TOR to design stage for Fuvahmulah Tourism Award 2024.

Introduction

Tourism day is an annual event aimed at promoting tourism and cultural heritage. The stage design for this event should reflect the theme, engage the audience, and create a lively atmosphere with appropriate decorations.

Objectives

The objective of the stage design is to:

- Create a visually appealing and functional stage that represents the tourism theme.
- Incorporate decorations
- Provide suitable space to keep the equipment.

Scope of Work

- Stage Layout and Structure: Design and construct a stable stage with dimensions appropriate for performances, speeches, and ceremonies. The stage should be visible to audience from different angles and includes a backstage area.
- Decoration: incorporate elements representing the tourism sector.
- Live setup: provide live setup and space for live performance.

Timeline

Design and Installation: The stage should be fully constructed and equipped for the final day (27th September 2024).
