

# FNZ Studio Education Catalog

# Learn, interact, and grow with FNZ Studio Education

FNZ Studio Education Team provides a wealth of material and knowledge to help you advance with the FNZ Studio technology. Whether online or onsite, our engaging and interactive training is here to help you succeed.

## Learning Paths

We provide two main learning paths, one suitable for **Developers and Solution Architects**, the other for **Non-tech roles**, such as **Business Analysts, Business Consultants** and **Testers**.

## Other areas and Custom Training

We also offer training on a variety of additional topics, including **Update Training** (focused on exploring the new features introduced in a release), **Administrator Training** (covering areas of interest for system administrators, release managers, and support engineers), and customized, ad hoc training sessions tailored to your specific needs upon request.

# Training Delivery Methods and Services

## Instructor-led Training

Modes of delivery

- Monthly scheduled public sessions via Microsoft Teams
- Dedicated sessions at your premises

Public sessions calendar and registration process are available on our website

<https://www.onboarding.fnz.com/solutions/education>

Fees include organization and training material. Meals are at the participants' expense.

## e-Learning

**Educational, engaging, and fun lessons.**

Each of the lessons combines audio, video, and interactive material to present the relevant **theory**, show the **FNZ Studio technology in action**, and refresh the knowledge using **quizzes**.

## Certification

Demonstrate your knowledge with the Professional Certification.

There are three steps to becoming a Certified professional:

- 1) Prepare** for your Certification. Take advantage of our e-Learning and Instructor-led training.
- 2) Register** for your Certification.
- 3) Complete the online exam and/or the oral exam.** Successful candidates obtain an official Certificate recognized on the market.

# Catalog Pricing – Individual request

e-Learning, live, or through a webinar

\*All prices are without tax. Trainee or trainer travel cost is not included in the price.

Dedicated class pricing applies to instructor-led courses session delivered to a specific customer or also as a discount for 4 to 8 individual requests to join a single public session or to 4 to 8 e-learning seats in a single request.

# Catalog Pricing – Subscription through credits

Looking for a discount? You can buy **FNZ Studio Credits** upfront and pay your courses through credits.

You can buy a **Minimum of 25 Credits** at the cost in the following table

	Price (CHF)	Price (USD)	Price (SGD)	Price (CAD)
1 FNZ Studio Credit	400	440	600	600

...and then you can spend these credits to buy trainings according to the table below\* achieving relevant discounts.

Training	Credits per individual	Credits per class	Discount vs Catalogue price
Fundamental	2	8	33%
Business Analyst	1	4	46%
Developer	7	28	30%
Administrator**	1/2	4/8	46%
Update 2023	1	3	20/40%
Update 2022	1	3	20/40%
Advanced Trainings	TBD	TBD	TBD
Prof. Dev Certification	1	4	20%

\* An updated version of this table will be included in the contract

\*\* Individual and Dedicated Class requests maintain the same access criteria described previously

# Courses Description

# Courses Description

## Analyst Tester Training

This **1-day instructor-led** training provides a full feature overview suitable for Analyst Testers, Business Analysts, Project Managers, Project Owners and all the professionals who needs to know what it is possible to do without a full deep dive on technical details.

The training shows through a presentation and some simple practical activities the impact of each Business Object type on final solutions, with a stronger focus on Process Modeling. No coding skills required.

## Administrator Training

This **instructor-led training** covers the **Platform Configuration, Monitoring and Maintenance Aspects** with a training path that lasts up to 1 day.

## Update 2024

The **Update 2024** Training is an **half-day Instructor-led Training** covering the main aspects of the FNZ **Studio release 2024-LTE**. Specifically:

- New Text Control modes in Data Logic/DDW
- Tables in Data Driven Workspace
- New Data Rules in Data Logic
- Modal Editing of Collections in Data Logic
- Configurable Field Size
- Ad-Hoc Sub-Process Review Mode
- DDWS Inspector Tool and Integration Console
- Support for Big Decimal and Big Integer
- Platform upgrades highlights

Option to Embed in 1 full day 2023+2024 changes

# Courses Description

## Update 2023

The **Update 2023** Training is an **half-day Instructor-led Training** covering the main aspects of the FNZ **Studio release 2023-LTE**. Specifically:

- Visual Changes in the Editor
- Inline Actions
- Studio Permissions
- Virtual Groups
- Swimlane Sentries
- Troubleshooting Console
- Data Layout BO and Custom Tags
- Minor Improvements

Option to Embed in 1 full day 2022+2023 changes
