

Explore our national network

We support a thriving UK-wide ecosystem with capabilities across the research and translational pipelines, from basic biological research to the delivery of late-phase clinical trials.

Locations where we support research infrastructure as of March 2026.

- Institutes (4)
- Centres (7)
- Lung Cancer Centre of Excellence (1)
- Brain Tumour Centre of Excellence (2)
- Experimental Cancer Medicine Centres (ECMCs) Adult and Paediatric (10)
- Experimental Cancer Medicine Centres (ECMCs) Adult (7)
- Experimental Cancer Medicine Centres (ECMCs) Paediatric (2)
- Clinical Trials Units (7)
- Cancer Research Horizons Drug Discovery Sites (4)
- Formulation Unit (1)
- RadNet (7)
- International Alliance for Cancer Early Detection (ACED) (3)
- National Biomarker Centre (1)
- Senior Research Nurses (15)

London	
Barts Cancer Institute	King's Health Partners
○ ECMC	○ ECMC
○ Senior Research Nurses	The Francis Crick Institute
CRUK City of London Centre (KCL, UCL, Barts, the Crick)	○ Institute
○ Centre	Queen Mary University of London
● RadNet	● Clinical Trials Unit
CRUK Convergence Science Centre (ICR-Imperial)	University College London
○ Centre	● Lung Cancer Centre of Excellence (joint with Manchester)
Imperial College London	○ Brain Tumour Centre of Excellence (joint with Edinburgh)
○ ECMC	● ECMC
○ Senior Research Nurses	● Clinical Trials Unit
The Institute of Cancer Research (ICR)	○ ACED
○ Brain Tumour Centre of Excellence (joint with Cambridge)	○ Senior Research Nurses
● Clinical Trials Unit	
● ECMC	
● RadNet	

Together we are beating cancer
