**COMING
SOON!**

EXPECTED RESULTS

Start to see a whiter smile in 3 days with full results in 20 days.

Visibly whiter teeth in 1 week

MODE OF ACTION & DELIVERY SYSTEM

10% hydrogen peroxide

Highly active micro-droplets with over 20% hydrogen peroxide suspended in a water-resistant base whiten while keeping teeth hydrated.

3% peroxide overall.

APPLICATION TIME

45 minutes.
Maximum once a day.

30 minutes + 3 minutes LED
Light (2x per day)

- All Crest at-home whitening products are enamel safe.
- Results depend on different factors, including a patient's age, how yellow their teeth are, and how often they apply the product.
Most patients see teeth whitening results after just a few uses.
- Duration of results varies, depending on the patient's use of teeth-discoloring beverages like wine, coffee, tobacco, soda, etc.
- Remember, at-home whitening products won't work on caps, crowns, veneers, partials, fillings, laminates, or other similar dental work.

All fundraising orders must be placed via your Crest® + Oral-B® representative (TAE, SSM, SRM) by emailing CrestOralBSchools.IM@PG.com
