Explanation of Booking Information

Whether you are planning a summer holiday, a ski trip, a city break or a long weekend, tailor your holiday in our resorts to your individual needs. You can book by the day and pick your arrival and departure date. A few resorts in the A season are exceptions to this rule. The freedom to choose the length and time of the trip makes it easier to calculate the local charges. You pay a flat-rate charge per apartment and per stay which is based on the size of the holiday apartment. Added to this is the charge per night, which is reduced for longer stays.

Sample calculation of local charges

For a eight night stay in a 2-room Comfort apartment at the resort Munich.

Duration of trip: Saturday, 10 June 2023 to Sunday, 18 June 2023

Local charges in EUR	Flat-rate charge (per apartment/stay)	01.11.2022 – 31.10.2023	
		1st to 7th night	from 8th night
1-room	60.–	38.–	21.–
2-room	70.–	49.–	28.–

Flat-rate charge EUR 70.–
 4 nights at EUR 49.– per night EUR 196.–
 4 nights at EUR 28.– per night EUR 112.–
 Total local charges for 8 nights = EUR 378.–

Price conversion table for reference prices in EUR and CHF

EUR 1.– = CHF 1.07	CHF 1.– = EUR 0.93
EUR 10.– = CHF 10.70	CHF 10.– = EUR 9.35
EUR 100.– = CHF 107.–	CHF 100.– = EUR 93.–
EUR 1000.– = CHF 1070.–	CHF 1000.– = EUR 935.–

The actual price to pay in CHF or EUR depends on the day's exchange rate and on possible bank charges that may arise in connection with the conversion of CHF into EUR or EUR into CHF.

Flexible points – calculation of the points debited

The points debited for the resorts are linked to the demand among shareholders and members. This means: if a resort is popular in a particular season and at a particular time, the number of points debited is higher than in periods with lower demand. Offering a lower or higher price enables us to maintain high occupancy rates at resorts during low season and to prevent supply from exceeding demand in high season.

The Booking Information lists a “from – to” points price and the points debited will be within this range, depending on the season.

However, in order to provide you as shareholders and members with a degree of certainty for planning, the number of points debited will not change up until six months before the arrival date. The valid number of points debited for that time is now shown in the seasonal calendar, using the 2-room Comfort apartment as an example.

March 2023						
Sa	Su	Mo	Tu	We	Th	Fr
				1 13P	2 13P	3 13P
4 13P	5 13P	6 13P	7 13P	8 16P	9 16P	10 16P
11 20P	12 17P	13 17P	14 17P	15 17P	16 17P	17 17P
18 17P	19 17P	20 17P	21 17P	22 17P	23 17P	24 17P
25 17P	26 17P	27 17P	28 17P	29 17P	30 17P	

Only from six months before the arrival date onwards is it possible for the points debited to deviate from this. This makes it easier for you to estimate the points you need and still enables Hapimag to react better to changes in the market and in demand.

Of course, it remains the case that the number of points debited when you make the booking will be identical to the number of points debited at the end of your holiday. The valid points debited can be found on the Hapimag website, when making your online booking or when talking in person to our employees via Service Line.

Resort availability

We are constantly investing in our resorts. The focus is always on what is important to our guests: the holiday apartments and everything that is part of your holiday experience.

The renovation work in **Paguera** is already in full swing. We look forward to welcoming our first guests again in the summer of 2023.

The **St. Michael** resort is due to reopen for our guests just in time for the 2022/2023 winter season.

You will be able to book both resorts at a later date. Register to receive our company news or visit www.hapimag.com/news to find out when you can book for these resorts.

In summer 2023, we plan to close the **San Agustín** resort – but only temporarily, as the apartments here are being renovated too.

Services included in local charges

We will invoice you the local charges for your stay in a Hapimag resort. These charges cover operating costs and specific services provided by the resort plus the appropriate value-added tax. The percentage breakdown of the local costs of the resort (which are covered by the local charges) as an average of all resorts per week of stay is as follows:

Profits from other activities (e.g. catering, shops, commissions) are used to reduce the local charges billed to shareholders and members.

The local charges do not cover the following:

- Garage/Car park
- Pets
- Extra persons

Services/Additional services

Enjoy your holiday while we take care of all the work. On the Hapimag website and in the resort app, you will find an overview of the current range of services for each resort, for example, for interim cleaning or gastronomy offerings. The local charges include a weekly change of towels and bed linen in all resorts. Cleaning of your holiday apartment is also included for stays over 22 days.

All applicable visitors' taxes are mandatory. The information on the resort pages corresponds to the requirements currently in place at the resort. We reserve the right to pass on the cost of visitors' taxes implemented in the short term. In some resorts, if arriving by car, the rental of a garage or parking space is also mandatory (sometimes subject to a charge).

Pets

Your pets are welcome at almost all resorts. However, in order to cover the additional cleaning requirements, we apply a flat-rate cleaning charge per stay. The flat-rate charge must be paid only once, irrespective of the number of pets you bring along. However, we reserve the right to increase the flat-rate charge if the amount of cleaning required is out of the ordinary, for instance if you switch holiday apartments.

Your dog is welcome in many resort restaurants. However, in some cases we cannot allow this. Please refer to the respective resort page in this Booking Information to check whether there are restrictions for dogs, or take note of the information on the Hapimag website.

Change of holiday apartment

If you wish to change your holiday apartment category during your stay, we will calculate the local charges as follows (example):

2-week stay in Puerto de la Cruz Weeks no. 10 + 11 (March 2023)

1st week: 1-room Budget = EUR 263.–

(flat-rate charge of EUR 60.– + 7 nights at EUR 29.– per night)

2nd week: 2-room Comfort = EUR 315.–

(flat-rate charge of EUR 70.– + 7 nights at EUR 35.– per night)

Total local charges = EUR 578.–

Please note that if you switch holiday apartments during the second week for the 2-room Comfort holiday apartment, the price for the flat-rate charge plus the nights is calculated again.

Means of payment

The following means of payment are valid in the resorts: cash, Maestro, MasterCard or Visa. There is a handling charge of CHF 60.– if you do not pay your bill upon departure.

Low-season points

Low-season points can be redeemed in the C and D seasons.

Additional places to sleep

The number of places to sleep defined by Hapimag for each of the holiday apartments in our resorts must be adhered to. If a price is shown on the respective resort page for extra persons, an additional place to sleep can generally be provided. However, in many resorts, this is not possible in all the apartments within a category. Please indicate at the time of booking if there are more people in your party than the normal sleeping arrangements cater for. This way we are able to confirm whether an extra person or persons in the category you booked is possible.

A baby under two (up to one day before the second birthday) doesn't count as an extra person and can sleep either in the parents bed or in an extra cot. Small children under five (up to one day before the fifth birthday)

can sleep in an extra cot, when extra persons are allowed. If the child is too big for the cot, an extra bed can be provided free of charge, when extra persons are allowed. For children from the age of five to one day before their twelfth birthday, we charge 50% of the specified fee for extra persons. The age at the beginning of the stay is decisive.

Marketing to 3rd parties

Making use of accommodation and preventing beds from remaining empty is part of Hapimag's general strategy. We support this sustainable concept by means of a wide range of measures, including marketing to 3rd parties, in which vacant accommodation is monitored and marketed to our advantage in a targeted manner. Our shareholders and members have first priority when we are assigning apartments. Marketing to 3rd parties first and foremost generates valuable additional income, which in turn benefits Hapimag's shareholders and members. The income generated helps to ensure that annual local charges only have to be increased slightly. Furthermore, through good reviews on booking portals, marketing to 3rd parties has a positive impact on Hapimag's image and not least helps to attract new shareholders and members.

Hapimag ascertains the occupancy of its resorts based on experience gained over many years and statistics. The aim of Hapimag is to achieve as high an occupancy as possible in each resort. With this in mind, Hapimag markets empty apartments at the best-possible market price, also as last minute holidays. Some resorts have a below-average occupancy rate in certain seasons and therefore have sufficient capacity. In these resorts, there are cooperations with travel agents to which fixed quotas are allocated in some cases. This ensures that there are always enough apartments for our shareholders and members. Prices are calculated such that residence points and local charges are covered as a minimum, so shareholders and members are not left at a disadvantage.

Marketing to 3rd parties does not include stays by friends and family members who are invited to holiday in a Hapimag resort by Hapimag's shareholders and members.

Number of holiday apartments

The number of holiday apartments that you can book is specified on the resort pages. This number may deviate from the total number mentioned in the annual report. This is because Hapimag uses certain holiday apartments as children's or youth clubs, or as staff accommodation.

Holiday apartment categories

Deluxe:

Your oasis of well-being at the best location in the resort with additional comforts and sometimes higher-quality furnishings and equipment. The perfect category for discerning holidaymakers.

Premium:

A holiday apartment with a wonderful view, generous size or additional amenities welcomes you and invites you to relax and enjoy your holiday in a prime location.

Comfort:

Your home for the best weeks of the year with proven Hapimag comfort.

Budget:

Want a cheap holiday, but without compromising on the usual Hapimag standard? Budget holiday apartments, some of which are smaller or not in a prime location, make this possible.

Allocation of the holiday apartments

Holiday apartments are allocated within the booked apartment category (Budget, Comfort, Premium or Deluxe) by the resort staff. For operational and organisational reasons, there is no guarantee that requests for specific holiday apartments will be met. Exception: Holiday apartments for wheelchair users will be reserved by the head office in Steinhausen if the shareholder or member notifies us in good time.

Smoking in the holiday apartment

Hapimag decided to make all holiday apartments non-smoking. You can, of course, continue to smoke on the terraces or balconies. In order to be able to offer all our guests these non-smoking apartments, we reserve the right to invoice additional expenses if extra cleaning is required.

Holiday apartments for people with restricted mobility

In numerous resorts, holiday apartments are furnished for people with restricted mobility. These apartments are designed so that people with restricted mobility can find their way around with a companion. To see whether a resort is suitable for people with restricted mobility, please refer to the individual resort pages in this Booking Information or on the Hapimag website. We also recommend calling our Service Line on 00800 3030 8080 (alternatively +41 58 733 70 10) to check whether a resort satisfies your needs.

Booking terms and conditions

Part 1: Booking terms and conditions for holiday apartments in Hapimag Resorts and Hapimag Houseboats

1. Introduction

These terms and conditions apply in addition to the General Terms and Conditions that are currently applicable for the purchase of Hapimag right-of-residence products (e.g. Hapimag Share_21, Hapimag Insider Lifetime, Hapimag Classic, Holiday World Visa, Hapimag Residenz, Hapimag Plus, Hapimag 7Plus, etc.).

Changes to the Hapimag product portfolio

Hapimag may change the product portfolio at any time by adding new products or discontinuing the sale of existing products.

2. The Hapimag points system

2.1 Validity of residence points

Points remain valid for five years (including the year of issue).

2.2 Advance use of residence points

- Advance use is excluded for the products Holiday Pass and Holiday World Visa, as well as for products with only a one-off points

distribution. The respective General Terms and Conditions apply to the other products.

- The requirement for advance points depends on the reservation date and not the travel date.

2.3 Points transfers, points acquisitions and debiting order for residence points

- Points transfers can be made in the personal customer area at www.hapimag.com in accordance with the relevant current conditions of use.
- Otherwise, orders for points transfers must be submitted in writing for security reasons, with the original signature of the transferring member (fax or e-mail are not sufficient).
- The points that expire first are transferred first, unless otherwise specified.
- Points from advance use, as well as low-season points, are not transferable.
- The points keep their original period of validity after a points transfer.
- In the event of a default on payment by a party (transferring party or acquiring party), points transfers are not possible.
- Hapimag reserves the right to impose a handling charge for the points transfer.
- Points acquired cannot be sold on, but rather are provided solely for own use.

No points can be acquired in the following cases:

- Hapimag products for which no more annual charges are paid.
- Products (including Hapimag Starter, Hapimag Flex) whose General Terms and Conditions exclude the additional purchase of points.

Hapimag reserves the right to make further restrictions. For products with a reservation guarantee ("Residenz"), each week of use is regarded as one product within the meaning of this provision.

In the case of a booking made, the required points are blocked on the shareholder's or member's points account and converted into "reserved points". The final debit will not be effected until the end of the stay. Points are converted and debited in the following sequence:

- a) low-season points before residence points (high-season points)
- b) points that expire in the year of the stay, where the stay starts on or before 30 April
- c) In ascending order as per year of expiry (the oldest points first)

3. Booking of holiday apartments in Hapimag Resorts

3.1 Basic principles

With the publication of the new Booking Information, bookings can be made for the entire period contained therein. Bookings can be made only if the member account has sufficient points at the time the request is made, including advance points or an additional purchase instalment that has not been exhausted, and if there are no overdue and unpaid claims on the part of the Hapimag Group (payment default). Outstanding items in member accounts arising after the time of booking will result in bookings that have already been made being provisionally invalid and apartment reservations being cancelled at short notice, at the member's expense and without compensation if payments for which reminders have been issued are not made on time. If minors under the age of 18 travel without being accompanied by their legal representatives, a written declaration of consent from their legal representative is required.

3.2 Waiting list

If a resort has no vacancies, shareholders and members can be entered on a waiting list (entries limited per resort). A maximum of three waiting list entries per shareholder or member can be made at the same time. To create a waiting list entry, the e-mail address of the shareholder or member must be added. Waiting list entries can be made via my.hapimag.com or using the Service Line.

3.3 Making a booking

- Bookings can be made by telephone, at my.hapimag.com, by letter, e-mail or fax.
- Written booking requests are handled in parallel to telephone bookings upon receipt.
- The booking is legally binding upon receipt of textual confirmation from Hapimag (letter, fax or e-mail).

3.4 Incorrect reservation (shareholder or member at fault)

Incorrect bookings due to applications that are filled out incomprehensibly or submitted more than once will be charged to the shareholder or member, i.e. Hapimag is entitled to charge the shareholder or member for damages arising from the cancellation of or changes to the booking (Clause 7.4).

3.5 Awarding of lodging contracts

Lodging contracts are awarded within the booked apartment category (Budget, Comfort, Premium or Deluxe) by the resort staff. Exception: holiday apartments for wheelchair users are reserved at the Steinhäusen head-quarters upon advance notification by the shareholder or member. Otherwise, Hapimag expressly reserves the right to award lodging contracts for wheelchair users. If the shareholder or member requests a change in holiday apartment to a lower category locally, no points credit is given. If the shareholder or member changes to a higher category, the points for the higher category will be debited.

3.6 Extra persons

Holiday apartments may not be occupied by more persons than are listed on the confirmation of booking ("Extra persons"). If it is possible for an extra bed to be provided, this is noted in the Booking Information ("Extra persons") and can be confirmed upon prior request. The extra bed must be requested when the holiday apartment is booked. The extra bed is subject to a charge.

4. Scope with Hapimag Houseboats

4.1 Hapimag undertakes to make the boat type described in the confirmation of registration available to the participant for the stated period of use. If a Hapimag houseboat is unavailable, Hapimag is authorised to make available a houseboat of the same category from another owner.

4.2 If Hapimag, due to circumstances for which it is not responsible (e.g. force majeure, accident, technical fault), is unable to provide a boat in the desired category, it reserves the right to cancel the charter.

4.3 Hapimag assumes no liability for the navigability of the lakes, canals, canal sections or rivers in the region of the home port and recommends that shareholders and members inform themselves well in advance about navigability. Should limitations have a significant negative impact on the trip, Hapimag and the participant are entitled to cancel the charter.

4.4 In cases of rescission as per Clause 4.2 or 4.3, claims by the participant are limited to a refund of the cost of the trip (residence points and local charges). There shall be no further entitlement to compensation.

5. Points insurance

5.1 Hapimag points insurance can be purchased at the time of booking only (see the corresponding conditions in the “Insurance” section). The purchase is noted on the confirmation of booking.

5.2 If an insured event occurs affecting the points insurance that leads to a partial or complete credit of points, a possible handling charge will not be covered by the insurance. Based on our present understanding, all conventional insurance companies reject the reimbursement of residence points issued from a timeshare company. We therefore recommend that you go through us to take out points insurance with European Travel Insurance Co. Ltd, which shall assume liability in this regard.

6. Insurance/Deposit for Hapimag Houseboats

6.1 Insurance

Hapimag has taken out insurance for the operation of the houseboats, which covers collisions and possible personal injury, damage to the boat itself and damage to the personal property of persons not taking part in the trip.

6.2 Deposit

There is an excess, though this may be rescinded, in whole or in part, by supplementary insurance (excluding excess). If the participant has not taken out supplementary insurance, any damage and loss caused by the participant up to the excess amount must be paid upon return of the boat.

6.3 Cancellation insurance

For cancellations by the participant, cancellation insurance and points insurance may be taken out. Details can be found in the “Insurance” section of the current Booking Information.

7. Confirmation of booking

7.1 General

The shareholder or member must check the confirmation of booking for accuracy upon receipt and immediately notify Hapimag of any discrepancies (within max. 7 days). Hapimag shall assume no liability for printed and/or other errors in writing, falsities and automated and technical system-related or other comparable errors that have arisen during the booking process and clearly through no fault of our own. Failure to immediately report clear errors in the confirmation of booking shall not entitle the shareholder or member to any concessions. Confirmations of booking are always registered in the name of the shareholder or member. A booking/reservation can be transferred to third parties by handing over the confirmation of booking. The shareholder or member must

inform the third party of his obligations towards Hapimag, and in particular of his responsibility for payment of local charges. Irrespective of this, the shareholder or member is contractually jointly and severally liable for all third-party debts resulting from the use of the resort, particularly for local charges owed or damage caused. Commercial trading of residence points and bookings is not permitted. Commercial trading already exists if a one-off trade takes place in which the shareholder or member makes a profit. If this clause is breached, the shareholder or member is obliged to hand over the profit to Hapimag.

7.2 Arrival/Departure days

The holiday apartment may be occupied on the day of arrival after 4.00 p.m. On the day of departure, the holiday apartment must be vacated by 10.00 a.m.

With Hapimag Houseboats, the houseboat is accepted by the participant on the day of arrival between 2.00 p.m. and 5.00 p.m. on the basis confirmed in the booking. The participant undertakes to receive training by the home base personnel. On the day of departure, the boat must be returned to the starting base at 9.00 a.m. The participant will be liable for any damage incurred by Hapimag as a result of the boat being returned late and not in compliance with the agreement (e.g. costs of delayed subsequent rental or return transfer of the houseboat). Hapimag may modify the place of acceptance or return of the boat at short notice. In this case,

the participant will be informed by Hapimag by telephone.

7.3 Arrival notification

The shareholder or member is requested to notify the resort or the houseboat home port in good time of their expected arrival. They can fill out the registration form in the personal customer area on my.hapimag.com.

7.4 Cancellations by shareholders or members

- In high season (A and B season), cancellations are free of charge up to 91 days before arrival. Cancellations made within the 90 days before arrival will result in a 50 % loss of residence points.
- In low season (C and D season), cancellations are free of charge up to 8 days before arrival. Cancellations made within the 7 days before arrival, except on the day of booking itself, will result in a 50 % loss of residence points.
- Bookings made within 90 – 15 days before arrival can be cancelled free of charge up to 7 days after booking. Bookings at short notice (from 14 days before arrival) may – except on the booking day itself – be cancelled, subject to a charge
- For residence points-free weeks and other residence points-free promotions, cancellations made within the 90 days before arrival will result in a CHF 100.– handling charge.
- If you make multiple cancellations, Hapimag reserves the right to impose a handling charge of CHF 100.– per cancellation.

By booking the Flex Option, if you cancel up to 1 day before arrival, no points will be charged and no cancellation fees or costs will be incurred.

The Flex Option can only be added at the time of booking. When booking the Flex Option, a 15% surcharge will be added to the total local charges (flat rate plus daily local charges). This surcharge is only due and payable upon check-out in the resort when the shareholder or member arrives.

If use of the Flex Option is abused, Hapimag reserves the right to invoice a handling charge of CHF 100.– per cancellation and/or to cancel outstanding bookings without being liable for damages.

The time of cancellation is the date the notice of cancellation is received by Hapimag. If points are credited again, these points will be of the same type and will have the same year of expiry as the points debited when the booking was made, but in reverse order (Clause 2.3). The premium for the points insurance or cancellation insurance is retained in the event of a cancellation, irrespective of when the booking was made.

If members do not arrive (no-show) at the resort or at the houseboat base on the day the stay begins without prior notification, the reservation is cancelled. In addition to a 100 % loss of points, 100 % of the local charges (flat rate plus daily local charges up to a maximum of 7 days) will be incurred according to the table in the current booking information.

7.5 Booking changes

If the shareholder or member changes their booking to another holiday apartment or houseboat category or size at the same or another resort, with the same start date and length of stay, up to 1 day before arrival, the residence points and local charges will be invoiced in accordance with the new stay. There are no additional handling charges and no loss of residence points.

If the shareholder or member shortens the length of stay before arrival, the conditions for cancellation by the shareholder or member as per section 7.4 shall apply to the partial cancellation.

If the shareholder or member makes multiple booking changes, Hapimag reserves the right to demand a handling charge of CHF 100.– for each booking change.

For all other booking changes, conditions apply as stated in Clause 7.4.

7.6 Cancellation by Hapimag

Hapimag may cancel bookings for the following reasons:

- If the resort or the houseboat base or parts thereof become temporarily uninhabitable owing to force majeure.
- Permanent or temporary closure of the resort or the houseboat base for economic or legal reasons.

In such cases, claims by the shareholder or member are limited to the crediting of the debited points.

7.7 Local charges

- a) The amounts and due dates of local charges comply with the current Booking Information. Depending on the offer, local charges must be settled before arrival or during the stay at the resort. These charges vary according to the holiday apartment size, category and occupancy and are published in the currently valid Hapimag Booking Information.
- b) If the costs in the resort increase unexpectedly, we reserve the right to change the local charges.

7.8 Debiting of points and charges for late arrivals, early departures or extensions of stay

- In the event of a late arrival or early departure, points and local charges for the entire stay are charged as specified in the confirmation of booking.
- If a stay is extended, the points value per night as defined in the points table is debited.
- If a stay is extended, the amount defined for the relevant day of the week in the table of local charges is charged for each extra night.

8. Liability of Hapimag for Hapimag Houseboats

8.1 For property and financial loss, Hapimag's liability for defective performance is limited to the price of the holiday (residence points and local charges), providing the damage was not caused deliberately or through gross negligence.

8.2 If the arrangements offered do not comply with the services as contracted, the participant must complain immediately to the home port and demand a remedy. Demands for payment of damages from Hapimag must be made in textual form to Hapimag within one month of the specified end of travel.

9. Miscellaneous

9.1 Ombudsman

If there are disagreements about stays in resorts and/or travel services and a settlement cannot be reached with Hapimag directly, the shareholder or member has the option of contacting the arbitration board stated below. This board will endeavour to reach a fair and balanced settlement with the shareholder or member.

Ombudsman der Schweizer Reisebranche

Information by telephone:

Monday – Friday: 10.00 a.m. – 4.00 p.m.

9.2 Applicable law/Jurisdiction

Swiss law applies for the privity of the contract between Hapimag and the participant. The place of fulfilment and sole jurisdiction for the services provided by Hapimag is Zug.

9.3 Changes

Hapimag reserves the right to regularly amend and/or supplement the booking conditions on account of new information (such as the increase or introduction of government levies or fees, taxes or changes in exchange rates). Hapimag will inform shareholders and members of any such changes in textual form in their publications or verbally when the booking is made and will also refer to them in textual form in the confirmation of booking.

Part 2: Supplementary booking terms and conditions for Hapimag "Residenz"

1. Contractual basis

These conditions supplement the "General Terms and Conditions for Hapimag Residenz and Hapimag Residenz 4Plus" and the "Booking terms and conditions for holiday apartments in Hapimag Resorts and Hapimag Houseboats".

2. "Residenz" bookings

2.1 Opening of booking period (24 months in advance)

Bookings for the following year may be made from the 1st workday of the month of the season

contractually agreed upon (e.g. summer season 1 is from 01.07.2023 to 02.09.2023 and can be booked from 01.07.2021).

2.2 Expiry of the reservation guarantee

Bookings must be made 61 days before the selected season starts at the latest in order to secure the reservation guarantee. If this day is a Sunday or a public holiday, the booking must be made on the previous workday.

2.3 Combining several "Residenz" products

The combination of several "Residenz" products must be noted in the contract form and confirmed in textual form by Hapimag.

2.4 Extended weeks with other points products

"Residenz" products cannot be combined with points products (share, Holiday World Visa, etc.) for technical reasons.

2.5 Cancellation of holiday apartment by shareholder or member

Cancellations up to 61 days before the stay begins are free of charge and do not result in any loss of points. A handling charge of CHF 100.– will be incurred for cancellations made 60 days or less before the beginning of the stay and the shareholder or member is credited points based on the points value indicated in the contract as follows:

- 60 to 41 days before arrival:
85 % of points value

- 40 to 28 days before arrival:
75 % of points value
- 27 to 15 days before arrival:
50 % of points value
- 14 to 4 days before arrival:
25 % of points value
- 3 to 0 days before arrival:
No credit

The difference in relation to the contractual points value is regarded as a handling charge. The time of cancellation is the date the notice of cancellation is received by Hapimag. Individual weeks can also be cancelled; in such cases, points are credited proportionally. Credited points are valid for five years.

Part 3: Booking terms and conditions for other supplementary services

1. Scope of application, contractual partners, execution as "agent"

- a) These terms and conditions apply to the booking of all other supplementary services rendered not by Hapimag but by an independent service provider (e.g. insurance policies, etc).
- b) The contractual partner of the customer is not Hapimag, but the service provider.
- c) With regard to the other supplementary services merely arranged by Hapimag, Hapimag is an "agent", not the organiser or service provider.

2. Legal consequences of confirmation of booking

The confirmation of booking constitutes a contract of an order against payment between the trip participant and Hapimag as per Art. 394 ff CO. It obliges the trip participant to reimburse Hapimag with the expenditure related to the execution of the order and with the specified payment and fees. Hapimag may also commit to the booking verbally. The subsequent textual confirmation must be checked by the trip participant and any errors must be immediately reported (section 7.1 on page 134 shall apply accordingly).

3. Booking changes/Cancellations

3.1 Fees and costs

- a) Hapimag imposes a handling charge of CHF 100.– in addition to the costs invoiced by the service provider to Hapimag for booking changes (incl. name changes) and cancellations (even if the change or cancellation takes place on the day the booking is made).
- b) Such other or supplementary services are subject to the terms and conditions of the service providers commissioned by Hapimag or by the customer (e.g. insurance companies).

4. Price increases/Payment conditions

Hapimag reserves the right to amend prices to take into account changes in exchange rates, price changes on the part of the service providers and the introduction of additional taxes and duties. The invoice is sent with the confirmation

and must be paid at the latest 30 days after the booking date for the service arranged.

5. Liability

5.1 As an agent for the other or supplementary services offered, Hapimag assumes no liability for the cancellation of services by the service providers. The service providers are liable under their General Terms and Conditions, statutory provisions and international agreements.

5.2 If services do not meet the agreements as specified, the participant is obliged to immediately notify the service provider (airline, hotel, car hire company, etc.) and to demand recourse. Delays to notifications may result in the right to claim being lost where necessary.

5.3 Hapimag reserves the right to change individually specified services (e.g. mode and means of transportation, type, airline) in the interests of the shareholder and member, as required by unforeseen circumstances.

Part 4: Changes of booking terms and conditions

Hapimag reserves the right to regularly adapt and/or supplement, partially or completely, all booking conditions.
