

Venue Banner Templates

- Step one: Find the 'Venue banner template' on the [Marketing Materials](#) website.
- Step two: Choose between the size options '1000x3000 or '1500x4000'. Click and download your chosen PDF.
- Step three: Send your venue banner template artwork and the details of your Relay (event date and venue) through to your Studio contact.
- Step four: Proof the artwork.
- Step five: Send finished artwork to Kevin.Green@cancer.org.uk to approve.
- Step six: Send approved artwork back to Relayers or direct to printers.

Please note that any print is from committee budget and while we can add event names and dates, we are unable to change the overall template as it has been signed off through all brand, legal and marketing teams.
