

Not big. The world's fastest autoclave! But great.

MADE IN
GERMANY

Fast has never been this fast before: **SteriHero Speed+**

Speed through and through, quality all round: SteriHero Speed+ redefines the limits of speed in the podiatry, veterinary and beauty segment: because with record cycle times from 6.5 minutes (plus drying), you can sterilize your instruments and tools on 2 trays in a minimum of space.

Discover the advantages of the world's fastest autoclave:

Available end of
August 2024

from

6.5 min

Cycle time of a conventional practice autoclave: 40 min

82 % faster cycle times*

60 % less space required*

(Dimensions W x H x D: 30 x 30 x 59 cm)

50 % less weight*

- ★ Unique MELAG quality - made in Germany guarantees maximum reliability in everyday practice
- ★ The large **Smart-Touch Display** makes everything easier - from the program selection to the documentation via USB or network
- ★ **Ready. Set. Installed.** Location-independent plug & play installation thanks to stand-alone device concept
- ★ With the **freely programmable flexDRY drying system**, you can flexibly adapt the drying time to your workflow and load at intervals of 1 to 60 minutes

SteriHero

* Compared to a conventional practice autoclave.
