

Ovarian cancer

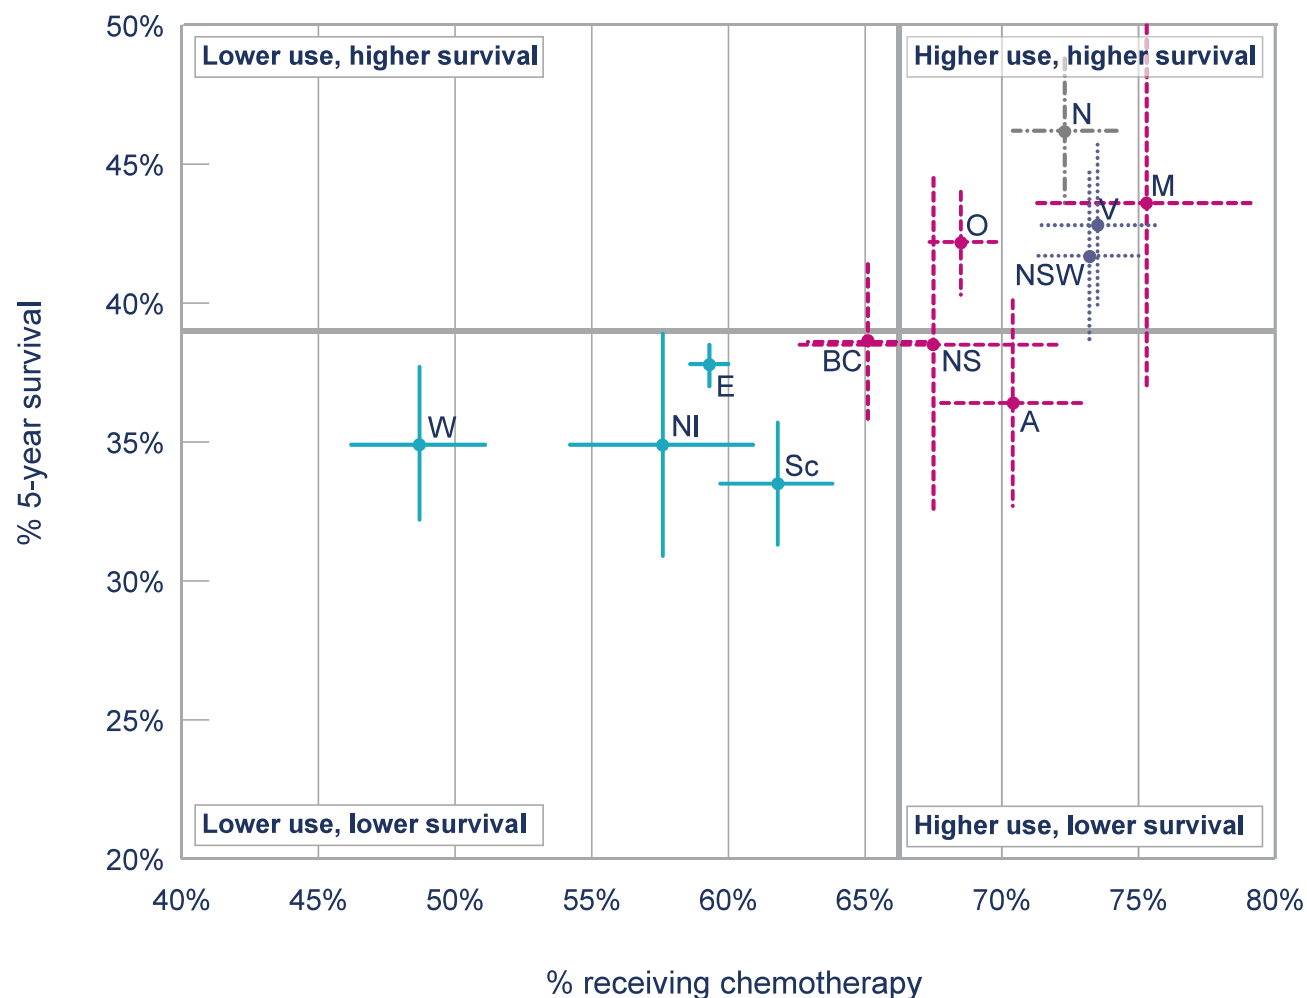

Chemotherapy use compared to 5-year survival: **all stages**

Chemotherapy use dates (2012-2017), and survival (2010-2014) differ.

Ovarian cancer

Chemotherapy use compared to 5-year survival: **all stages**

The quadrant lines are for illustrative purposes only.

The chemotherapy line is the overall pooled average in this study (2012–2017).

The survival line is a crude average across all jurisdictions in the ICBP Benchmark (2010–2014).
