

Shine Night Walk

Shine Night Walk 2026 London half marathon

Together we are beating cancer

Key

- If using what3words free app to find the exact starting point
- Mile marker
- Pit stop – toilets, first aid and refreshments
- National Rail

GPS devices

Please don't rely on mobile phones or GPS to track your distance, they can be inaccurate in built up areas.

Emergency number 07760 117 700

Please only use in the case of an emergency. Should you need general assistance, please seek help from marshals or a pit stop.

Personal safety guide

- Please print this map and carry it with you throughout the event.
- The route is signposted. There are marshals and cyclists along the route to guide you around the course.
- The roads are open to traffic. Please only use the designated crossing points and follow all instructions from the marshals.
- You must use public transport to get you back to the finish area or home if you decide not to complete your walk.
- **The normal rules of the highway code apply. You're responsible for your own safety when crossing roads.**
