad-Hoc Sub-Processes
- Lazy Loading
- Studio UI Improvements
- Studio Permissions
- Global Search and Translation Tool

*Holders of Legacy Update and Grow access can join an Update 2022 training session at their convenience.
