SteriHero Speed+

Take advantage of the exclusive SteriHero Speed+ bundle!

Speed through and through, quality all round: SteriHero Speed+ redefines the limits of speed in the podiatry, veterinary and beauty segment: because with record cycle times from 6.5 minutes (plus drying), you can sterilize your instruments and tools on 2 trays in a minimum of space.

Discover the advantages of the world's fastest autoclave:

- + Unique MELAG quality - made in Germany guarantees maximum reliability in everyday practice
- + Ready. Set. Installed. Location-independent plug & play installation thanks to stand-alone device concept
- + The large Smart-Touch Display makes everything easier - from the program selection to the documentation via USB or network
- + With the freely programmable flexDRY drying system, you can flexibly adapt the drying time to your workflow and load at intervals of 1 to 60 minutes

SteriHero Speed+ bundle:
1x Vacuclave 105, 2 x Tray flat or 1x Tray deep

Offer :
2,395 €

MELAcontrol Helix, Chamber Protect Set & Tray deep

Chamber Protect ensures thorough cleaning and long-term protection for autoclaves, MELAcontrol Helix simulates challenging sterilization conditions for hollow instruments, and MELAstore Tray Deep facilitates efficient instrument reprocessing and storage.

Vacuclave 550

Save now with the unparalleled Vacuclave 550 bundle!

Turn 2 into 1 - Compared to two alternative small autoclaves, Vacuclave® 550 ensures significantly more capacity with a 40 % smaller footprint. Discover our product highlights for the sterilization of the maximum number of instruments in the minimum amount of space in record time:

- ✓ **Impressive speed** Record operating times of just 12 minutes (excl. drying) and the highest quality of saturated steam – that’s what the Double Jacket Technology stands for. A MELAG patent since 2012.
- ✓ **Outstanding capacity** More space for instruments up to 46 cm long: Sterilize a load of up to 25 kg on 16 trays or up to 10 MELAstore® Boxes.
- ✓ **Intelligent drying** DRYtelligence® makes for perfect drying results whilst shortening the drying time by up to 80 %.
- ✓ **Uncompromising comfort** Definitely smarter! With the extra-large Smart-Touch Display, operation is as easy as using your smartphone.
- ✓ **Traceable documentation** Bye Bye sterilization logbooks! ProControl allows you to document the batch approval directly via the Smart-Touch Display without any extra software.

Vacuclave bundle:

1x Vacuclave 550, 1x loading slide, 1x Mount, 7x Tray (41 x 29 cm), 2x Tray (42 x 19 cm)

OFFER:
15,995 £

MELAdem 47

facilitates the production of large quantities of demineralised water for multiple MELAG autoclaves simultaneously, while guaranteeing an automatic water discharge.
