

Leave the ironing to us – or let us know when you want to get your duvet, a fine-knit jumper, or your regular daily laundry done.

### This is how it works:

Collect a washing bag from the Customer Services office, fill it with your washing and pass it back to us. As soon as your laundry is finished, we'll send you an email to let you know that it's ready to pick up. We can get your regular laundry back to you, washed and folded, within two days. Special items (see the clothing list) will be washed, ironed, folded and ready for pickup in seven days.
