

3rd NAEDI Research Conference Programme

Day 1 – Thursday 26th March 2015

Millennium Gloucester Hotel & Conference Centre, 4-18 Harrington Gardens, London, SW7 4LH

8:30	Registration and refreshments
10:00	Cancer Research UK Improving Outcomes Summit Harpal Kumar, CEO, Cancer Research UK <i>Improving Outcomes: the role of early diagnosis</i> Professor Michel Coleman, London School of Hygiene and Tropical Medicine <i>Cancer incidence, survival and mortality: concept and controversy</i> Dr Sarah Walters, London School of Hygiene and Tropical Medicine <i>Is England closing the international gap in cancer survival?</i> Professor Henrik Møller, King's College London <i>Association between use of the English urgent referral pathway for suspected cancer and mortality outcome in cancer patients: cohort study</i> Chair: Harpal Kumar, Cancer Research UK Panel members: • Professor Michel Coleman, LSHTM • Dr Sarah Walters, LSHTM • Professor Henrik Møller, KCL • Mr Sean Duffy, NHS England
12:30	Lunch and poster viewing
13:45	Sara Hiom, Cancer Research UK <i>Diagnosing Cancer Earlier: reviewing the evidence for improving cancer survival</i>
14:15	Insights from research and policy initiatives in different healthcare systems and settings Chair: Dr Yoryos Lyratzopoulos, University College London Professor Peter Vedsted, Aarhus University, Denmark <i>Good clinicians in supportive health care systems - the Danish three-legged strategy for cancer diagnosis</i> Dr Hardeep Singh, Baylor College of Medicine, USA <i>Research on missed opportunities in cancer diagnosis in the US: Defining, measuring and reducing</i> Chaired panel discussion
15:40	Refreshment break
16:10	Primary care and earlier diagnosis of cancer Chair: Professor Willie Hamilton, University of Exeter Dr Olga Kostopoulou, King's College London <i>The power of first diagnostic impressions and how to influence them</i> Professor Tom Marshall, University of Birmingham <i>Colorectal early diagnosis: A tale of technology, clinicians and pathways – CREDIBLE</i> Dr Trish Green, University of Hull <i>"He hides behind the screen": Patients' views on GPs' use of electronic decision support tools for cancer during consultation</i> Chaired panel discussion
17:30	Poster and networking session (nibbles and drinks)
19:30	Close of day 1

3rd NAEDI Research Conference Programme Day 2 – Friday 27th March 2015

8:00	Registration, refreshments and poster viewing
9:00	Research across the NAEDI pathway Chair: Professor David Weller, University of Edinburgh Dr Julie Walabyeki, University of Hull <i>Understanding of cancer symptoms and healthcare interactions among smokers</i> Dr Debra Howell, University of York <i>Referral routes and time to diagnosis in haematological malignancies: Population-based findings from the Haematological Malignancy Research Network</i> Professor Richard Neal, Bangor University <i>A feasibility randomised controlled trial looking at the effect on lung cancer diagnosis of giving a Chest X-Ray to smokers aged over 60 with new chest symptoms (ELCID)</i> Dr Cristina Renzi, University College London <i>A previous 'all-clear' following diagnostic investigation can influence appraisal and help-seeking for recurrent or new potential cancer symptoms</i> Dr Mark Rutherford, University of Leicester <i>How much of differences in cancer survival can be explained by variation in stage at diagnosis: An example from breast cancer and melanoma in the East of England</i> Chaired panel discussion
10:45	Refreshment break
11:10	Preventing emergency presentations Chair: Professor Una Macleod, University of Hull Dr Gary Abel, University of Cambridge <i>Cancer-specific variation in emergency presentation by sex, age and deprivation across 27 common and rarer cancers</i> Dr Tom Newsom-Davies, Chelsea & Westminster Hospital <i>Emergency Diagnosis of Lung Cancer: A European Problem</i> Claudia Oehler, National Cancer Intelligence Network <i>Major resections by route to diagnosis in England 2006-2010</i> Chaired panel discussion
12:25	Lunch and final poster viewing
13:40	Screening and reducing barriers to uptake Chair: Professor Jane Wardle, University College London Dr Christine Campbell, University of Edinburgh <i>The influence of a negative screening test result on response to symptoms among participants of the bowel screening programme</i> Dr Laura Marlow, University College London <i>Understanding cervical screening non-attendance among ethnic minority women</i> Dr Kate Brain, Cardiff University <i>Uptake and psychosocial outcomes of the UK lung cancer screening trial</i> Chaired panel discussion
15:00	Refreshment break
15:25	Perspectives from people affected by cancer John Marsh and Eileen Condon
15:40	Cancer Research UK early diagnosis funding opportunities Dr Anne Helme, Cancer Research UK
15:50	Poster prize giving Harpal Kumar, CEO, Cancer Research UK
16:05	Professor Greg Rubin, University of Durham <i>Key Note: New Skin for the Old Ceremony: time to revisit the cancer diagnosis paradigm?</i>
16:35	Harpal Kumar, CEO, Cancer Research UK Closing remarks
16:50	Conference close
