

Cleaning Services

We will clean your apartment

Are you expecting guests or haven't had time to clean your apartment yourself? Is it time for another deep cleaning and you'd much rather be on the golf course or the ski slopes?

Then take advantage of our cleaning services and let us clean e.g. your bathrooms or take care of deep cleaning. Just let us know what type of cleaning you need and at what time - and we will take care of the rest for you.

Private cleaning

With private cleaning, we clean your entire apartment one time. This includes cleaning the kitchen, bathroom, dry mopping, vacuuming, and other cleaning services. If you only want individual areas cleaned, you can also specify that.

The rate for private cleaning is CHF 41 per working hour and cleaner.

Please book your cleaning at least 72 hours in advance.

Bed linen and towels

If you want to change the terry cloth or bed linen (excl. molleton), you can also order this from us. Please note that washing can take more than 24 hours. We therefore ask you to have spare linens ready or to plan the laundry service so that the washed linen can be replaced by your next arrival.

The charge for bed linen and towels is CHF 25 per set/person. This is a flat rate and will also be charged for bed linen only or towels only.

All prices including VAT.

Advantages

Leave your cleaning materials at home and treat yourself to some time off in Andermatt.

Completely carefree: receive guests totally relaxed and enjoy your stay to the fullest.

Deep cleaning

Make the most of your time in Andermatt – enjoy the great outdoors and leave the cleaning to us. You can order deep cleaning with the services listed below:

Services included in deep cleaning

- Removing loose dirt
- Defrosting and cleaning the refrigerator
- Kitchen (exhaust hood, cleaning filters)
- Cleaning windows inside and out, including frames and sills (cleaning both sides can be guaranteed only if the windows can be opened and accessed from the inside)
- Cleaning blinds
- Moving beds and furniture, thoroughly vacuuming and cleaning (if furniture can be moved)
- Brushing off and vacuuming both sides of mattresses
- Descaling and thoroughly cleaning shower heads and flow limiters
- Refreshing the oil finish of parquet floors: applying oil and working it in
- Cleaning and disinfecting switches and controls
- Checking lighting / lamps
- Cleaning the balcony (including furniture)
- Final check
