Together we will beat cancer

Programme summary:

Cancer Screening: Current Challenges and Opportunities

Wednesday 3rd February, 14:00 – 16:15hrs

Chair:

Professor Peter Sasieni, Academic Director of King's Clinical Trials Unit and Professor of Cancer Prevention, King's College London

Speakers:

Dr Anita Lim, Senior Epidemiologist, King's College London

Charlotte Kelley Jones, PhD student, King's College London

Professor Kate Brain, Professor of Health Psychology, Screening, Prevention & Early Diagnosis Lead, Cardiff University

Dr Jo Waller, Reader in Cancer Behavioural Science, King's College London

Optimising Management of Suspected Cancer in Primary Care

Wednesday 24th February, 14:00 – 16:15hrs

Chair:

Professor Willie Hamilton CBE, Professor of Primary Care Diagnostics, University of Exeter

Speakers:

Dr Sarah Bailey, Senior Research Fellow, University of Exeter

Dr Gary Abel, Senior Lecturer, University of Exeter

Dr Georgia Black, Senior Research Associate, University College London

Dr Brian Nicholson, GP and Clinical Fellow in Primary Care, University of Oxford

Joining the Q & A:

Patrick McGuire, Cancer Research UK Patient Representative & Supporter

The Early Detection and Diagnosis Roadmap – Creating the Future

Wednesday 10th February, 14:00 – 16:15hrs

Chair:

Dr Jodie Moffat, Head of Strategic Evidence and Early Diagnosis Programme Lead, Cancer Research UK

Speakers:

Sir Harpal Kumar, President of GRAIL Europe

Professor Angus Watson, Consultant Colorectal Surgeon and National Clinical lead for SCOTCAP, NHS Highland

Brendan Faulds, Programme Director for Innovation, National Services Scotland

Anna Betzlbacher, Service Improvement Manager, Scottish Government

Dr Marilyn Lennon, Reader in Digital Health and Wellness and Lead on Qualitative Evaluation for SCOTCAP, Strathclyde University

Dr Saskia Sanderson, Chief Behavioural Scientist, Our Future Health

Ian Fannon, Director, Claremont

Professor Richard Neal, Professor of Primary Care Oncology, University of Leeds

Giles Tully, CEO, PinPoint Data Science Ltd

Professor Sean Duffy, Clinical Director and Alliance Lead at West Yorkshire and Harrogate Cancer Alliance

Joining the Q & A:

Dr David Crosby, Head of Prevention & Early Detection Research, Cancer Research

Improving Cancer Pathways – Showcasing Insight and Evidence from across the UK

Wednesday 3rd March,
14:00 – 16:15hrs

Chair:

Professor Tom Crosby OBE, Consultant Oncologist, National Cancer Clinical Director Wales, Clinical Lead Transforming Cancer Services, Velindre Cancer Centre

Speakers:

Dave Chapman, Health Services Innovation Research Manager (ACE), Cancer Research UK

Sabrina Kamayah, Senior Programme Manager & **Elizabeth Maclean**, Programme Manager, NHS England

Dr Katie Elliott, Primary Care Clinical Director, Northern Cancer Alliance & CRUK GP

Diane Primrose, Senior Programme Manager, Scottish Government

Closing talk: Early Diagnosis – Where next?

Professor Sir Mike Richards, Cancer Research UK Trustee

Early Diagnosis Research Virtual Series 2021

Together we will beat cancer

Session 1

Cancer screening: Current challenges and opportunities

Wednesday 3rd February 2021

Agenda

14:00	Welcome: Dr Jodie Moffat, Head of Strategic Evidence and Early Diagnosis Programme Lead Cancer Research UK Cancer Screening: Current Challenges and Opportunities Chair: Professor Peter Sasieni, Academic Director of King's Clinical Trials Unit and Professor of Cancer Prevention, King's College London Agents for change – Non-speculum approaches to cervical screening Dr Anita Lim, Senior Epidemiologist, King's College London 'Why would it change from 3 to 5?' – women's responses to planned changes to the NHS Cervical Screening Programme Dr Jo Waller, Cancer Prevention Group, King's College London
14:50	Break
15:00	Women's initial thoughts and feelings about risk-stratification within the NHS Breast Screening Programme. Charlotte Kelley Jones, PhD student, King's College London Barriers to cervical screening during COVID-19: Preliminary results from the Cancer Attitudes and Behaviour Study Professor Kate Brain, Professor of Health Psychology, Screening, Prevention & Early Diagnosis Lead, Cardiff University
15:40	Q&A with the session speakers, chaired by Professor Peter Sasieni Please note Dr Anita Lim will not be taking part in the Q&A as her presentation will be prerecorded.
16:15	Close

Early Diagnosis Research Virtual Series 2021

Together we will beat cancer

Session 2 The Early Detection and Diagnosis Roadmap – Creating the Future

Wednesday 10th February 2021

Agenda

14:00	The Early Detection and Diagnosis Roadmap – Creating the Future Chair: Dr Jodie Moffat , Head of Strategic Evidence and Early Diagnosis Programme Lead, Cancer Research UK Our Future Health: Involving the Public in Building the UK's Largest Health Research Programme Dr Saskia Sanderson , Chief Behavioural Scientist, Our Future Health Ian Fannon , Director, Claremont Grail's Galleri test – Where are we and where next? Sir Harpal Kumar , President of GRAIL Europe, GRAIL
14:45	Break
15:00	Scotcap: Scotland's Colon Capsule Endoscopy Service Professor Angus Watson , Consultant Colorectal Surgeon and National Clinical Lead for SCOTCAP, NHS Highland; Brendan Faulds , Programme Director for Innovation, National Services Scotland; Anna Betzlbacher , Service Improvement Manager, Scottish Government Dr Marilyn Lennon , Reader in Digital Health and Wellness and Lead on Qualitative Evaluation for SCOTCAP, Strathclyde University Diagnostic Innovation: Implementing AI Supported Cancer Detection Professor Richard Neal , Professor of Primary Care Oncology, University of Leeds Giles Tully , CEO, PinPoint Data Science Ltd Professor Sean Duffy , Clinical Director and Alliance Lead at West Yorkshire and Harrogate Cancer Alliance
15:40	Q&A with the session speakers, chaired by Dr Jodie Moffat Joining the Q & A – Dr David Crosby , Head of Prevention & Early Detection Research, Cancer Research UK
16:15	Chair closing

Early Diagnosis Research Virtual Series 2021

Together we will beat cancer

Session 3 Optimising the Management of Suspected Cancer in Primary Care

Wednesday 24th February 2021

Agenda

14:00	Optimising Management of Suspected Cancer in Primary Care Chair: Professor Willie Hamilton CBE, Professor of Primary Care Diagnostics, University of Exeter Using Faecal Immunochemical Tests to Triage Patients with Symptoms of Colorectal Cancer in Primary Care (and Beyond) Dr Sarah Bailey, Senior Research Fellow, University of Exeter Safety Netting: What's 'Safe' got to do with it? Dr Georgia Black, Senior Research Associate, University College London Video by Patrick McGuire, CRUK Patient Representative and Supporter, sharing his experience as a person affected by cancer
14:50	Break
15:00	Recording of Cancer Symptoms and Associated Urgent 2-Week-Wait Referrals During the First Wave of the COVID-19 Pandemic. Dr Brian D Nicholson, Academic Clinical Lecturer in Primary Care, University of Oxford An Examination of Referral Guideline Concordance in Primary Care and the Relationship with Diagnosis – How Might This Aid Quality Improvement? Dr Gary Abel, Senior Lecturer, University of Exeter
15:30	Q&A with the session speakers, chaired by Professor Willie Hamilton CBE Joined by Patrick McGuire, CRUK Patient Representative and Supporter
16:00	Chair closing Professor Willie Hamilton CBE

Together we will beat cancer

Session 4

Improving Cancer Pathways – Showcasing Evidence and Insight from across the UK

Wednesday 3rd March 2021

Agenda

14:00

Welcome

Dr Jodie Moffat, Head of Strategic Evidence and Early Diagnosis Programme Lead, Cancer Research UK

Improving Cancer Pathways: Showcasing Evidence and Insight from across the UK

Chair:

Professor Tom Crosby OBE, Consultant Clinical Oncologist, National Cancer Clinical Director for Wales, Clinical Lead Transforming Cancer Services, Velindre Cancer Centre

Describing Diagnostic Activity and Diagnostic Yield within the ACE Multidisciplinary Diagnostic Centre (MDC) Pilots

Dave Chapman, Health Services Innovation Research Manager (ACE), Cancer Research UK

Implementing Rapid Diagnostic Centre Pathways across England

Sabrina Kamayah, Senior Programme Manager & **Elizabeth Maclean**, Programme Manager, NHS England and NHS Improvement

14:40

Break

14:50

Establishing Scotland's Early Cancer Diagnostic Centres & Recovering the Lung Pathway

Diane Primrose, Senior Programme Manager, Scottish Government

Developing a Combined RDC Pathway for GI symptoms

Dr Katie Elliott, Primary Care Clinical Director, Northern Cancer Alliance & Cancer Research UK GP

15:20

Q&A with the session speakers, chaired by Professor Tom Crosby OBE

15:40

Early Diagnosis – Where next?

Professor Sir Mike Richards CBE closing

16:00

Q & A with Professor Sir Mike Richards CBE

16:10

Chair closing
