## Every pound you raise funds life-saving research

**£115**

could buy a Wright-Giemsa cell staining kit, which our scientists use to distinguish between different types of blood cells.

**£600**

could fund a research assistant for one week as they carry out vital experiments in the lab.

**£1,800**

could buy a 3D printer, which our scientists can use to invent new and bespoke equipment for their cancer-beating experiments.
