Gestures of Gratitude
Corporate Gift Service 2025

About Aesop

Aesop was established in Melbourne in 1987, and has since been formulating products with efficacy foremost in mind—their complex, distinctive aromas are but an incidental treat. The range now spans skin, hair and body care, as well as fragrance and accessories for the self and home. Some of the ingredients used are plant-based; others are laboratory-made; all are ethically sourced and have a proven record of safety. Aesop—a Certified B Corporation™—does not test its formulations or ingredients on animals. All Aesop products are vegan, Leaping Bunny approved, and included on PETA's cruelty-free and vegan lists.

We formulate our products in-house and offer them in architecturally-mindful Aesop stores in 20 countries around the world. In addition to this, we supply our skin, hair and body products to a limited number of select retailers, hotels, restaurants and providers.

The enterprises we work with share aesthetic values, creative vision, and standards of excellence that are comparable with our own.

Corporate Gift Service

Our Social and Environmental Commitments

As a Certified B Corporation®, we meet the highest verified standards of social and environmental performance, transparency and accountability. The globally-recognised credential publicly endorses businesses as making an impact beyond profit by building a more inclusive and sustainable economy.

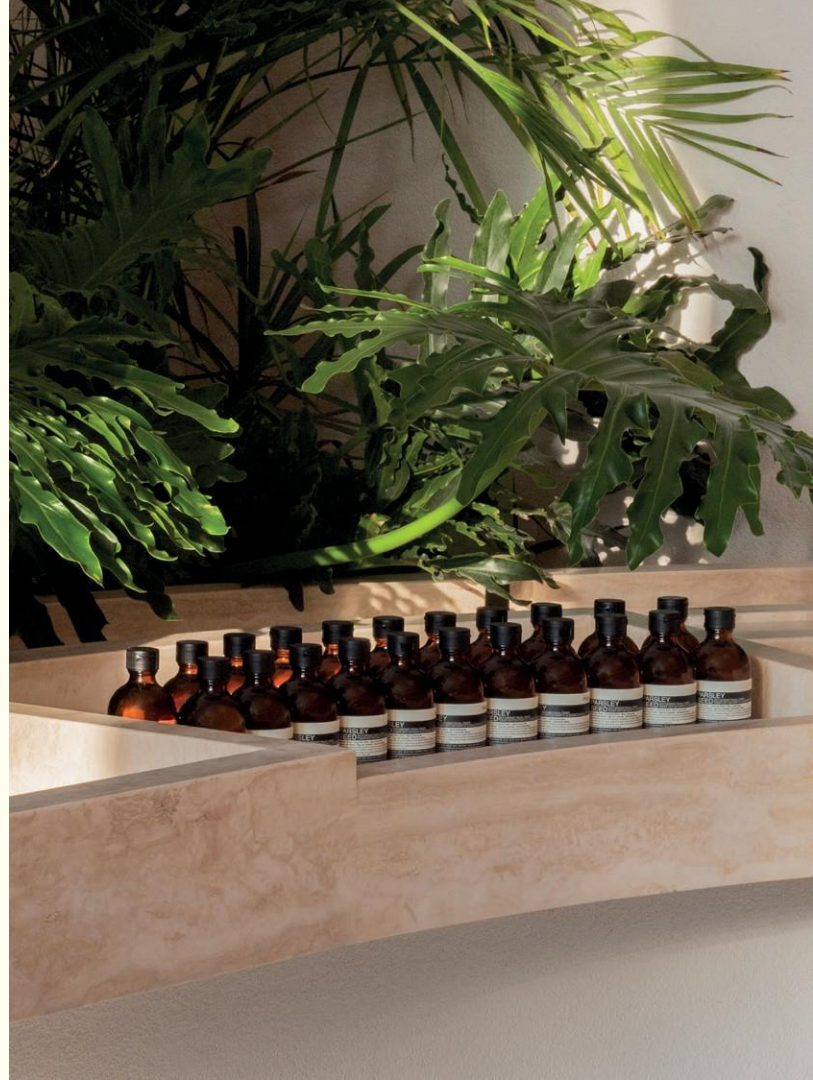

Our products are formulated from ethically sourced ingredients, vegan, approved by Leaping Bunny, meaning they have not been tested on animals.

In August 2020, we achieved carbon-neutral certification by Climate Active — an Australian Government initiative. This certification has helped offset our immediate operational impact in the ANZ region.

We have successfully implemented recycled PET in our bottles. Using recycled inputs means the bottles in our range are already on their second journey in the material loop and can be recycled again.

Corporate Gift Service

Gracious, corporate gifting, simplified

We take pleasure in offering a corporate service that enables you to express gratitude to staff and customers through the gift of aromatic formulations for the skin, hair, body and home. In addition to many individual products, we offer seasonal gift kits, travel kits and duets, with selections to suit all skin types and preferences.

It is also our pleasure to offer complimentary delivery to your chosen address — arranged on a case-by-case basis.

Should you desire, an Aesop event can be hosted, with trained consultants on hand to assist with your gifting needs.

Kindly note that all prices cited in this brochure are recommended retail prices (RRP); a corporate discount may apply depending on the volume of your order.
