Your weekly digest of policy reports that **matter**.

We're giving you a week off!

Finishing 2023 on a high

Last week was a big one for us. We indexed our 10 millionth report! What's amazing is that we doubled the size of *Policy Commons* over the past six months—making us the largest discovery service for policy content.

And looking forward to more in '24

With your help, we look forward to extending our coverage still deeper into the worlds of think tanks, NGOs, cities and governments. Do keep recommending organizations and bodies that you'd like us to include.

Also, look out for new features and services. We've a lot more in the pipeline!

Importantly, a BIG, BIG THANK-YOU to all those institutions who are supporting this project. We couldn't do it without you.

We'd like to take this opportunity to wish all our readers happy holidays and a fantastic 2024.

We'll be back in the New Year,

Toby Green & Gary Price
Policy Matters

Thanks for staying informed with Policy Matters from *Policy Commons*—with over 10 million working papers, policy briefs, data sources, and media from more than 31,000 municipalities, IGOs, NGOs, think tanks, and research centers around the world.

We choose reports from definitive sources around the globe that are data-rich and timely. Most often they'll be hot off the press, but sometimes we'll include older reports we've just uncovered. From time to time, we also share key product updates and information through this channel.
