

Sponsorship form

Please sponsor my Shine Night Walk to help beat cancer. Every pound is a step towards a brighter future.

I want to raise:

£

If any of your sponsors would like to add Gift Aid to their donation, please encourage them to donate online, where they'll be given the option to include Gift Aid during the process.

Please use a blue or black pen and write in CAPITAL letters. All fields are mandatory. We kindly ask that you only return the sponsor form to us if you are paying by cheque.

REGULATOR**

Cancer Research UK is a registered charity in England and Wales (1089464), Scotland (SC041666), the Isle of Man (1103) and Jersey (247).

Every pound powers progress

What your money could buy

£200

could buy 600 Petri dishes, which our scientists use to grow and study cancer cells.

£700

could fund a research assistant for one week as they carry out vital experiments in the lab.

£1,300

could fund one day of Dr Steven Pollard's research into finding new ways to treat glioblastoma, a fast growing type of brain tumour.
