Caution Concerning Forward Looking Statements

Statements included in this presentation that are not historic (including those showing "Fiscal 2020 Guidance") constitute forward-looking statements within the meaning of applicable securities laws. Forward-looking statements in this presentation include, without limitation, statements related to: financial guidance and expectations for future performance; the outcome of the Total Business Transformation (TBT) initiative, including the anticipated annual cost reductions related to the Voluntary Departure Program (VDP) and the timing of realization thereof; the restructuring charges (related primarily to severance and employee related costs as well as additional costs directly associated with the TBT initiative) expected to be incurred and the timing of such changes in connection with the TBT initiative; the expected impact of IFRS 16 on fiscal 2020 guidance; the timing and deployment of i) network infrastructure to improve capacity and coverage and ii) new technologies, including but not limited to next generation Wireless and Wireline technologies such as 5G and IPTV, respectively; the expected impact of the recent commodity price challenges and the COVID-19 pandemic and expansion and growth of the Company’s business and operations, including expected growth in subscribers, and other goals and plans. Forward-looking statements are based on assumptions and involve risks, uncertainties, and other factors which may cause actual results to be materially different from views expressed or implied by such statements. Accordingly, forward-looking statements are not guaranteed, and undue reliance should not be placed on them. Given the impact of the recent commodity price challenges and the changing circumstances surrounding the ongoing COVID-19 pandemic and the related response from the Company, governments (federal, provincial and municipal), regulatory authorities, businesses and customers, there is inherently more uncertainty associated with the Company’s assumptions as compared to prior periods. Material risks and other factors that could cause actual results to differ materially from the views expressed herein are identified in the Company’s Management’s Discussion and Analysis for Q3 fiscal 2020, which has been filed with the Canadian securities regulatory authorities and the U.S. Securities and Exchange Commission, and is available on SEDAR at www.sedar.com, and is incorporated by reference into this presentation. The forward-looking statements contained in this presentation are made as of July 10, 2020 or the dates specifically referenced herein. All forward-looking statements contained in this presentation are expressly qualified by this cautionary statement. Except as may be required by applicable laws, the Company assumes no obligation to publicly update or revise any forward-looking statements. This presentation provides certain future-oriented financial information or financial outlook (as such terms are defined in applicable securities laws), including the fiscal 2020 guidance and the expected cost savings to be realized from the VDP. Shaw discloses this information because it believes that certain investors, analysts and others utilize this and other forward-looking information in order to assess Shaw’s expected operational and financial performance and as an indicator of its ability to service debt and pay dividends to shareholders. The Company cautions that such financial information may not be appropriate for this or other purposes.

Total Business Transformation

The Total business transformation (TBT) announced in February 2018, which was focused on reinventing our operating model to better meet the changing needs and expectations of consumers and businesses, was substantially completed in March 2020.

The transformation was focused on three key elements:

1. Shift customer interactions to digital platforms
2. Drive more self-install, self-help and self-serve
3. Streamline the organization that builds and services the networks

In Q3 fiscal 2020, approximately 190 employees exited the Company, bringing the total number of employees who have departed under the Voluntary Departure Program (VDP) to approximately 3,140 employees (100% of the eligible employees who accepted the VDP).

---

1. In connection with the TBT, the Company recorded a total of $437 million in restructuring charges in fiscal 2018 and 2019 primarily related to severance and other related costs. As at May 31, 2020, total payments of $422 million have been paid and $15 million is included in current provisions.
Strong Balance Sheet with Financial Flexibility

Shaw continues to maintain a strong and flexible balance sheet with no debt maturities until November 2023

The Company is in compliance with its covenants including maintaining a total debt to operating cash flow ratio of < 5.00:1

• As at May 31, 2020, Shaw’s total debt to operating cash flow ratio was 1.79:1

3 Net debt leverage ratio is defined as the ratio of net debt to adjusted EBITDA, including Corus dividends. Net debt and adjusted EBITDA are non-IFRS financial measures. See definitions and discussion in the “Liquidity and Capital Resources” and “Non-IFRS and additional GAAP measures” sections, respectively, of our third quarter MD&A dated July 10, 2020. These financial measures do not have standard definitions prescribed by IFRS and therefore may not be comparable to similar measures disclosed by other companies. Net Debt Leverage Ratio includes the impact of IFRS 16.
4 As at May 31, 2020 with amounts in C$ millions. In addition to the above, the Company’s accounts receivable securitization program is fully drawn at $200 million, effective May 29, 2019 the program’s term was extended until May 29, 2022.
**Significant Return to Shareholders Through Dividends**

Investing in key growth segments, including Wireless, while maintaining the current dividend allows Shaw to fund strategic initiatives, and provides a foundation for long-term dividend growth while remaining committed to an investment grade credit rating.

Capital Return Initiatives

Normal Course Issuer Bid (NCIB) Program¹

Fiscal year-to-date, purchased approximately 5.6M Class B Non-Voting Shares for cancellation for a total cost of approximately $140M

The Company suspended share repurchases under its NCIB program in April 2020 to preserve liquidity considering the COVID-19 environment

Dividend Reinvestment Plan (DRIP)²

Satisfying share delivery obligations through open market purchases

Discount reduced from 2% to 0%

¹ On October 29, 2019, the Company announced that it had received approval from the Toronto Stock Exchange ("TSX") to establish a NCIB program. The program commenced on November 1, 2019 and will remain in effect until October 31, 2020. As approved by the TSX, the Company has the ability to purchase for cancellation up to 24,758,171 Class B Shares representing 5% of all of the issued and outstanding Class B Shares as at October 18, 2019.

² These changes to the DRIP were applied to the dividends payable on November 28, 2019 to shareholders of record on November 15, 2019.
Consolidated Fiscal 2019 Performance

Shaw’s COVID-19 Response and Support Initiatives

Shaw Executed Robust Business Continuity and Resumption Plan

• Safety of employees and customers is of utmost importance to the Company
• A significant portion of Shaw employees continue to work from home
• Shaw understands the critical nature of our connectivity services and we remain focused on supporting customers
• Shaw continues to comply with guidelines and requirements issued by various health authorities and government organizations

Shaw Customer and Community Involvement (#ShawHelps)

• Donated $1 million to support Community Food Centres Canada
• Provided two months of free internet service to low-income families who are part of the Government of Canada’s ‘Connecting Families’ program
• Opened Shaw Go Wi-Fi across Western Canada, giving access to the country’s largest Wi-Fi network for free
• Provided Freedom Mobile customers with a rate plan of 3GB of Freedom LTE data or less — an extra 2GB of data for free
• Provided all Shaw Cable and Shaw Direct customers free access to several TV channels at no additional cost
• Ensured our customers continue to have the data they need to live their lives by not having hard data caps on our internet plans and not limiting our customers’ internet data use
• Provided free digital educational programming for K-12 students via partnership with EVERFI
Fiscal 2020 Outlook

- The severity and duration of impacts from the COVID-19 pandemic remain uncertain and management continues to focus on the safety of our people, most of whom continue to work from home, connectivity of our customer base, compliance with guidelines and requirements issued by various health authorities and government organizations, and continuity of other critical business operations.

- Considering the ongoing presence of COVID-19, the speed in which it develops and/or changes, and the continued uncertainty of its magnitude, outcome and duration, compounded by the commodity price challenges, the current estimates of our operational and financial results which underlie our outlook for fiscal 2020 are subject to a significantly higher degree of uncertainty.

- We continue to believe our business and facilities-based networks provide critical and essential services to Canadians and will remain resilient in this dynamic and uncertain environment.

- Management continues to actively monitor the impacts to the business and make the appropriate adjustments to operating and capital expenditures to reflect the evolving environment.

In fiscal 2020, the Company expects to deliver adjusted EBITDA growth (pre and post IFRS 16)\(^1\) and free cash flow is expected to be substantially in line with our previous guidance\(^2\).

---

1. As announced on October 25, 2019, full year IFRS 16 impact is approximately $155 million.
2. Fiscal 2020 free cash flow previous guidance of approximately $700 million was announced on October 25, 2019 in conjunction with the release of our fourth quarter and full year fiscal 2019 results.
